Abundance of photos maps illustrations and sketches      **The Mother of the Lord** Margaret Barker,2012-11-29 Margaret Barker traces the veneration of the Mother of the Lord back to the Old Testament and a female deity in the first Jewish temple      **Interpretation of Scripture, The** Fitzmyer, Joseph A., SJ,2008 This book seeks to establish the properly oriented use of the historical critical method as the mode of ascertaining the sense of the written Word of God      *For Us, but Not to Us* Adam E. Miglio,Caryn A. Reeder,Joshua T. Walton,Kenneth C. Way,2020-10-02 John H Walton is a significant voice in Old Testament studies who has influenced many scholars in this field as well as others This volume is an acknowledgment from his students of Walton s role as a teacher scholar and mentor Each essay is offered by scholars and former students working in a range of fields from Old and New Testament studies to archaeology and theology They are offered as a testimony and tribute to Walton s prolific career      *The Body as Property* Sandra Jacobs,2014-04-24 The Body As Property indicates that physical disfigurement functioned in biblical law to verify legal property acquisition when changes in the status of dependents were formalized It is based on the reality the cuneiform script in particular was developed in Sumer and Mesopotamia for the purpose of record keeping to provide legal proof of ownership where the inscription of a tablet evidenced the sale or transfer of property Legitimate property acquisition was as important in biblical law where physical disfigurements marked dependents in a similar way that the veil or the head covering identified a wife or concubine in ancient Assyrian and Judean societies This is primarily substantiated in the accounts of prescriptive disfigurements namely circumcision and the piercing of a slave s ear both of which were required only when a son or slave was acquired permanently It is further argued that legal entitlement was relevant also to the punitive disfigurements recorded in Exodus 21 22 24 and Deuteronomy 25 11 12 where the physical violation of women was of concern solely as an infringement of male property rights      **Ugarit at Seventy-Five** K. Lawson Younger,2007 In the spring of 1928 a Syrian farmer was plowing on the Mediterranean coast near a bay called Minet el Beida His plow ran into a stone just beneath the surface When he examined the obstruction he found a large man made flagstone that led into a tomb in which he found some valuable objects that he sold to a dealer Little did he know what he had discovered In April of 1929 C F A Schaeffer began excavation of the tombs but a month later he moved to the nearby tell of Ras Shamra On the afternoon of May 14 the first inscribed clay tablet came to light thus the beginnings of the study of Ugarit and the Ugaritic language Seventy five years have passed and the impact of this extraordinary discovery is still being felt Its impact on biblical studies perhaps has no equal In February 2005 some of the preeminent Ugaritologists of the present generation gathered at the Midwest Regional meetings of the American Oriental Society to commemorate these 75 years by reading the papers that are now published in this volume The first five essays deal with the Ugaritic texts while the last three deal with archaeological or historical issues      **King Manasseh and Child Sacrifice** Francesca Stavrakopoulou,2012-10-24 The Hebrew Bible portrays King Manasseh and child sacrifice as the most reprehensible person and the most objectionable practice within the story of Israel This monograph suggests that

historically neither were as deviant as the Hebrew Bible appears to insist Through careful historical reconstruction it is argued that Manasseh was one of Judah's most successful monarchs and child sacrifice played a central role in ancient Judahite religious practice The biblical writers motivated by ideological concerns have thus deliberately distorted the truth about Manasseh and child sacrifice

**Theorizing Scriptures** Vincent Wimbush, 2008-01-04 Historically religious scriptures are defined as holy texts that are considered to be beyond the abilities of the layperson to interpret Their content is most frequently analyzed by clerics who do not question the underlying political or social implications of the text but use the writing to convey messages to their congregations about how to live a holy existence In Western society moreover what counts as scripture is generally confined to the Judeo Christian Bible leaving the voices of minorities as well as the holy texts of faiths from Africa and Asia for example unheard In this innovative collection of essays that aims to turn the traditional bible study definition of scriptures on its head Vincent L Wimbush leads an in depth look at the social cultural and racial meanings invested in these texts Contributors hail from a wide array of academic fields and geographic locations and include such noted academics as Susan Harding Elisabeth Sh ssler Fiorenza and William L Andrews Purposefully transgressing disciplinary boundaries this ambitious book opens the door to different interpretations and critical orientations and in doing so allows an ultimately humanist definition of scriptures to emerge

**Layout Markers in Biblical Manuscripts and Ugaritic Tablets** M.C.A. Korpel, Joseph Oesch, 2021-12-28 Series Pericope 5 Scripture as written and read in antiquity A lucid delimitation of textual units appears to have been a serious concern of ancient scribes In this fifth volume of the Pericope series this is demonstrated in the papers read at the Fourth Pericope Meeting held in connection with the SBL International Meeting at Cambridge 2003 For the first time articles on text division in New Testament manuscripts are included one on the pericope markers in some relatively early manuscripts especially papyri as well as in the four major codices and another article on Codex Boernerianus and papyrus 46 of the letters of Paul Other topics discussed are the setumot and petuchot in Numbers and Amos and the special phrases preceding or following them Is it possible to get more insight in the way the ancient scribes put in the spaces and blank lines in their manuscripts Furthermore the divisions made by Jerome in his commentary on the Book of Isaiah are investigated and the question about the frame story of the Book of Job is it prose or poetry The structural unity of Micah 6 is discussed resulting in some challenging proposals to resolve old exegetical problems The structure of Zechariah 4 is illuminated by data from ancient manuscripts and compared to modern divisions of the chapter Finally a study on physical division markers in ritual texts from Ugarit Babylonia and Israel reveals a long standing tradition of fixed liturgical sequences in the cult The Pericope series aims at making available data on unit

delimitation found in biblical and related manuscripts to the scholarly world and provides a platform for evaluating this hitherto largely neglected evidence for the benefit of biblical interpretation

Structural Markers in New Testament Manuscripts with Special Attention to Observations in Codex Boernerianus G 012 and Papyrus 46 of the Letters of Paul M van Amerongen The Structure of Zechariah 4 A Comparison Between the Divisions in the Masoretic Text Ancient Translations and Modern Commentaries Abbreviations Index of Authors Index of Texts Textiles and Gender in Antiquity Mary Harlow, Cecile Michel, Louise Quillien, 2020-11-12 This volume looks at how the issues of textiles and gender intertwine across three millennia in antiquity and examines continuities and differences across time and space with surprising resonances for the modern world The interplay of gender identity textile production and use is notable on many levels from the question of who was involved in the transformation of raw materials into fabric at one end to the wearing of garments and the construction of identity at the other Textile production has often been considered to follow a linear trajectory from a domestic female activity to a more commercial or industrial male centred mode of production In reality many modes of production co existed and the making of textiles is not so easily grafted onto the labour of one sex or the other Similarly textiles once transformed into garments are often of unisex shape but worn to express the gender of the wearer As shown by the detailed textual source material and the rich illustrations in this volume dress and gender are intimately linked in the visual and written records of antiquity The contributors show how it is common practice in both art and literature not only to use particular garments to characterize one sex or the other but also to undermine characterizations by suggesting that they display features usually associated with the opposite gender The Spirit of the Lord Came Upon Me' Lester L. Grabbe, 2024-01-11 Lester Grabbe here distills his wide body of work on the subject of prophecy The volume considers prophecy in different cultural contexts across ancient Israel and surrounding areas Beginning with a consideration of prophecy in the Hebrew Bible Grabbe then looks at it as phenomenon in the ancient near east including Mesopotamia Egypt and the Levant From this background in the immediate context of ancient Israel Grabbe then widens the cultural lens to consider prophecy in more global environments including Africa and the Americas and recent examples of pseudo biblical prophets such as Joseph Smith In the final part of the book Grabbe then analyses these different prophetic types and forms looking at the continuing traditions of prophecy alongside their ancient roots **Revelation of Jesus Christ** Margaret Barker, 2000-05-01 A new and transforming approach to the Book of Revelation Margaret Barker

bases her study on a fresh reading of the primary sources As an Old Testament scholar she can read Revelation as Hebrew prophecy ancient temple oracles which inspired Jesus and his own prophecies and influenced the whole Jerusalem Church Jerusalem was waiting for their Great High Priest to return and complete the Atonement at the end of the Tenth Jubilee This expectation fuelled the revolt against Rome Josephus who deserted to Rome was the false prophet John who escaped to Patmos compiled Revelation as a record of the first generation In the future he taught the Lord would return to his people in the Eucharist This work illuminates the formative years of Christianity in the social religious and political situation of mid first century Palestine in a quite remarkable way It will have profound implications for the understanding of Christian origins and the development of Christian liturgy
