Postcolonial Criticism and Representations of African Dictatorship Cecile Bishop, 2017-07-05

The figure of the dictator looms large in representations of postcolonial Africa Since the late 1970s writers film makers and theorists have sought to represent the realities of dictatorship without endorsing the colonialist clichés portraying Africans as incapable of self government Against the heavily politicized responses provoked by this dilemma Bishop argues for a form of criticism that places the complexity of the reader's or spectator's experiences at the heart of its investigations Ranging across literature film and political theory this study calls for a reengagement with notions often seen as unwelcome diversions from political questions such as referentiality genre and aesthetics But rather than pit political approaches against formal and aesthetic procedures the author presents new insights into the interplay of the political and the aesthetic Cecile Bishop is a Junior Research Fellow in French at Somerville College Oxford

uncannily related narrative modes and thematic emphases Part two is a comparative literature case study which discusses two authors whose work is both highly representative of the cultural formations discussed in the first part Milan Kundera and Salman Rushdie and at the same time highly controversial The chapters dedicated to Kundera's and Rushdie's work examine the cultural geography of their novels particularly in the writers use of memory and story telling to reconfigure history and personal identity in conditions of literal and metaphorical displacement While their novels thrive on ironic subversion and ambiguity they simultaneously gesture towards a redemptive space of the imagination transcending the constraints of both locality and history

Heaney, 2019-05-08 Hate is unveiled on our streets Politics is polarized and the cohesion of communities is under stress and threat Religious and theological leaders appear compromised or paralyzed Robert S Heaney grew up in a Northern Ireland where enmity paraded itself and policed the boundaries between segregated identities and aspirations Such conflict with deep historic roots is inextricably linked to religion and colonization The theologizing of colonialism and the ongoing implications of colonialism cannot be ignored by those who wish to understand the most intractable of human conflicts Religious adherents and scholars are increasingly seeking to understand colonialism and decolonization in theological terms The field of post colonial studies across a range of contexts and in a complex network of inter disciplinary analyses has emerged as a major scholarly movement seeking to provide resources for such a task Theologians have increasingly seen the field as a resource and have made their own contributions to its development However depending as it does on a series of theoretical and technical commitments post colonialism remains inaccessible to the uninitiated Beginning with his own particular context of formation in this book Heaney provides an accessible introduction to post colonial theology

Postcolonial Custodianship Filippo Menozzi, 2014-02-05 This book engages with current developments in postcolonial research exploring notions of cultural transmission tradition and modernity authenticity cross cultural aesthetics and postcolonial ethics The author considers the ethical responsibility of the postcolonial intellectual enhancing our understanding of this topic through the concept of custodianship which may be defined as a responsibility towards the other in forms of cultural and literary inheritance The author introduces custodianship as a central theme and a vital question for the committed intellectual today proposing original interpretations of major postcolonial texts by key figures including Anita Desai Gayatri Chakravorty Spivak Mahasweta Devi and Arundhati Roy Through close reading and historical analysis Postcolonial Custodianship reveals that a practice of custodianship has always been an essential element of these writers ethical engagement yet in a way that has never been explored The author contends that the question of custodianship should not be seen as a merely negative designation it is by redefining the very meaning of custodianship that the ethical dimension of postcolonialism can be rediscovered
