**Men's Work in Preventing Violence Against Women** Christie Cozad Neuger, James Newton Poling, 2014-02-25 Promote effective partnerships between men and women to end domestic violence Men s Work in

Preventing Violence Against Women examines the experiences of 12 practicing counselors who call on their religious training to form partnerships between men and women that promote an end to domestic violence. In both religious and secular settings, the bulk of the work done to end violence against women is done by women survivors who have become activists and advocates who have been touched by the witness of survivors. Motivating and educating men to share the everyday work of domestic violence shelters, rape crisis counseling, and abuse prevention is essential. This book challenges traditional images of masculinity, exploring effective and ineffective methods of helping men face their own sexism and change their behavior toward the goal of ending domestic violence. Each contributor to *Men's Work in Preventing Violence Against Women* approached the concept of man/woman partnerships working to end domestic violence and sexual assault with the following questions in mind: In your experience and social world, have you seen creative partnerships between men and women that made a difference? Have you seen men in counseling struggle to change their views on gender in order to become reliable allies in the fight to end violence against women? How can religion become a resource for men working to become allies with women? What strategies can men use to help end violence against women? *Men's Work in Preventing Violence Against Women* includes contributions from Paul Kivel, cofounder of the Oakland Men's Project and of Gvarim Bay Area Jewish Men Against Violence; David Livingston, author of *Healing Violent Men: A Model for Christian Communities*; Al Miles, author of *Domestic Violence: What Every Pastor Should Know*; and Richard Wallace Jr., editor of the *Journal of Ministry in Addiction Recovery* (Haworth). Each essay presents practical and theoretical ideas, guidelines for partnerships, and insightful information on sexual and domestic violence. Topics addressed include Jewish male violence, holding Christian men accountable for domestic violence, shared experiences of batterers and the people who treat them, premarital preparation, the dynamics of power in pastoral care, engaging Scripture with male abusers, helping men become pro-feminist. *Men's Work in Preventing Violence Against Women* is an essential resource for counselors, social workers, clergy, laypersons, and anyone else working to end domestic violence and sexual abuse against women.

Forgiveness And Abuse: Jewish And Christian Reflections Marie Fortune, Joretta Marshall, 2013-02-01 Explore what forgiveness means in the context of sexual and domestic abuse. Using research, studies, stories, and prayer, *Forgiveness and Abuse: Jewish and Christian Reflections* focuses on the views and opinions of these two prominent religions as well as shares the wisdom of their traditional teachings. Forgiveness is an essential concept for many survivors of abuse as well as

the perpetrators Some believe that urging victims to simply forgive and forget in the face of such harsh realities may not be practical and could actually endanger the healing process Forgiveness and Abuse studies several aspects of the spiritual influence in forgiving and vindicating abusive crimes including traditional views of forgiveness and repentance using excerpts from Jewish law a clinical study examining the relationship between forgiveness and mental health as well as comparing Christian and Jewish responses to a questionnaire regarding forgiveness abuse of children and adults by members of the clergy the roles of the victims the abuser and the church the differences between forgiveness and reconciliation and whether they are both necessary so much more Several of the historical practices of Christianity and Judaism regarding abuse its public acknowledgment and its forgiveness have been harshly criticized Forgiveness and Abuse offers you new insight on the spiritual connections between religion abuse and forgiveness and brings you hope as religious leaders unite to better themselves and others With the events of recent years weighing on society's shoulders this collection is profoundly significant for clergy counselors therapists and survivors as well as the perpetrators themselves **Engaging the Bible**

West, 2019-01-22 How activists in Ghana South Africa and Brazil provide inspiration and strategies for combating the gender violence epidemic in the United States How can the U S learn from the perspectives of anti gender violence activists in South America and Africa as we seek to end intimate violence in this country The U S has consistently positioned itself as a moral exemplar seeking to export its philosophy and values to other societies Yet in this book Traci C West argues that the U S has much to learn from other countries when it comes to addressing gender based violence West traveled to Ghana South Africa and Brazil to interview activists involved in the struggle against gender violence In each of these places as in the United States Christianity and anti black racism have been implicated in violence against women In Ghana and Brazil in particular their Christian colonial and trans Atlantic slave trade histories directly connect with the socioeconomic development of the Americas and historic incidents of rape of black slave women With a transnational focus on religion and racism West brings a new perspective to efforts to systemically combat gender violence Calling attention to forms of violence in the U S and international settings such as marital rape sex trafficking of women and girls domestic violence and the targeting of lesbians the book offers an expansive and nuanced view of how to form activist solidarity in tackling this violence It features bold and inspiring approaches by black women leaders

working in each setting to uproot the myriad forms of violence against women and girls Ultimately West calls for us to learn from the lessons of Africana activists drawing on a defiant Africana spirituality as an invaluable resource in the quest to combat the seemingly chronic problem of gender based violence If God Still Breathes, Why Can't I? Angela N. Parker, 2021-09-14 A challenge to the doctrine of biblical inerrancy that calls into question how Christians are taught more about the way of Whiteness than the way of Jesus Angela Parker wasn't just trained to be a biblical scholar she was trained to be a White male biblical scholar She is neither White nor male Dr Parker's experience of being taught to forsake her embodied identity in order to contort herself into the stifling construct of Whiteness is common among American Christians regardless of their race ethnicity gender or sexual orientation This book calls the power structure behind this experience what it is White supremacist authoritarianism Drawing from her perspective as a Womanist New Testament scholar Dr Parker describes how she learned to deconstruct one of White Christianity's most pernicious lies the conflation of biblical authority with the doctrines of inerrancy and infallibility As Dr Parker shows these doctrines are less about the text of the Bible itself and more about the arbiters of its interpretation historically White males in positions of power who have used Scripture to justify control over marginalized groups This oppressive use of the Bible has been suffocating To learn to breathe again Dr Parker says we must let God breathe in us We must read the Bible as authoritative but not authoritarian We must become conscious of the particularity of our identities as we also become conscious of the particular identities of the biblical authors from whom we draw inspiration And we must trust and remember that as long as God still breathes we can too

**Girl of New Zealand** Michelle Erai, 2020-05-19 Girl of New Zealand presents a nuanced insight into the way violence and colonial attitudes shaped the representation of M ori women and girls Michelle Erai examines more than thirty images of M ori women alongside the records of early missionaries and settlers in Aotearoa as well as comments by archivists and librarians to shed light on how race gender and sexuality have been ascribed to particular bodies Viewed through M ori feminist queer and film theories Erai shows how images such as Girl of New Zealand 1793 and later images cartoons and travel advertising created and deployed a colonial optic Girl of New Zealand reveals how the phantasm of the M ori woman has shown up in historical images how such images shape our imagination and how impossible it has become to maintain the delusion of the innocent eye Erai argues that the process of ascribing race gender sexuality and class to imagined bodies can itself be a kind of violence In the wake of the Me Too movement and other feminist projects Erai's timely analysis speaks to the historical foundations of negative attitudes toward Indigenous M ori women in the eyes of colonial others outsiders from elsewhere who reflected their own desires and fears in their representations of the Indigenous inhabitants of Aotearoa New Zealand Erai resurrects M ori women from objectification and locates them firmly within M ori wh nau and communities

*Identity/Difference Politics* Rita Dhamoon, 2010-01-01 Theories of liberal multiculturalism have come to dominate debates about identity and difference politics in recent contemporary western political theory This book offers a nuanced critique of

these debates by questioning liberal multiculturalism's preoccupation with culture and just as important its unintended consequences Identity Difference Politics switches the focus from culture to power Issues of power are examined through accounts of meaning making those processes through which meanings of difference are produced organized and regulated Other forms of identity difference such as whiteness ableism gender and heteronormativity establish the analytic and normative value of Dhamoon's alternative theoretical framework and reveal that an exclusive preoccupation with culture can dissolve into essentialism which too often provides a rationale for state regulation of groups deemed to be too different Students of contemporary political theory multiculturalism identity politics Canadian politics and culture disability studies critical race theory and feminist and gender theory will find it an invaluable resource [Native Women's History in Eastern North America Before 1900](#) Rebecca Kugel, Lucy Eldersveld Murphy, 2007-01-01 How can we learn more about Native women's lives in North America in earlier centuries This question is answered by this landmark anthology an essential guide to the significance experiences and histories of Native women Sixteen classic essays plus new commentary many by the original authors describe a broad range of research methods and sources offering insight into the lives of Native American women The authors explain the use of letters and diaries memoirs and autobiographies newspaper accounts and ethnographies census data and legal documents This collection offers guidelines for extracting valuable information from such diverse sources and assessing the significance of such variables as religious affiliation changes in women's power after colonization connections between economics and gender and representations and misrepresentations of Native women Indispensable to anyone interested in exploring the role of gender in Native American history or in emphasizing Native women's experiences within the context of women's history this anthology helps restore the historical reality of Native women and is essential to an understanding of North American history
