

# Ode to a Lost Pet

We do not mourn the messes you made  
Or miss all the work we had to do  
To make sure you did not get lost when we played  
Or train you about where to poo.

We miss your soft eyes,  
And the kindness they held.  
And to our surprise,  
We miss your smell as well.

We miss each little thing we remember,  
Each thing we loved about you.  
You were, after all, a family member,  
So, I guess, yes, we even miss the poo.

Kolencik, Carianne Bernadowski, 2007-05-31 Help children learn coping skills through literature This book answers the often repeated question Is there a children s book I can read in my classroom to give children insight into significant life events Literature ideas and activities help students cope with real life situations such as bullying that interfere with school This book will assist educators in guiding and nurturing children s special issues and concerns with outstanding ready to go reading and writing lessons This professional resource for K 6 educators and parents uses literature with identifiable characters to help children who are facing challenges in their lives Like bullying peer acceptance peer pressure and being different as well as family situations such as death divorce adoption and sibling rivalry      *Remembering My Pet* Nechama Liss-Levinson, Molly Phinney Baskette, 2007 Honest caring words and hands on activities to help kids accept and grow through the loss of a beloved pet Why did this happen How do I feel What can I do What happens next The death of a pet is often a child s first encounter with grief How your child learns to cope through this experience may affect his or her attitude into adulthood Drawing on concepts from psychology and a broad multifaith perspective this supportive workbook provides a sensitive and practical resource that will help children ages 7 to 13 cope with the death of a beloved animal Children can write draw read create and express feelings via concrete hands on activities including Becoming a Memory Detective to piece together clues to remember their pet Planning a memorial service and making a pet memorial Recording photo memories of their pet Honoring their pet s memory by giving to others Open and gentle this book will help your child and you as the parent understand difficult concepts and communicate deep feelings as your child grows through this personal season of mourning      Pet Loss and Children Cheri Barton Ross, 2013-05-13 Explaining the concept of death to a child is a very difficult confusing and uncomfortable experience for a parent educator or therapist and it is a topic that is often first introduced by the loss of a pet sometimes a child s earliest exposure to loss and grief There is an undeniably special bond that develops between people and their pets especially between animals and young children and while the death of a pet can be devastating to an adult children are often deeply affected by such a loss Without readily available outlets for their feelings the trauma of pet loss can remain with a child for life and without help many adults feel inadequate and not up to the task The aim of this book is to provide therapists counselors educators parents social workers veterinarians and physicians with resources to help children cope with the loss of a pet      Mourning Animals Margo DeMello, 2016-08-01 We live more intimately with nonhuman animals than ever before in history The change in the way we cohabitate with animals can be seen in the way we treat them when they die There is an almost infinite variety of ways to help us cope with the loss of our nonhuman friends from burial cremation and taxidermy to wearing or displaying the remains ashes fur or other parts of our

deceased animals in jewelry tattoos or other artwork to counselors who specialize in helping people mourn pets to classes for veterinarians to tips to help the surviving animals who are grieving their animal friends to pet psychics and memorial websites But the reality is that these practices and related beliefs about animal souls or animal afterlife generally only extend with very few exceptions to certain kinds of animals pets Most animals in most cultures are not mourned and the question of an animal afterlife is not contemplated at all Mourning Animals investigates how we mourn animal deaths which animals are grievable and what the implications are for all animals
