Robert Frost A Collection Of Critical Essays:

Robert Frost James Melville Cox, 1962 Eleven critical essays that explore various facets of Robert Frost's poetry

Robert Frost Robert Frost, 1962 *Robert Frost* John Ernst Freund, 1962 *Robert Frost A Collection of Critical Essays* R. Frost, James M. Cox, 1957 **Robert Frost. A Collection of Critical Essays. [By Various Authors.] Edited by J.M. Cox** James Melville COX, Robert Frost, 1962 **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains **American Studies** **Robert Frost** Harold Bloom, 2003 A collection of critical essays discuss the works of the American poet **The Cambridge Companion to Robert Frost** Robert Faggen, 2001-06-14 This collection of specially commissioned essays by experts in the field explores key dimensions of Robert Frost's poetry and life Frost remains one of the most memorable and beguiling of modern poets Writing in the tradition of Virgil Milton and Wordsworth he transformed pastoral and georgic poetry both in subject matter and form Mastering the rhythms of ordinary speech Frost made country life the point from which to view the world and the complexities of human psychology The essays in this volume enable readers to explore Frost's art and thought from the controversies of his biography to his subtle reinvention of poetic and metric traditions and the conflicts in his thought about politics gender science and religion This volume will bring fresh perspectives to the lyric narrative and dramatic poetry of an American master and its chronology and guide to further reading will prove valuable to scholars and students alike

Robert Frost and the Politics of Poetry Tyler Hoffman, 2001 A powerful and persuasive new reading of Frost as a poet deeply engaged with both the literary and public politics of his day *Robert Frost and Feminine Literary Tradition* Karen L. Kilcup, 1998 Uncovers heretofore overlooked influences and connections in the evolution of Frost's poetry *Robert Frost's Visionary Gift* William F. Zak, 2022-01-26 In *Robert Frost's Visionary Gift Mining and Minding the Wonder of Unexpected Supply* William F Zak provides groundbreaking analysis of well over one hundred of Frost's lyrics considering each poem as an interrelated portion of the poet's overarching constellation of intention Beyond biography this book offers extended close readings of Frost's oeuvre building its case incrementally from deftly examined particulars Zak discusses how the pastoral mode Frost adopts is no depleted homespun idiom retreating from modernism's complexities but a self-conscious determination to assume the prophetic mantle from his predecessors Shakespeare Milton Wordsworth Emerson and Thoreau Frost's version of pastoral represents no escape from life's stresses but the most constructive and life sustaining means to address life's struggles head on in both sense of that last phrase This book makes a case for Frost as America's preeminent philosophical poet The unfortunate effect of Frost's early detractors claim that he was merely an ironic and equivocal

anecdotalist has for too long relegated his work to the second tier of the modernist poetic pantheon This study by contrast supports Robert Graves claim for Frost as the first American poet who could be honestly reckoned a master poet by world standards

Bloom's how to Write about Robert Frost Michael Robert Little,2010 Known for his poetic transformation of New England and nature Robert Frost has retained his position through the years as one of the essential American poets of the 20th century His classic works including The Road Not Taken Stopping by Woods on a Snowy Evening and The Death of the Hired Man are explored in this volume and will lead students and readers to a more nuanced understanding of the work of this verse master Suggestions for writing an effective paper about Frost will encourage students critical thinking skills

Critical Essays on Robert Frost Philip L. Gerber,1982

Toward Robert Frost Judith Oster,1994-02-01 Every poem Robert Frost declared is an epitome of the great predicament a figure of the will braving alien entanglements This study considers what Frost meant by those entanglements how he braved them in his poetry and how he invited his readers to do the same In the process it contributes significantly to a new critical awareness of Frost as a complex artist who anticipated postmodernism a poet who invoked literary traditions and conventions frequently to set himself in tension with them Using the insights of reader response theory Judith Oster explains how Frost appeals to readers with his apparent accessibility and then because of the openness of his poetry s possibilities engages them in the process of constructing meaning Frost s poems she demonstrates teach the reader how they should be read at the same time they resist closure and definitive reading The reader s acts of encountering and constructing the poems parallel Frost s own encounters and acts of construction Commenting at length on a number of individual poems Oster ranges in her discussion from the ways in which the poet dramatizes the inadequacy of the self alone to the manner in which he reads the Book of Genesis or the writing of Emerson Oster illuminates finally the central conflict in Frost his need to be read well against his fear of being read his need to share his creation against his fear of its appropriation by others

New Makers of Modern Culture Justin Wintle,2016-04-22 New Makers of Modern Culture is the successor to the classic reference works Makers of Modern Culture and Makers of Nineteenth Century Culture published by Routledge in the early 1980s The set was extremely successful and continues to be used to this day due to the high quality of the writing the distinguished

contributors and the cultural sensitivity shown in the selection of those individuals included New Makers of Modern Culture takes into full account the rise and fall of reputation and influence over the last twenty five years and the epochal changes that have occurred the demise of Marxism and the collapse of the Soviet Union the rise and fall of postmodernism the eruption of Islamic fundamentalism the triumph of the Internet Containing over eight hundred essay style entries and covering the period from 1850 to the present New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley next to John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping runs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin Once again Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer Bernard Crick Edward Seidensticker and Paul Preston In a few cases for example Michael Holroyd and Philip Larkin contributors are themselves the subject of entries With its global reach New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing There is an index of names and key terms The Concise New Makers of Modern Culture Justin Wintle,2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms A Companion to Twentieth-Century Poetry Neil Roberts,2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness

and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century Research in Education ,1974 **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States
