Reading Duncan Reading Stephen Collis, Graham Lyons, 2012-12-01 In Reading Duncan Reading thirteen scholars and poets examine first what and how the American poet Robert Duncan read and perforce what and how he wrote Harold Bloom wrote of the searing anxiety of influence writers experience as they grapple with the burden of being original but for Duncan this was another matter altogether Indeed according to Stephen Collis No other poet has so openly expressed his admiration for and gratitude toward his predecessors Part one emphasizes Duncan s acts of reading tracing a variety of his derivations including Sarah Ehlers s demonstration of how Milton shaped Duncan s early poetic aspirations Siobh n Scarry s unveiling of the many sources including translation and correspondence drawn into a single Duncan poem and Cl ment Oudart s exploration of Duncan s use of foreign words to fashion a language to which no one is native In part two the volume turns to examinations of poets who can be seen to in some way derive from Duncan and so in turn reveals another angle of Duncan s derivative poetics J P Craig traces Nathaniel MacKey s use of Duncan s would be shaman Catherine Martin sees Duncan s influence in Susan Howe s development of a poetics where the twin concepts of trespass and permission hold comparable sway and Ross Hair explores poet Ronald Johnson s reading to steal These and other essays collected here trace paths of poetic affiliation and affinity and hold them up as provocative possibilities in Duncan s own inexhaustible work
