Robert Murray ,1983 **Robert Murray, Sculpture and Working Models : June 24-Aug. 7, 1983** Greg Bellerby, Art Gallery of Greater Victoria, Robert Murray, 1983 Canada and the End of Empire Phillip Alfred Buckner, 2005

Sir John Seeley once wrote that the British Empire was acquired in a fit of absence of mind. Whatever the truth of this comment, it is certainly arguable that the Empire was dismantled in such a fit. This collection deals with a neglected subject in post Confederation Canadian history: the implications to Canada and Canadians of British decolonization and the end of empire. *Canada and the End of Empire* looks at Canadian diplomatic relations with the United Kingdom and the United States, the Suez crisis, the changing economic relationship with Great Britain in the 1950s and 1960s, the role of educational and cultural institutions in maintaining the British connection, the royal tour of 1959, the decision to adopt a new flag in 1964, the efforts to find a formula for repatriating the constitution, the Canadianization of the Royal Canadian Navy, and the attitude of First Nations to the changed nature of the Anglo-Canadian relationship. Historians in Commonwealth countries tend to view the end of British rule from a nationalist perspective. *Canada and the End of Empire* challenges this view and demonstrates the centrality of imperial history in Canadian historiography. An important addition to the growing canon of empire studies and imperial history, this book will be of interest to historians of the Commonwealth and to scholars and students interested in the relationship between colonialism and nationalism. *The Working Models* ,2017 *Who's Who in American Art* Marquis Who's Who, 2006-11 *Contemporary Artists: L-Z* Sara Pendergast, Tom Pendergast, 2002. Arranged alphabetically from Magdalena Abakanowicz to Tadaaki Kuwayama, this volume provides a biography of the artist, a selected list of exhibitions, a list of public collections that include work by the artist, and more. Biografisch woordenboek waarin een overzicht wordt gegeven van kunstenaars uit de Verenigde Staten van Amerika, Canada en Mexico. *Who's Who in American Art, 2001-2002* Marquis Who's Who, 2001 **Working Aesthetics** Danielle Child, 2019-01-10. *Working Aesthetics* is about the relationship between art and work under contemporary capitalism. Whilst labour used to be regarded as an unattractive subject for art, the proximity of work to everyday life has subsequently narrowed the gap between work and art. The artist is no longer considered apart from the economic but is heralded as an example of how to work in neoliberal management textbooks. As work and life become obscured within the contemporary period, this book asks how artistic practice is affected, including those who labour for artists. Through a series of case studies, *Working Aesthetics* critically examines the moments in which labour and art intersect under capitalism. When did labour disappear from art production or accounts of art history? Can we consider the dematerialization of art in the 1960s in relation to the deskilling of work? And how has neoliberal management theory, adopting the artist as model worker, affected artistic

practices in the 21st century With the narrowing of work and art visible in galleries and art discourse today Working Aesthetics takes a step back to ask why labour has become a valid subject for contemporary art and explores what this means for aesthetic culture today *Canadiana* ,1985 **Lalit Kalā Contemporary** ,1966 Lalit Kala Contemporary ,
