Lorca Plays Three:

Three Plays Federico García Lorca, Michael Dewell, Carmen Zapata, 1992 This is a translation of Lorca's trilogy and includes the plays Blood Wedding, Yerma and The House of Bernarda Alba

Three Plays Federico García Lorca, Michael Dewell, Carmen Zapata, 1993-09 Newly repackaged three plays by Federico García Lorca In these three plays Federico García Lorca's acknowledged masterpieces he searched for a contemporary mode of tragedy and reminded his audience that dramatic poetry or poetic drama depends less on formal convention than on an elemental radical outlook on human life His images are beautiful and exact but until now no translator had ever been able to make his characters speak unaffectedly on the American stage Michael Dewell of the National Repertory Theatre and Carmen Zapata of the Bilingual Foundation of the Arts have created these versions expressly for the stage The results both performable and readable have been thoroughly revised for this edition which has an introduction by Christopher Maurer the general editor of the Complete Poetical Works of García Lorca

Lorca: Three Plays Federico García Lorca, 2017 Three of Lorca's most famous plays in a single volume translated from the Spanish and introduced by Jo Clifford

Lorca's Experimental Theater Andrew A. Anderson, 2024-11-25 Critical and historical discussions of the life and work of Federico García Lorca Spain's foremost poet and playwright of the twentieth century often obscure the author's more avant garde dramatic works In Lorca's Experimental Theater Andrew A. Anderson focuses on four of Lorca's most challenging plays Amor de don Perlimplín con Belisa en su jardín El público As que pasen cinco años and El suegro de la vida previously known as Comedia sin título and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca's plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde Lorca's Experimental Theater provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca's creation of these expressive innovative works

[New Theatre Quarterly 59: Volume 15, Part 3](#) Clive Barker, Simon Trussler, 1999-11-25 One of a series discussing topics of interest in theatre studies from theoretical methodological philosophical and historical perspectives The books are aimed at drama and theatre teachers advanced students in schools and colleges arts authorities actors playwrights critics and directors

Lorca, 2014-03-10 These three tragedies were written at the height of Lorca's powers and display his innovative mix of Spanish popular tradition and modern dramatic technique *Blood Wedding* tells the story of a couple drawn irresistibly together in the face of an arranged marriage *Doña Rosita the Spinster* follows the appalling fate of a young woman beguiled into the expectation of marriage and left stranded for a lifetime whilst *Yerma* is possibly Lorca's harshest play following a woman's Herculean struggle against the curse of infertility Set in and around his home territory Granada the plays return again and again to the lives of passionate individuals particularly women trapped by the social conventions of narrow peasant communities The plays appear here in new playable translations
