Love Virtues And Commandments An Interfaith Perspective:

Love, Virtues, and Commandments Sajjad S. Haider, 1997 **Religion Seeking Justice and Peace (Penerbit USM)** Chandra Muzaffar, 2010 Religion Seeking Justice and Peace not only highlights the values that the different religions share in their pursuit of justice and peace but also provides concrete examples of how individuals and institutions from different religious backgrounds have worked for justice and peace throughout history. The book also exposes the danger of religious extremism, religious exclusivism and other such negative traits to the struggle for justice and peace. It takes cognisance of the impact of the larger environment upon religious ideals and at the same time makes a plea for the application of universal values and principles embodied in the various religions to politics, Economics, culture and society. This is particularly important some of the contributors argue at a time like this when humanity is confronted with multiple global crises.

FINDING INFINITE GOD in JEWISH-CHRISTIAN DIALOGUE Vivian Anne Scarnati Scott, 2025-02-11 A Virtuous Path to GOD. FINDING INFINITE GOD IN JEWISH CHRISTIAN DIALOGUE. Behold I am the LORD the GOD of all flesh. Is anything too wondrous for Me? Jeremiah Nevi'im Prophets 32:27. The thought provoking ageless question above from GOD also answers every age of humanity. Now in the third decade of our twenty first Century today's expanding communication marvels while accelerating to future enterprises often become mindfully absent of the Godly source driving their intellectual capacity. Jewish Christian interreligious dialogue travels those same highways of mind although at times hampered by prejudice, depravity and indifference. This theological work argues and advocates a best position for successful dialogue between two faiths grappling with the grave injustices and blood stained persecutions of an incomprehensible unconscionable history that can only be resolved by GOD. In recounting horrific facts from Holocaust, Inquisition and other atrocities marring the beautiful life GOD intended these events had occurred even after meaningful Divine Prophetic Word warned of grave outcomes. And in consequence GOD's omnipotence in rescuing His people is evidenced throughout history. Somehow evil never prevailed. The Scriptures remind us to seek and trust our loving Creator Who has faithfully kept His Covenants beyond space and time. Such Divine reminders seed hope and fortitude to guard our rights and religion in this embattled world struggling against politically spate doctrines and limited laws failing race and freedom. Tragically even in our new century massacres and mayhem borne out of evil persist afflicting our Churches, Synagogues and homes. Still while at times disharmony quells the joy of living there is no greater force or wonder than Infinite GOD. Success in Jewish Christian dialogue just as good deeds for interfaith relations requires abiding respect for fellow humanity and a loving non discriminating heart. GOD's markers and signposts all lead to purposeful truth the trilateral pure virtuous and charitable road is the only way beyond an otherwise dark impious world into a luminous one a realm where humanity may share joyful dialogue and divinely planned spiritual destiny. Ageless immutable Ten Commandments from GOD forged with basic precepts unchanged and following His first nurturing Seven Noahide Laws ground and inspire what religious scholars consider for

valid communication essential for interreligious dialogue Remarkably the Noahide Laws were defined as the bedrock of society by a Joint Resolution of the U S Congress on March 21 1991 see Preface section on The Rainbow Covenant GOD s sacred scriptural truths proclaimed by His prophets are resounded by heavenly minded theologians qualified to teach His Word The researched testimonial criteria given within this work yield beneficial recommendations for a best heavenly directed path for finding GOD in harmonious dialogue Six eminent contemporary theologians interviewed herein assembled equally from Jewish and Christian communities are joined with a renowned hierarchy of blessing and inspiration who nobly illuminate the way These virtuous champions who profess GOD s eternal truth while valiantly identifying winding disparities and dissidence contrary to His intended Plan acknowledge and communicate in their own humble and human understanding that indeed nothing is too wondrous for GOD **Forthcoming Books** Rose Army,1998-04 **Being Religious**

Interreligiously Peter C. Phan,2015-02-25 *The Spirit of Tolerance in Islam* Reza Shah-Kazemi,2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote The nobility and broad tolerance of this religion Islam which accepted all the real religions of the world as God inspired will always be a glorious heritage for mankind No other society has such a record of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Qur anic revelation and embodied in the exemplary conduct of the Prophet **Opening the Covenant** Michael S. Kogan,2008 Michael Kogan delves deeply into the theologies of Christianity and Judaism to locate the precise points of difference and convergence He sees Christianity as the breaking open of the original Covenant to include gentile peoples God has brought this about Kogan argues through Jesus and his interpreters *The Publishers Weekly* ,2000

[Fidelity of Heart](#) James E. Gilman,2001-01-25 What does it take to follow and not merely admire Jesus How do religious affections reshape the practice of Christian values like love peace justice and compassion How can they possess both

universal truth and local meaning What role can they play in public life In *Fidelity of Heart* Gilman answers these questions while showing in an innovative and provocative approach how Christians can practice these values in ways continuous with the life of Jesus

The Heart of Love Ted Rivera, 2013-12-03 A marvel of succinctness this presentation is one of the best I have seen for initial direction in the faith once delivered to the Fathers Dr Paige Patterson Ted Rivera unpacks the mystery of God's will with a simple yet profound look at what Jesus called the two greatest commandments loving God and loving others Filled with examples drawn from everyday life Rivera's book is practical and wise a welcome primer for any student of the Bible wanting to deepen their understanding of how to follow Jesus rightly In the end Rivera concludes Jesus isn't looking merely for consistency in obedience but for obedience in love Indeed all our good deeds are utterly worthless if they are disconnected from a heart that beats not only with love for our God but also with love for our fellow human beings *The Heart of Love* urges readers toward a deepened faith and a greater imitation of the God who is love

The Two Great Commandments: "Love the Lord Thy God with All Thy Heart, and Thy Neighbour as Thyself;" Illustrated in a Series of Discourses on the 12th Chapter of the Epistle to the Romans Robert Smith Candlish, 1860 *The Two Great Commandments Love the Lord Thy God with All Thy Heart And Thy Neighbor as Thyself Illustrated in a Series of Discourses on the 12th Chapter of the Epistle to the Romans* by Robert Smith Candlish first published in 1860 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

On Love and Virtue Michael S. Sherwin, 2018 What does it mean to love and what are the traits of character that support love's activity How does the economy of grace the mission of Christ and the action of the Holy Spirit elevate and transform human love virtue and the desire for happiness These essays both consider how the Catholic tradition has addressed these questions and places this tradition

Love, Human and Divine Edward Collins Vacek, 1994-04-01 Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves Most accounts in fact make love of God and love of self either impossible or immoral Integrating these two commandments Edward Vacek SJ develops an original account of love as the theological foundation for Christian ethics Vacek criticizes common understandings of agape eros and philia examining the arguments of Aquinas Nygren Outka Rahner Scheler and other theologians and philosophers He defines love as an emotional affirmative participation in the beloved's real and ideal goodness and he extends this definition to the love between God and self Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship
