Lowtech Lighttech Hightech:

The New Assistive Tech, Second Edition Christopher R. Bugaj, 2023-10-12 This updated edition shows how embracing student centered approaches like project based learning and growth mindset help support students with disabilities Topics include evaluating and selecting technology supports and distance learning

Technology for Learners with Autism Spectrum Disorders Demetria Loryn Ennis-Cole, 2014-09-08 Technology for Learners with Autism Spectrum Disorders

provides readers with an in depth look at the characteristics of learners with ASD and explains how different forms of technology can be used to create learning opportunities for autistic students The book is both academic and practical to appeal to multiple audiences academicians parents teachers and therapists Currently there is scant literature speaking to the types of academic activities that should be developed and used to help children with ASD gain skills in academic areas reading writing effective communication and mathematics This book fills that void by including sample academic activities explaining strategies for working with children diagnosed with ASD and examining ways a variety of technology tools can be used All of the activities are visually appealing and they have been used with learners diagnosed with ASD

[Access to low-tech symbol based resources when pointing is difficult](#) Ace Centre, 2020-04-01 The aim of this resource is to explore access to low tech symbol based AAC when accessing standard resources is difficult physically or visually It is aimed at people who are familiar with low tech AAC but want to find out more about how to adjust and adapt the resources to meet individual needs For a more general all round introduction to low tech symbol based AAC you could see another resource in this AAC Information Series Getting Started with AAC Using low tech symbol based systems with children While this resource is all about access to symbol based resources it is important to also provide individuals with an alphabet chart to enable them to explore and develop their use of letters You can find lots more information about how to design and adapt alphabet charts in the resource Getting Started with AAC Designing and using alphabet charts Please note that this resource is not suggesting that low tech is best or that low tech is a prerequisite to a more high tech communication aid It is simply about valuing the role of paper based communication systems and sharing lots of ideas and strategies to help develop and support them You may well find that many of the ideas and strategies are useful when it comes to other forms of communication too
