Luigi Einaudi Selected Econ Essays:

Luigi Einaudi: Selected Economic Essays L. Einaudi, R. Faucci, R. Marchionatti, 2014-02-19 Luigi Einaudi 1874 1961 was a leading liberal Italian economist economic historian and political figure Governor of the Bank of Italy Minister for the Budget and President of the Italian Republic He was a prolific writer in all fields and his writings testify to his outstanding contribution to economics during his long career Luigi Einaudi: Selected Economic Essays L. Einaudi, R. Faucci, R. Marchionatti, 2014-02-19 Luigi Einaudi 1874 1961 was a leading liberal Italian economist economic historian and political figure Governor of the Bank of Italy Minister for the Budget and President of the Italian Republic He was a prolific writer in all fields and his writings testify to his outstanding contribution to economics during his long career **Luigi Einaudi** L. Einaudi, R. Faucci, R. Marchionatti, 2006-01-30 Luigi Einaudi made an outstanding contribution to economics during his long career as economist historian and policy maker This book makes an important selection of his works available in English for the first time Topics covered include taxation of consumption rather than income European unity and political and economic liberalism **Luigi Einaudi: Selected Economic Essays** L. Einaudi, R. Faucci, R. Marchionatti, 2014-02-19 Luigi Einaudi 1874 1961 was a leading liberal Italian economist economic historian and political figure Governor of the Bank of Italy Minister for the Budget and President of the Italian Republic He was a prolific writer in all fields and his writings testify to his outstanding contribution to economics during his long career **Luigi Einaudi: Selected Economic Essays** L. Einaudi, R. Faucci, R. Marchionatti, 2014-01-01 Luigi Einaudi 1874 1961 was a leading liberal Italian economist economic historian and political figure Governor of the Bank of Italy Minister for the Budget and President of the Italian Republic He was a prolific writer in all fields and his writings testify to his outstanding contribution to economics during his long career

Luigi Einaudi: Know before legislating Luigi Einaudi, 2006 Luigi Einaudi: Abstract hypotheses and historical hypotheses and on value judgements in economic science Luigi Einaudi, 2006 *The Next Money Crash and How to Avoid It* Uli Kortsch, 2014-07-11 Offering provocative and compelling solutions for remedying the country's banking system this presents a transcription of the conference Fixing the Banking System for Good organized by the Global Interdependence Center This conference offered a variety of speakers presenting differing views of key issues all with a common goal to

moderate the financial disruptions the current system allows to provide a sound stable currency to compel through market forces more transparency in the activities of financial institutions and to take taxpayers off the hook In all of the plans more capital and more transparency are key elements along with the end to government guarantees which provide advantages to large opaque financial institutions It compiles the latest thinking of many leading minds in finance and economics and provides a clear prescription for fixing the banking system as well as the global monetary system Publisher's description

Wilhelm Röpke (1899–1966) Patricia Commun, Stefan Kolev, 2018-02-15 This volume provides a comprehensive account of Wilhelm Röpke as a liberal political economist and social philosopher Wilhelm Röpke 1899–1966 was a key protagonist of transatlantic neoliberalism a prominent public intellectual and a gifted international networker As an original thinker he always positioned himself at the interface between political economy and social philosophy as well as between liberalism and conservatism Röpke's endeavors to combine these elements into a coherent whole as well as his embeddedness in European and American intellectual networks of liberal and conservative thinkers are a central theme throughout the book The volume includes papers by international experts from a conference in Geneva on the occasion of the 50th anniversary of Röpke's passing The first part focuses on new biographical insights into his exile years in Istanbul and Geneva while the second part discusses his business cycle theory in the context of the Great Depression and the third part elaborates on his multifaceted social philosophy Wilhelm Röpke was among the most important thinkers within the classical liberal revival post WWII with intriguing tensions between liberalism and conservatism A highly recommended volume Peter J Boettke 2016 2018 President of the Mont Pelerin Society and Professor of Economics and Philosophy George Mason University This important collection of papers provides an in depth assessment of Wilhelm Röpke's contributions placing him in the context of his time A fine contribution Bruce J Caldwell Director of the Center for the History of Political Economy and Research Professor of Economics Duke University

Hayek Bruce Caldwell, Hansjoerg Klausinger, 2022-11-25 A 2022 Economist Best Book of the Year The definitive account of the distinguished economist's formative years Few twentieth century figures have been lionized and vilified in such equal measure as Friedrich Hayek economist social theorist leader of the Austrian school of economics and champion of classical liberalism Hayek's erudite arguments in support of individualism and the market economy have attracted a devout following including many at the levers of power in business and government Critics meanwhile cast Hayek as the intellectual forefather of neoliberalism and of all the evils they associate with that pernicious doctrine In *Hayek A Life* historians of economics Bruce Caldwell and Hansjörg Klausinger draw on never before seen archival and family material to produce an authoritative account of the influential economist's first five decades This includes portrayals of his early career in Vienna his relationships in London and Cambridge his family disputes and definitive accounts of the creation of *The Road to Serfdom* and of the founding meeting of the Mont Pelerin Society A landmark work of history and biography *Hayek A Life* is a major contribution both to our cultural accounting of a towering figure and to intellectual

history itself **The End of Finance** Massimo Amato, Luca Fantacci, 2013-12-19 This new book by two distinguished Italian economists is a highly original contribution to our understanding of the origins and aftermath of the financial crisis The authors show that the recent financial crisis cannot be understood simply as a malfunctioning in the subprime mortgage market rather it is rooted in a much more fundamental transformation taking place over an extended time period in the very nature of finance The end or purpose of finance is to be found in the social institutions by which the making and acceptance of promises of payment are made possible that is the creation and cancellation of debt contracts within a specified time frame Amato and Fantacci argue that developments in the modern financial system by which debts are securitized has endangered this fundamental credit debt structure The illusion has been created that debts are universally liquid in the sense that they need not be redeemed but can be continually sold on in increasingly extensive global markets What appears to have reduced the riskiness of default for individual agents has in fact increased the fragility of the system as a whole The authors trace the origins of this profound transformation backwards in time not just to the neoliberal reforms of the 1980s and 90s but to the birth of capitalist finance in the mercantile networks of the sixteenth and seventeenth centuries This long historical perspective and deep analysis of the nature of finance enables the authors to tackle the challenges we face today in a fresh way not simply by tinkering with existing mechanisms but rather by asking the more profound question of how institutions might be devised in which finance could fulfil its essential functions Mont Pèlerin 1947 Bruce Caldwell, 2022-03-01 Marking the 75th anniversary of the first meeting of the Mont Pèlerin Society in 1947 this volume presents for the first time the original transcripts from this landmark event The society was created by Friedrich Hayek as a forum for leading economists and intellectuals to discuss and debate classical liberal values in the face of a rapidly changing world and political trends toward socialism Bruce Caldwell a major scholar of Hayek provides an informative introduction and explanatory notes to the source documents drawn from the Hoover Institution Library Archives where they have been available to scholars Now accessible to all the transcripts reveal what was said on a wide range of topics including free markets monetary reform wage policy taxation agricultural policy the future of Germany Christianity and liberalism and more They provide insights into the thinking of men such as Hayek Milton Friedman Aaron Director Frank Knight Walter Eucken Karl Popper and other leading figures in the classical liberalism movement illuminating not only their ideas but also their distinctive personalities A photo section shows rarely seen images from the meeting *Conservative Liberalism, North and South: Grundtvig, Einaudi and Their Relevance Today* Hannes H. Gissurarson, 2024-11-07 A comparison and Evaluation of the national liberalism of Danish poet N F S Grundtvig and the liberal federalism of Italian economist Luigi Einaudi Gissurarson argues for a Nordic Model of the rule of law free trade social cohesion and cooperation across borders with minimal surrender of sovereignty Financial crises and the nature of capitalist money Jocelyn Pixley, 2013-09-12 This volume is a debate about a sociology and economics of money a form of positive trespassing It is unique in being written by scholars of both disciplines committed to this mutual

venture and in starting from the original groundwork laid by Geoffrey Ingham The contributors look critically at money's institutions and the meanings and history of money creation and show the cross-cutting purposes or incommensurable sides of money and its crises These arise from severe tensions and social conflicts about the production of money and its many purposes We demonstrate the centrality of money to capitalism and consider social disorders since the 2007 crisis which marks the timeliness and need for dialogue Both disciplines have far too much to offer to remain in the former damaging standoff While we are thankful to see a possible diminution of this split remnants are maintained by mainstream economic and sociological theorists who after all the crises of the past 30 years and many before still hold to an argument that money really does not matter We suggest to many different and interested audiences that since money is a promise understanding this social relation must be a joint though plural task between economics and sociology at the very least **An**

Institutional History of Italian Economics in the Interwar Period — Volume I Massimo M. Augello, Marco E.L. Guidi, Fabrizio Bientinesi, 2019-11-25 Italy is well known for its prominent economists as well as for the typical public profile they have constantly revealed But when facing an illiberal and totalitarian regime how closely did Italian economists collaborate with government in shaping its economic and political institutions or work independently This edited book completes a gap in the history of Italian economic thought by providing a complete work on the crucial link between economics and the Fascist regime covering the history of political economy in Italy during the so-called Ventennio 1922-1943 with an institutional perspective The approach is threefold analysis of the academic and extra-academic scene where economic science was elaborated and taught the connection between economics, society and politics and dissemination of scientific debate Special attention is given to the bias caused by the Fascist regime to economic debate and careers This Volume I deals with the economics profession under Fascism in particular in light of the political and institutional changes that the regime introduced the restructuring of higher education the restriction of freedom in teaching and of the press and with respect to promoting its own strategies of political and ideological propaganda Volume II available separately considers the public side of the economics profession the fascistisation of culture and institutions banishment and emigration of opponents and post-WW2 purge of Fascist economists Moral Economies of Money Jakob Feinig, 2022-10-04 For much of American history large numbers of people claimed that money was a public good and asserted the right to shape money creation practices If popular knowledge about money creation was once widely shared how and why did it disappear In this astute new work Jakob Feinig shows how the relation between money users and money-issuing governments changed from British colonial North America to today's United States discussing how popular movements reshaped money-creating institutions and how their opponents attempted to silence them He also reveals how monetary and political history unfolds in the tension between moral economies of money and monetary silencing Offering an introduction to money creation practices since the colonial era the book enables readers to understand why most people are disconnected from knowledge about

money creation today At the same time the book also allows readers to situate the recent prominence of Modern Monetary Theory MMT against a broader historical background Historians of capitalism economic and political sociologists social theorists anthropologists of money and anyone seeking to understand monetary activism will find this book helps to clarify present day possibilities in light of historical processes

Richard Cantillon's Essay on the Nature of Trade in General
Richard Cantillon, 2015-05-15 The Essay on the Nature of Trade in General was written in the early 1730s by Richard Cantillon a speculator and banker who had made a vast fortune during the Mississippi and South Sea Bubbles of 1719 20 The work remained unpublished for about two decades but when it appeared posthumously in Paris in 1755 the book was immediately recognised as a brilliant genre defining contribution to the then emerging intellectual discipline of political economy A degree of mystery has always surrounded the publication of the Essay Cantillon died under mysterious circumstances in 1734 but the work survived in various manuscript forms This edition offers an innovative mode of presentation displaying for the very first time all print and manuscript versions of the Essay in parallel This allows the reader to appreciate different formulations of Cantillon's seminal contributions to a range of topics including his circular flow analysis monetary theory theories of value and distribution the role of the entrepreneur spatial economics and international trade Richly annotated and accompanied by a detailed study of the historical background of Cantillon's writings this new scholarly edition offers many new insights into this early masterpiece of economic theory

On Abstract and Historical Hypotheses and on Value Judgments in Economic Sciences Luigi Einaudi, 2016-11-03 Luigi Einaudi 1874 1961 was a leading liberal economist economic historian and political figure This book provides the English speaking world with a first critical edition of Einaudi's hitherto unpublished rewriting of one of his most unique and thoughtful essays The relevance of this essay is crucial from several perspectives history and methodology of economic thought role of economics and its relation to other disciplines and to social values role of economists in the public sphere while also encompassing the discourse on man and the economist as a whole man The critical edition of On Abstract and Historical Hypotheses and on Value Judgments in Economic Sciences includes a comprehensive introduction and afterword An extensive reappraisal of this newly discovered essay will help to cast light on Einaudi's uniqueness and originality within and beyond the Italian tradition in public finance thereby also illuminating his attempt to provide an epistemological account of his long lasting enquiry into the causes of good and bad politics This book is of great interest to those who study economic theory and philosophy as well as history of economic thought public economics and legal and political philosophy
