## **Luke Historian And Theologian New Testament Pro:**

**Luke: Historian and Theologian** I. Howard Marshall, 1970 The writings of Luke Luke Acts comprise over 28% of the whole New Testament even more than the extensive writings of his friend and companion Paul whose letters account for almost exactly a further 25% This fact alone emphasizes the vital importance of the Lucan corpus to a true understanding of the doctrine as well as the history of apostolic times There has been a growing awareness of the qualities of Luke as a historian and in this book Dr Marshall demonstrates that Luke's theology which he summarizes as the theology of salvation is at least of equal stature and importance with his carefully compiled history Back cover **Luke: Historian & Theologian** I. Howard Marshall, 1998-08-05 I Howard Marshall provides us with a lucid guide to Luke's theology of salvation as it is unfurled in the Gospel narrative but always with an eye on its ongoing development in the companion work Acts *Luke the Historian of Israel's Legacy, Theologian of Israel's 'Christ'* David Paul Moessner, 2016-07-25 David Moessner proposes a new understanding of the relation of Luke's second volume to his Gospel to open up a whole new reading of Luke's foundational contribution to the New Testament For postmodern readers who find Acts a generic outlier dangling tenuously somewhere between the mainland of the evangelists and the Peloponnese of Paul diffused and confused and shunted to the backwaters of the New Testament by these signature corpora Moessner plunges his readers into the hermeneutical atmosphere of Greek narrative poetics and elaboration of multi volume works to inhale the rhetorical swells that animate Luke's first readers in their engagement of his narrative In this collection of twelve of his essays re contextualized and re organized into five major topical movements Moessner showcases multiple Hellenistic texts and rhetorical tropes to spotlight the various signals Luke provides his readers of the multiple ways his Acts will follow all that Jesus began to do and to teach Acts 1:1 and consequently bring coherence to this dominant block of the New Testament that has long been split apart By collapsing the world of Jesus into the words and deeds of his followers Luke re configures the significance of Israel's Christ and the Reign of Israel's God for all peoples and places to create a new account of Gospel Acts discrete and distinctively different than the narrative of the many Luke 1:1 Luke the Historian of Israel's Legacy combines what no analysis of the Lukan writings has previously accomplished integrating seamlessly two generically estranged volumes into one new whole from the intent of the one composer For Luke is the Hellenistic historian and simultaneously biblical theologian who arranges the one plan of God read from the script of the Jewish scriptures parts and whole severally and together as the saving script for the whole world through Israel's suffering and raised up Christ Jesus of Nazareth In the introductions to each major theme of the essays this noted scholar of the Lukan writings offers an epitome of the main features of Luke's theological thought and in a final Conclusions chapter weaves together a comprehensive synthesis of this new reading of the whole Luke the Theologian François Bovon, 2006 In this completely revised and updated edition François Bovon provides a critical assessment of the last fifty five years of scholarship on Luke Acts The study divides thematically with individual chapters covering the subjects of

history and eschatology the role of the Old Testament Christology the Holy Spirit conversion and the church Each chapter begins with a consideration of the exegetical and theological problems unique to each theme in Luke Acts before providing a detailed survey and critique of contemporary English German French Spanish and Italian New Testament scholarship

**Redating the New Testament** John A. T. Robinson, 2000-10-31 On the basis that the fall of Jerusalem is never mentioned in the New Testament writings as a past fact Dr Robinson defends that the books of the New Testament were written before A.D. 70 contradicting of course the consensus of generations of Bible scholars

**Luke - Historian and Theologian** I. Howard Marshall, 2006-01 Apart from the apostle Paul Luke is arguably the most influential force in the canon of the New Testament His Gospel and Acts occupy almost a third of the New Testament Marshall provides us with a lucid guide to Luke's theology of salvation as it is unfurled in Gospel narrative but always with an eye on its ongoing development in his companion work the Acts of the Apostles

Ben Witherington, 2004-04-26 This is a print on demand book and is therefore non returnable This informative clearly written book introduces the New Testament in two main ways 1 it explains where the New Testament came from and 2 it examines the New Testament writings themselves Ben Witherington first tells how and why the New Testament documents were written and collected and how they came to be known as the New Testament that we have today He then discusses the main stories and major figures in the New Testament Witherington looks particularly at the Gospels examining how and why their stories differ and pointing out what these ancient biographies actually say about Jesus He also surveys the ways that these stories were told and retold explaining how this literary development has influenced Christian theology ethics and social thought At once scholarly and accessible it really is written in plain English Witherington s guide to the origins and message of the New Testament is eminently suitable as a text for college and seminary students With each chapter followed by a section called Exercises and Questions for Study and Reflection The New Testament Story will also prove valuable to individual readers and ideal for church classes and group Bible studies

Characters and Characterization in Luke-Acts Frank Dicken, Julia Snyder, 2016-10-20 Like all skilful authors the composer

of the biblical books of Luke and Acts understood that a good story requires more than a gripping plot a persuasive narrative also needs well portrayed plot enhancing characters This book brings together a set of new essays examining characters and characterization in those books from a variety of methodological perspectives The essays illustrate how narratological sociolinguistic reader response feminist redaction reception historical and comparative literature approaches can be fruitfully applied to the question of Luke s techniques of characterization Theoretical and methodological discussions are complemented with case studies of specific Lukan characters Together the essays reflect the understanding that while many of the literary techniques involved in characterization attest a certain universality each writer also brings his or her own unique perspective and talent to the portrayal and use of characters with the result that analysis of a writer s characters and style of characterization can enhance appreciation of that writer s work

**Pentecostals in the 21st Century** Corneliu Constantineanu, Christopher James Scobie, 2018-01-11 A little over one hundred years ago the Holy Spirit breathed a fresh awakening into little communities in Topeka Kansas 1901 and then on Azusa Street in California 1906 Over the past century this spiritual awakening has touched every country on the globe By 2014 there were 631 million Pentecostals in the world comprising a quarter of all Christians and that number is forecast to grow to 800 million by 2025 This book offers a window into some of the unique features of this phenomenal movement through expert contributions from some of the world s preeminent Pentecostal theologians It presents a Pentecostal perspective on important theological themes that pastors theologians and lay leaders are grappling with in the twenty first century

**The Reign of God and Rome in Luke's Passion Narrative** Yong-sung Ahn, 2006-03-01 From a Korean perspective this book examines how Luke s Passion Narrative constructs the space time of the Reign of God both in contest to and in compliance with that of Rome and shows how Luke s colonial relations complicate the Gospel s theological perspectives

**Reading the Way, Paul, and "The Jews" in Acts within Judaism** Jason F. Moraff, 2024-01-25 Jason F Moraff challenges the contention that Acts sharp rhetoric and portrayal of the Jews reflects anti Judaism and supersessionism He argues that rather than constructing Christian identity in contrast to Judaism Acts binds the Way Paul and the Jews together into a shared identity as Israel and that together they embark on a journey of repentance with common Jewishness providing the foundation Acts leverages Jewish kinship language cult and custom to portray the Way Paul and the Jews as one family debating the direction of their ancestral tradition Using a historically situated narrative approach Moraff frames Acts portrayal of the Way and Paul in relation to the Jewish people as participating in internecine conflict regarding the Jewish tradition in crisis after the destruction of the temple By exploring ancient ethnicity Jewish identity and Lukan characterization images of the Jews the Way and Paul violence in Acts and the theme of blindness in Luke s gospel the Pauline writings and Acts Moraff stresses that Acts speaks from among my own nation meaning the Jews and makes it possible to understand Acts critical characterization of the Jews within Second Temple Judaism

**Interpretation of Tongues and Prophecy in 1 Corinthians 12-14, with a Pentecostal Hermeneutics** Jeon

Ahn Yongnan,2019-05-21 Bringing spiritual experience into the domain of biblical hermeneutics this book will certainly stimulate current debates within this field among both Pentecostals and Christians of other traditions The author also applies a Pentecostal hermeneutical methodology to Paul s teaching on tongues and prophecy in 1 Corinthians 12 14 opening possibilities to a Pentecostal pneumatology that tends instead to focus on the Lukan narrative Paul s texts are reconsidered not as doctrinal or situational documents but as dynamic communication within a living community

**Theology of the New Testament** Frank S. Thielman,2011-03-22 Studying the theology of the New Testament can be a daunting task even to the knowledgeable Bible student or pastor Each of the twenty seven books written by various authors has its own theological emphasis and nuances How do we elicit a coherent message from such theological diversity especially given that some of the theological statements in the New Testament seem to be at odds with one another Is such an endeavor achievable or even valid Theology of the New Testament takes a balanced approach in response to these challenges Frank Thielman presents a theology of the New Testament that is careful to take into account the cultural and historical circumstances surrounding each book and the New Testament as a whole He not only examines each book s theological content individually but also in relation to the rest of the New Testament particularly within each of the three theological units that comprise the New Testament the gospels and Acts the Pauline epistles and the general epistles and Revelation This canonical and synthetic approach honors both the theological diversity of the various books and the theological connections between the books In the end Thielman finds a unified theological vision of the New Testament anchored in the centrality of Jesus Christ Frank Thielman s Theology of the New Testament is an outstanding achievement The book is marked by scholarly depth exegetical rigor and theological profundity Both students and professors will profit immensely from this lucid treatment of the theology contained in the New Testament documents Thomas R Schreiner Professor of New Testament The Southern Baptist Theological Seminary An accessible presentation of the key theological points of the New Testament books by an accomplished New Testament scholar and teacher Its clear style lucid organization and sound theological insight make it a prime resource for serious students in both the academy and the church Karen H Jobes PhD Associate Professor of New Testament Westmont College

A Biblical-Theological Introduction to the New Testament Michael J. Kruger,2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight

The Reception of Luke and Acts in the Period Before Irenaeus Andrew F. Gregory,2003 When and how may Christians first be shown to have used the Gospel of Luke and its companion volume The Acts of the Apostles Andrew

Gregory offers the first book length discussion of the reception of Luke and of Acts in the period before Irenaeus The research project which was the basis of this monograph was originally conceived as a comparison of the pneumatology of Luke Acts with the pneumatologies presented in Christian literature of the second century Recent scholarship on Lukan pneumatology is agreed that Luke has a particular interest in the Spirit but it is divided as to whether his pneumatology is part of a homogenous early Christian understanding or a distinctive presentation that is to be sharply differentiated from that of Matthew and Mark of John and of Paul Noting a lacuna identified by Turner the author set out to originally ask two questions First whether it might be possible to identify in second century pneumatologies any characteristics that New Testament scholars might label as distinctively Lukan Second whether such characteristics might be sufficient to indicate not only the influence of Lukan pneumatology but also a conscious appropriation of distinctively Lukan theology by other early Christians Contents include Introduction and methodology Previous research The evidence of the earliest manuscripts and notices Do narrative outlines of episodes in the life of Jesus presuppose Luke Collections of the sayings of Jesus Marcion Justin Martyr The reception of Luke in the Second Century The reception of Acts in the Second Century Early and Ambiguous Evidence Justin Martyr Narrative accounts explicitly concerning the Post resurrection teaching of Jesus and the activity of Apostles and other prominent figures The reception of Acts in the Period before Irenaeus The reception of Luke and Acts in the Period before Irenaeus
