Clingan, 2010-01-07 For the first time in any language a book examines the life of Hans Luther the German statesman whose career began at the tail end of the Second Empire and ended in the postwar years Luther had a front row seat for World War I the Revolution of 1918 the Great Inflation the Great Depression and the rise of the Third Reich serving as Hitler s first ambassador to the United States C Edmund Clingan chronicles the life of this controversial German politician diplomat and banker Luther served as mayor of Essen during the Revolution of 1918 the Kapp Putsch and the occupation of the Ruhr Valley by the French Rising rapidly in the political ranks he served as finance minister and then briefly as chancellor in 1925 and 1926 Many criticized his policies as president of the Reichsbank during the Great Depression Adolf Hitler then appointed Luther to serve as ambassador to the United States After being recalled to Germany in 1937 Luther retired from politics until after World War II when he served the Federal Republic well into the 1950s Luther Hartmann Grisar, 1916 **The Power of Love and Democracy in the Philosophies of Martin Luther King, Jr. and Cornel West** Timothy L. Lake, 2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King s moral vision social activism and theology there has been no book length treatment of the implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West s vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanza and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society **Luther League Review** , 1899 **Raising Children Today Is a Job** Patricia Solomon, 2016-07-21 This story is about the young men and women today and how they are being trapped in their own little cage by not doing the right things in life When we people have children we have an obligation to teach discipline love them and let them know not

to engage in what amuses people but to let them know that what they do in life will reflect on their lives in the future Raising children is a job and we are failing our job by not listening to what is expected of us that is to give our children more than we have They can't get it without education respect discipline and a lot of love and understanding of what they have to face Let's stop having babies at a young age and start planning for our young men and women's future We also need to put our priority in place first and leave man-made things alone hatred greed drugs killing stealing sex before you have a husband or wife etc
