Cicero's Role Models Henriette van der Blom, 2010-07-29 This book is about the famous Roman orator and statesman Cicero and his rhetorical and political strategy as a newcomer in Roman republican politics Henriette van der Blom argues that Cicero advertised himself as a follower of chosen models of behaviour from the past his role models and in turn presented himself as a role model to others This new angle provides fresh insights into the political and literary career of one

of the best known Romans and into the political discourse of the late Roman Republic **Cicero** Gesine Manuwald, 2014-11-28 Marcus Tullius Cicero 106 43 BCE introduced Romans to the major schools of Greek philosophy forging a Latin conceptual vocabulary that was entirely new But for all the sophistication of his thinking it is perhaps for his political and oratorical career that Cicero is best remembered He was the nemesis of Catiline whose plot to overthrow the Republic he famously denounced to the Senate He was the selfless politician who turned down the opportunity to join Julius Caesar and Pompey in their ruling triumvirate with Crassus He was briefly Rome's leading man after Caesar's assassination in 44 BCE And he was the great political orator whose bitter conflict with Mark Antony led to his own violent death in 43 BCE In her authoritative survey Gesine Manuwald evokes the many faces of Cicero as well as his complexities and seeming contradictions She focuses on his major works allowing the great writer to speak for himself Cicero's rich legacy is seen to endure in the works of Quintilian and the Church Fathers as well as in the speeches of Harry S Truman and Barack Obama

Cicero's De Provinciis Consularibus Oratio Luca Grillo, 2015-03-26 Perhaps no other single Roman speech exemplifies the connection between oratory politics and imperialism better than Cicero's *De Provinciis Consularibus* pronounced to the senate in 56 BC Cicero puts his talents at the service of the powerful triumviri Caesar Crassus and Pompey whose aims he advances by appealing to the senators imperialistic and chauvinistic ideology This oration then yields precious insights into several areas of late republican life international relations between Rome and the provinces Gaul Macedonia and Judaea the senators view on governors publicani tax farmers and foreigners the dirty mechanics of high politics in the 50s driven by lust for domination and money and Cicero's own role in that political choreography This speech also exemplifies the exceptional range of Cicero's oratory the invective against Piso and Gabinius calls for biting irony the praise of Caesar displays high rhetoric the rejection of other senators recommendations is a tour de force of logical and sophisticated argument and Cicero's justification for his own conduct is embedded in the self-fashioning narrative which is typical of his post-reditu speeches This new commentary includes an updated introduction which provides the readers with a historical rhetorical and stylistic background to appreciate the complexities of Cicero's oration as well as indexes and maps Cicero the Advocate Jonathan Powell, Jeremy Paterson, 2004-07-29 This is the first book in English to take Cicero's forensic speeches seriously as acts of advocacy i.e. as designed to ensure that the person he represents is acquitted or that the person he is prosecuting is found guilty It seeks to set the speeches within the context of the court system of the Late Roman Republic and to explore in detail the strategies available to Roman advocates to win the votes of jurors The volume comprises a substantial introduction fourteen chapters by prominent Ciceronian scholars in Britain North America and Germany and a final chapter by a current British Appeal Court judge who comments on Cicero's techniques from the point of view of a modern advocate The introduction deals with issues concerning the general nature of advocacy the Roman court system as compared with other ancient and modern systems the Roman profession of advocacy and its etiquette the place of advocacy in Cicero's career the

ancient theory of rhetoric and argument as applied to courtroom advocacy and the relationship between the published texts of the speeches as we have them and the speeches actually delivered in court The first eight chapters discuss general themes legal procedure in Cicero's time Cicero's Italian clients Cicero's methods of setting out or alluding to the facts of a case his use of legal arguments arguments from character invective self reference and emotional appeal the last of these especially in the concluding sections of his speeches Chapters 9-14 examine a range of particular speeches as case studies In Verrem II 1 from Cicero's only major extant prosecution case Pro Archia De Domo Sua Pro Caecina Pro Cluentio Pro Ligario These speeches cover the period of the height of Cicero's career from 70 BC when Cicero became acknowledged as the leading Roman advocate to 49 BC when Caesar's dictatorship required Cicero to adapt his well tried forensic techniques to drastically new circumstances and they contain arguments on a wide range of subject matter including provincial maladministration usurpation of citizenship rights violent dispossession the religious law relating to the consecration of property poisoning bribery and political offences Other speeches including all the better known ones are used as illustrative examples in the introduction and in the more general chapters An appendix lists all Cicero's known appearances as an advocate

Cicero's Catilinarians D. H. Berry, 2020-06-11 The Catilinarians are a set of four speeches that Cicero while consul in 63 BC delivered before the senate and the Roman people against the conspirator Catiline and his followers Or are they Cicero did not publish the speeches until three years later and he substantially revised them before publication rewriting some passages and adding others all with the aim of justifying the action he had taken against the conspirators and memorializing his own role in the suppression of the conspiracy How then should we interpret these speeches as literature Can we treat them as representing what Cicero actually said Or do we have to read them merely as political pamphlets from a later time In this the first book length discussion of these famous speeches D H Berry clarifies what the speeches actually are and explains how he believes we should approach them In addition the book contains a full and up to date account of the Catilinarian conspiracy and a survey of the influence that the story of Catiline has had on writers such as Sallust and Virgil Ben Jonson and Henrik Ibsen from antiquity to the present day

Cicero's Law Paul J. du Plessis, 2016-08-30 This volume brings together an international team of scholars to debate Cicero's role in the narrative of Roman law in the late Republic a role that has been minimised or overlooked in previous scholarship This reflects current research that opens a larger and more complex debate about the nature of law and of the legal profession in the last century of the Roman Republic

The Political Biographies of Cornelius Nepos S. Rex Stem, 2012-11-19 The Roman writer Cornelius Nepos was a friend of Cicero and Catullus and other first century BCE authors and portions of his encyclopedic work On Famous Men are the earliest surviving biographies written in Latin In The Political Biographies of Cornelius Nepos Rex Stem

presents Nepos as a valuable witness to the late Republican era whose biographies share the exemplary republican political perspective of his contemporaries Cicero and Livy Stem argues that Nepos created the genre of grouped political biographies in order to characterize renowned Mediterranean figures as role models for Roman leaders and he shows how Nepos invested his biographies with moral and political arguments against tyranny This book the first to regard Nepos as a serious thinker in his own right also functions as a general introduction to Nepos placing him in his cultural context Stem examines Nepos contributions to the growth of biography and he defends Nepos from his critics at the same time that he lays out the political significance and literary innovation of Nepos writings Accessible to advanced undergraduates this volume is addressed to a general audience of classicists and ancient historians as well as those broadly interested in biography historiography and political thought

Mass Oratory and Political Power in the Late Roman Republic Robert Morstein-Marx, 2004-02-05 This book highlights the role played by public political discourse in shaping the distribution of power between Senate and People in the Late Roman Republic Against the background of the debate between oligarchical and democratic interpretations of Republican politics Robert Morstein Marx emphasizes the perpetual negotiation and reproduction of political power through mass communication The book analyses the ideology of Republican mass oratory and situates its rhetoric fully within the institutional and historical context of the public meetings contiones in which these speeches were heard Examples of contional orations drawn chiefly from Cicero and Sallust are subjected to an analysis that is influenced by contemporary political theory and empirical studies of public opinion and the media rooted in a detailed examination of key events and institutional structures and illuminated by a vivid sense of the urban space in which the contio was set

Politeness and Politics in Cicero's Letters Jon Hall, 2009-05-06 Politeness and Politics in Cicero's Letters presents a fresh examination of the letters exchanged between Cicero and correspondents such as Pompey Julius Caesar and Mark Antony during the final turbulent decades of the Roman Republic Drawing upon sociolinguistic theories of politeness it argues that formal relationships between powerful members of the elite were constrained by distinct conventions of courtesy and etiquette By examining in detail these linguistic conventions of politeness Jon Hall presents new insights into the social manners that shaped aristocratic relationships The book begins with a discussion of the role of letter writing within the Roman aristocracy and the use of linguistic politeness to convey respect to fellow members of the elite Hall then analyzes the deployment of conventionalized expressions of affection and goodwill to cultivate alliances with ambitious rivals and the diplomatic exploitation of polite fictions at times of political tension The book also explores the strategies of politeness employed by Cicero and his correspondents when making requests and dispensing advice and when engaging in epistolary disagreements His exchanges with Appius Claudius Pulcher Munatius Plancus and Mark Antony receive particular emphasis Its detailed analysis of specific letters places the reader at the very heart of Late Republican political negotiations and provides a new critical approach to Latin epistolography

A Companion to Roman Imperialism Dexter

Hoyos,2012-11-09 A Companion to Roman Imperialism written by a distinguished body of scholars explores Rome's rise to empire and its vast historical impact on her subject peoples and equally momentous on the Romans themselves an impact still felt today Inter cives necnon peregrinos Jan Hallebeek,Martin Schermaier,Roberto Fiori,Jean-Pierre Coriat,Ernest Metzger,2014-07-16

The contributions to this volume are concerned with the Roman law of antiquity in its broadest sense covering both private and public law from the Roman Republic to the Byzantine era including legal papyrology They also examine the reception of Roman law in Western Europe and its colonies specifically the Dutch East Indies from the Middle Ages to the promulgation of the German Bürgerliche Gesetzbuch in 1900 They reflect the wide interests of Professor Boudewijn Sirks whom the volume honours on the occasion of his retirement and whose work and career have transcended frontiers and nations **TransAntiquity** Domitilla Campanile,Filippo Carlà-Uhink,Margherita Facella,2017-02-03

TransAntiquity explores transgender practices in particular cross dressing and their literary and figurative representations in antiquity It offers a ground breaking study of cross dressing both the social practice and its conceptualization and its interaction with normative prescriptions on gender and sexuality in the ancient Mediterranean world Special attention is paid to the reactions of the societies of the time the impact transgender practices had on individuals symbolic and social capital as well as the reactions of institutionalized power and the juridical systems The variety of subjects and approaches demonstrates just how complex and widespread transgender dynamics were in antiquity **The Alternative Augustan Age** Josiah Osgood,Kit Morrell,Kathryn Welch,2019-09-02

The princeps Augustus 63 BCE 14 CE recognized as the first of the Roman emperors looms large in the teaching and writing of Roman history Major political literary and artistic developments alike are attributed to him This book deliberately and provocatively shifts the focus off Augustus while still looking at events of his time Contributors uncover the perspectives and contributions of a range of individuals other than the princeps Not all thought they were living in the Augustan Age Not all took their cues from Augustus In their self display or ideas for reform some anticipated Augustus Others found ways to oppose him that also helped to shape the future of their community The volume challenges the very idea of an Augustan Age by breaking down traditional turning points and showing the continuous experimentation and development of these years to be in continuity with earlier Roman culture In showcasing absences of Augustus and giving other figures their due the papers here make a seemingly familiar period startlingly new *Community and Communication* C. E. W. Steel,Henriette van der Blom,2013

This title brings together contributions which rethink the role of public speech in the Roman Republic With careful attention to a range of evidence it shines a light on orators and considers the oratory of diplomatic exchanges and impromptu heckling and repartee alongside the familiar genres of forensic and political speech **The Faces of Freedom** Marc Kleijwegt,2006-05-01 This volume is concerned with examining the histories of freed slaves in a variety of slave societies in the ancient and modern world ranging from ancient Rome to the southern states of the US the Caribbean and Brazil to Africa in the aftermath of emancipation in the twentieth century The

aim of this work is to present a comparative forum for the study of freedpeople By identifying what is separate and what is universal about freedpeople it hopes to add to a better understanding of the role and impact of manumission and emancipation in different slave societies Contributors include Valentina Arena Steeve Buckridge Mariana Dantas Marc Kleijwegt Martin Klein Rita Reynolds Chandima Wickramasinghe Swithin Wilmot and Nigel Worden
