

Prayer For Patience In God's Timing

Dear Lord

Thank you for the gift of life today.
I pray that you help me stay patient
for you. Let me hold out for the
grace you have planned for me.
Let me not hastily take my own
path or any shortcuts.

Let me remain faithfully under
your care and love. Let me not stray
unto a path of destruction.

Help me to trust in your timing
Help me stay focused on you as I
wait on your grace.

Amen

Investigating Prayer Ian Olver,2012-10-10 This book relates the experience of researching planning and conducting a scientific study into intercessory prayer prayer for others The purpose of the study was to ascertain whether the impact of prayer could be measured in a

formal study based on the large number of anecdotal reports of efficacy The study was a prospectively randomized double blind trial that added prayer by an established Christian prayer group to conventional therapy for cancer The unique design feature was that the primary endpoint was a change in a validated scale of spiritual well being The patients were informed that they were participating in a study about spiritual well being and quality of life but remained blinded to the intervention The initial observation from the baseline data was that spiritual well being made a unique contribution to quality of life The final outcome of the study was that there was a statistically significant difference in spiritual well being favoring the prayer group The background includes a fascinating review of the medical literature on the topic which contains positive and negative studies that each attracts a vigorous debate about methodology endpoints and whether metaphysical phenomena can or should be studied using scientific methodology The complementary and alternative medicine literature is also equivocal as to whether prayer arguably the most common complementary medical therapy should be included in the range of interventions grouped under that heading In addition to reporting the background and results of the study the book explores the reactions of a range of individuals to the trial all of which help reflect on the nature of prayer

Wisdom from Rural Java Sartini, 2021-01-21 This study illustrates the strong relationship between world views and ethical values that are embedded in the lives of a group of people called wong pinter Some notes on the results of the study show the following points First on the basis of the categories of worldviews studied classification causality space time and self others relation it is found that the concept of classification is not strong enough The concept of space is also not sufficiently patterned in contrast to the findings of the concept of space on the Ainu people the people of Bali and Yogyakarta Wong pinter describes the concept of space in relation to the existence of non human beings The concept of time is explained in more detail Some of the views about time are intended to discipline and self control On the self other concept God becomes the most important element in His status as the Almighty The self is a common creature that interacts with other humans and non human beings Horizontally the worldview of wong pinter pivots on the ethical elements of the relationship between God's creatures that synergize and create harmony so as to create a comfortable and peaceful life Secondly the basic concept of the worldview guides the wong pinter on the pattern of life both in society self control keeping not to hurt others and care about the hassles of others Therefore they are regarded as people who behave nobly and become role models in society Thirdly even though the wong pinter has some abilities that are relatively similar to the abilities of the shamans common dukun that have been mentioned by most researchers but the behavior of wong pinter is different from and even contradicts the general characteristics of the dukun Fourth this study enriches the study of the concept of space time causality and self other relationships This study also explicitly revises the theories that generalize the understanding and characteristics of dukun or wong pinter which has been widely associated with witchcraft money and worldly pragmatic goals
