Playback War:

Playback Mark Coleman, 2025-05-01 Suddenly popular music resembles an alien landscape The great common ground of 45s LPs and even compact discs is rapidly falling by the wayside to be replaced by binary bits of sound In the 21st century radical advances in music technology threaten to overshadow the music itself Indeed today the generations divide over how they listen to the music not what kinds of music they enjoy Playback is the first book to place the staggering history of sound reproduction within its larger social and cultural context Concisely told via a narrative arc that begins with Edison's cylinder and ends with digital music this is a history that we have all directly experienced in one way or another From the Victrola to the 78 to the 45 to the 33 1/2 to the 8track to the cassette to the compact disc to MP3 and beyond not to mention everyone from Thomas Edison to Enrico Caruso to Dick Clark to Grandmaster Flash to Napster CEO Shawn Fanning the story of Playback is also the story of music and the music business in the 20th century **Playback ? A Genealogy of 1980s**

Slayton, 2010-12-23 In Women of Influence in Contemporary Music Nine American Composers Michael K Slayton has collected essays which focus on women who have made significant contributions to American music Elizabeth Austin Susan Botti Gabriela Lena Frank Jennifer Higdon Libby Larsen Tania León Cindy McTee Marga Richter and Judith Shatin While these composers have much in common not least of all dedication to their art their individual stories reveal different impulses in American music Their works reflect the shifting societal landscapes in the United States over the last seven decades as well as different stylistic approaches to writing music Each chapter includes a biography of the composer an interview and a detailed analysis of one major composition The composers openly reflect on their individual journeys in which they have discovered respective musical languages and have found success during different times in history Because few music books focus solely on female composers Women of Influence in Contemporary Music offers a rare glimpse into the styles and attitudes of gifted women and their work *Music and Technoculture* René T. A. Lysloff, Leslie C. Gay, Jr., 2013-08-15 Moving from web to field from Victorian parlor to 21st century mall the 15 essays gathered here yield new insights regarding the intersection of local culture musical creativity and technological possibilities Inspired by the concept of technoculture the authors locate technology squarely in the middle of expressive culture they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience and they argue that this merger does not necessarily result in a cultural grayout but instead often produces exciting new possibilities In this collection we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies yet remain profoundly local in style and meaning CONTRIBUTORS Leslie C Gay Jr Kai Fikentscher Tong Soon Lee Ren T A Lysloff Matthew Malsky Charity Marsh Marc
