The Esoteric Tarot Ronald Decker, 2013-07-09 That the Tarot originated in ancient Egypt as a divinatory tool is a romantic misconception Ron Decker's meticulous scholarship will surprise practitioners and academics alike revealing the Tarot's true evolution and meanings as its inventor understood it The Tarot consists of the Minor Arcana four suits of cards similar to our modern deck and the Major Arcana twenty two allegorical or trump cards Decker says the four suit deck was invented in Asia Minor before AD 1000 Italian courtiers added the trumps in the 1400s But Tarot was first used as a game Tarot divination was only created in the 1700s by a Parisian fortuneteller who based the trump images on Hermeticism which

merges Greco Egyptian alchemy astrology numerology magic and mysticism Today the suit cards are often traced to the ancient Jewish Cabala But says Decker they too acquired their meanings only in the 1700s and he cites a lost numerical system based on Cabala at that time Decker s interpretation integrates three whole systems astrological arithmological mystagogical concerning initiation rites into the Mysteries His depth of knowledge makes the book a must have for serious students of Tarot and esotericism
