*Europe and the Wolf* Sara Nadal-Melsió, 2025-04-15 How the work of several contemporary artists illuminates and

challenges the policing of European borders and identity In this stunningly original book Sara Nadal Melsi explores how the work of several contemporary artists illuminates the current crisis of European universalist values amid the brutal realities of exclusion and policing of borders The wolf is the name Baroque musicians gave to the dissonant sound produced in any attempt to temper and harmonize an instrument Europe and the Wolf brings this musical figure to bear on contemporary aesthetic practices that respond to Europe s ongoing social and political contradictions Throughout Nadal Melsi understands Europe as a conceptual problem that often relies on harmonization as an organizing category The wolf as an emblem of disharmony incarnated in the stranger the immigrant or the refugee originates in the Latin proverb man is a wolf to man This longstanding phrase evokes the pervasive fear and even hatred of what is foreign unknown or beyond the borders of a community The book follows the wolf in a series of relays between the musical the visual and the political and through innovative readings of artworks by among others Carles Santos Pere Portabella Allora Calzadilla and Anri Sala Traversed by the musical these artworks as well as Nadal Melsi s writing present unstable symbolic and material ensembles in an array of variations of political possibilities and impossibilities that evade institutions intolerant of uncertainty and wary of diversity
