Hunting Lieutenant Chadbourne Jim W. Corder, 2011-01-01 On May 9 1846 Second Lieutenant Theodore Lincoln Chadbourne United States Army fell in the battle of Resaca de la Palma during the war with Mexico Dead at twenty three in a remote desert his promise outweighing his accomplishments Chadbourne slid into obscurity But his lapse was not immediate nor was it complete clues to Chadbourne lay scattered about the historical landscape Hunting Lieutenant Chadbourne is Jim W Corder's account of his obsessive search for information about this soldier whose name he first read on a historical marker beside a highway in Texas A thoughtful meditation on the connectedness of history and the possibilities of recovering and understanding the past the book reveals as much about

Corder's literary and historiographical preoccupations as it does about the life of his subject. Rather than order his material into a linear chronological narrative, Corder presents it in much the same sequence and form as it came to him. The effect is to dramatize the historical process and allow the very details that Corder collects to reveal Chadbourne to the reader. Who was Chadbourne and can we ever really know? If Corder has any answers, they lie in his subtext of uncertainty.

Pleasant Bend Dan Worrall, 2016. Today's Greater Houston is a vast urban place. In the mid-nineteenth century, however, Houston was a small town, a dot in a vast frontier. Extant written histories of Houston largely confine themselves to the small area within the city limits of the day, leaving nearly forgotten the history of large rural areas that later fell beneath the city's late twentieth-century urban sprawl. One such area is that of upper Buffalo Bayou, extending westward from downtown Houston to Katy. European settlement here began at Piney Point in 1824, over a decade before Houston was founded. Ox wagons full of cotton traveled across a seemingly endless tallgrass prairie from the Brazos River east to Harrisburg and later to Houston along the San Felipe Trail, built in 1830. Also here, Texan families fled eastward during the Runaway Scrape of 1836; immigrant German settlers trekked westward to new farms along the north bank of the bayou in the 1840s; and newly freed African American families walked east toward Houston from Brazos plantations after Emancipation. Pioneer settlers operated farms, ranches, and sawmills. Near present-day Shepherd Drive, Reconstruction-era cowboys assembled herds of longhorns and headed north along a southeastern branch of the Chisholm Trail. Little physical evidence remains today of this former frontier world. **The Fall of 1972: A Season for the Perfect Storm** Dr. Randy White, 2014. About sixty miles north of Houston on Interstate 45, a giant statue soars above the piney woods of East Texas. It's a white concrete image of General Sam Houston, the first and third president of the Republic of Texas. Like everything in this state, it is oversized and at seventy feet tall, it's the largest statue of an American hero in the country. The statue welcomes the traveler to Huntsville, a small sleepy college town that was the home of Sam Houston and which now is the home of Sam Houston State University (SHSU) and another Texas icon, the Texas Department of Corrections (TDC). On one side of its wall, convicts struggle with the rigors of prison life, and on the other, at the university, another group of youths struggles with the demands of college. The contrast between the two serves as a metaphor for modern American life. This story is seen from the point of view of a man who experienced events on both sides of the prison wall. On one side of the wall, Randy White was a guard known as Boss White to the inmates. On the other side was Randy White, a college student in 1972 and the Bearkats, the SHSU basketball

team official statistician He was part of the story when the Bearkats became a basketball legend in the early seventies Football is the renowned culture of Texas If one has any doubts then look at the Dallas Cowboys and the popularity of its cheerleading Now there are cheerleading squads in the NFL as well as on the college football scene There is nothing new or unique about that But none are as famous as the Dallas Cowboys Cheerleaders To make the squad and wear the white short shorts and blue and white bolero jackets today is more prestigious than making the Radio City Music Hall Rockettes back in the forties Such is the stature of football in Texas So Texas is definitely football country Basketball lives in the outskirts something to be played in between football seasons Sam Houston State University's basketball team had been lackluster for forty years Nobody expected much from SHSU basketball in 1972 Until the early seventies back when a bunch of basketball players intent on winning burst on the scene like a perfect storm Such as the one that brewed up one October day off New England and it came out of nowhere A confluence of different weather related phenomena had combined to produce what was termed a perfect storm That same perfect storm hit Huntsville It was as if someone had put into a cauldron a unique combination of talent coaching spirit camaraderie and a new social awareness and mixed them up and out came a dream team a dream season a perfect storm This is the story of that perfect storm that dream season Archie's Boys Dr. Randy White, Michael Valentino, 2017-10-20 About sixty miles north of Houston on Interstate 45 a giant statue soars above the piney woods of East Texas Its a white concrete image of General Sam Houston the first and third president of the Republic of Texas Like everything in this state it is oversized and at seventy feet tall its the largest statue of an American hero in the country The statue welcomes the traveler to Huntsville a small sleepy college town that was the home of Sam Houston and which now is the home of Sam Houston State University SHSU and another Texas icon the Texas Department of Corrections TDC On one side of its wall convicts struggle with the rigors of prison life and on the other at the university another group of youths struggle with the demands of college The contrast between the two serves as a metaphor for modern American life This story is seen from the point of view of a man who experienced events on both sides of the prison wall On one side of the wall Randy White was a guard known as Boss White to the inmates On the other side was Randy White a college student in 1972 and the Bearkats the SHSU basketball team official statistician He was part of the story when the Bearkats became a basketball legend in the early seventies Football is the renowned culture of Texas If one has any doubts then look at the Dallas Cowboys and the popularity of its cheerleading Now there are cheerleading squads in the NFL as well as on the college football scene There is nothing new or unique about that But none are as famous as the Dallas Cowboys Cheerleaders To make the squad and wear the white short shorts and blue and white bolero jackets today is more prestigious than making the Radio City Music Hall Rockettes back in the forties Such is the stature of football in Texas So Texas is definitely football country Basketball lives in the outskirts something to be played in between football seasons Sam Houston State University's basketball team had been lackluster for forty years Nobody expected much from SHSU basketball in 1972 until the early
