ARMAGEDDON IS APPROACHING Jimmie Chapman, 2017-10-10 This book reveals Bible prophecies that show us we are living near the end of time. Author Dr Jimmie Chapman says 'The signs are everywhere and we need to be observant. History proves that the ancient Bible prophecies concerning the nation of Israel and the coming of Christ were accurately fulfilled. We as Christians, the people of God, should not fail to recognize the signs that God is giving this generation. The generation that is alive right now could see the end of the world as we know it. The world is rapidly moving toward the one world government, the Beast, which both Daniel and John prophesied to rule the world in the last days. The Beast is here now and is in the advanced stages of its formation. Its military arsenal already exists in entities like the UN, the US, NATO, the EU, China, Russia, and others. The beastly government that will control all that military hardware is slowly and subtly taking form behind the scenes in what has been called The New World Order.' *In the Tracks of Tamerlane* Daniel L. Burghart, Theresa Sabonis-Helf, 2004

On the Nature of Poetry Kenneth Verity,2012-08-08 Some guides to a subject could more or less be written by any expert in that field but a small minority are unique creations of a rare individual who has their own view Unfortunately most of the latter types of guides fail to be good general guides Verity s genius makes him the exception This book is arranged in chronological chapters that trace the evolution of poetry as an art form At the same time each chapter gives a most practical explanation of how that aspect of poetry that it covers works and why The book is immensely readable hugely informative and adds to the ability of the reader to enjoy and to create poetry It is a classic Epictetus Amazon review The great merit of Verity s approach is that he quotes lavishly throughout not only from the poems themselves but also from a variety of critics LIBRARY REVIEWS Of his first book of sonnets Kingsley Amis wrote They belong within the corpus of English poetry Excerpts of Interview with Kenneth Verity on The Vanessa Phelps BBC Radio programme on June 2009 on the News Page off the Home page The amount of reading which underpins this book is breathtaking The great merit of Verity s approach is that he quotes lavishly throughout not only from the poems themselves but also from a variety of critics The chapter on poetry s figurative element is a model of lucid definition and telling illustration showing how many layers of meaning may lie behind a single word LIBRARY REVIEWS The author writes The intention of this book is to examine and analyse the essential nature of the phenomenon we call poetry to seek an understanding of the power this art form exerts over mind and heart to comprehend its potency and to explain its perennial ability to command the respect of mankind Almost a library in one volume this unusual book written by an accomplished poet examines the 4000 years old phenomenon of poetry *Irish Materialisms* Colleen Taylor,2024 Irish Materialisms The Nonhuman and the Making of Colonial Ireland 1690 1830 is the first book to apply recent trends in new materialist criticism to Ireland It radically shifts familiar colonial stereotypes of the feminized racialized cottier according to the Irish peasantry s subversive entanglement with nonhuman materiality Each of the chapters engages a focused case study of an everyday object in colonial Ireland coins flax spinning wheels mud and pigs to examine how each object s unique materiality contributed to the colonial ideology of British paternalism and afforded creative Irish expression The main argument of Irish Materialisms is its methodology of reading

literature through the agency of materiality and nonhuman narrative in order to gain a more egalitarian and varied understanding of colonial experience Irish Materialisms proves that new materialism holds powerful postcolonial potential Through an intimate understanding of the materiality Irish peasants handled on a daily basis this book presents a new portrait of Irish character that reflects greater empowerment resistance and expression in the oppressed Irish than has been previously recognized The Life and Times of Genghis Khan Jim Whiting,2006-09 To some people Genghis Khan was a very evil man He reportedly killed millions of people most of them in cold blood To others he was the man who established an era of peace and prosperity This achievement allowed the free exchange of ideas and new inventions between Asia and Europe One thing is certain According to the results of a newspaper poll he was the Man of the Millennium That means he was the most important human being to live between the years 1000 and 2000 What is especially remarkable about Genghis Khan is that he even lived to manhood His family was abandoned on the harsh steppes of Central Asia Somehow they managed to survive Genghis began an upward climb that several times nearly resulted in his death He overcame those obstacles Leading one of history s most remarkable armies he established one of the largest empires in world history *Preventing Genocide* David A. Hamburg,2015-11-17 Genocide has been called a problem from hell and despite vehement declarations of never again it s a problem that continues to plague the world From the beginning of history to the most recent massacres in Bosnia Rwanda and Darfur genocide defies resolution And given today s worldwide access to highly lethal weapons and advanced communications technology facilitating incitement to hate we can expect to see this problem grow It is often claimed that genocide occurs without warning taking both local and global communities by surprise Yet as David Hamburg convincingly shows we have had long term advance knowledge of most modern genocides dating back to the early 20th century Armenian tragedy in Turkey and before In this book Dr Hamburg applies a groundbreaking new perspective the medical model of prevention to the scourge of genocide in the world Preventing genocide is not only possible Dr Hamburg contends but essential given its high cost in lives human rights and international security Here he maps out numerous practical steps to recognise genocidal conflicts early and stem their tides of violence before they become acute He also outlines several institutions in place and programs underway at the UN EU and NATO devoted to preventing future genocides before they erupt He draws lessons both from missed opportunities and successful experiences and makes many constructive suggestions about strengthening international institutions governments and NGOs for this purpose United Empire ,1921 War Publications and Reports of the War Committee of the University of Illinois, 1917-1919 University of Illinois (Urbana-Champaign campus).
