Organizing and Managing Integrated Rural Development George Honadle, 1987 New Directions In Comparative Politics, Third Edition Howard Wiarda, 2019-03-06 This text sees the new diversity of approaches as healthy and invigorating The diversity in comparative politics over the past two decades has been reflected in prior editions of this book Food Production And Rural Development In The Sahel R. James Bingen, 2019-03-04 In Mali and throughout the Sahel governments increasingly rely on parastatal organizations to overcome the problems of lagging food production and rural poverty This book examines the political and economic consequences of the efforts of one organization Operation Riz Segou in Mali to increase smallholder food and cash crop production Drawing extensively on fieldwork in Mali the author finds that significant investments in irrigation facilities financed by foreign aid have not reduced the smallholder s vulnerability to the risks posed by weather and uncertain flood levels of the Niger River The extension system discourages smallholder investment for long term agricultural development because of its preoccupation with supervision and administrative control Moreover the Operation engages in many popular rural development activities literacy programs farmer training women s artisanal centers that give the facade of grassroots participation but in reality do not provide villagers a critically needed voice in local program administration Comparing Operation Riz Segou to similar parastatal agricultural development programs in the Sahel Dr Bingen discusses why only those policies deliberately designed and carefully implemented to share power with the majority of the people can lay the political and economic foundation required to overcome rural poverty and resolve the food crisis in the Sahel *Markets and States in Tropical Africa* Robert H. Bates, 2014-04-12 Following independence most countries in Africa sought to develop but their governments pursued policies that actually undermined their rural economies Examining the origins of Africa s growth tragedy *Markets and States in Tropical Africa* has for decades shaped the thinking of practitioners and scholars alike Robert H Bates s analysis now faces a challenge however the revival of economic growth on the continent In this edition Bates provides a new preface and chapter that address the seeds of Africa s recovery and discuss the significance of the continent s success for the arguments of this classic work *Rural Development* Robert Chambers, 2014-05-12 Rural poverty is often unseen or misperceived by outsiders Dr Chambers contends that researchers scientists administrators and fieldworkers rarely appreciate the richness and validity of rural people s knowledge or the hidden nature of rural poverty This is a challenging book for all concerned with rural development as practitioners academics students or researchers **Administrative Culture in Developing and Transitional Countries** Ishtiaq Jamil, Steinar Askvik, Farhad Hossain, 2016-03-17 The book explores theoretical methodological and empirical underpinnings of administrative culture as well as prospects and challenges associated with it in the context of and across developing and transitional countries Referring to dominant norms and values in public organizations administrative culture is about the

attitudes and perceptions of public officials In many countries civil servants are criticised for being corrupt incompetent unreliable and self centred Their attitudes norms and values and the way they act are in constant conflict with rule of law Recently the virtues of the Weberian model of bureaucracy have been reclaimed as an alternative to New Public Management NPM i e as a model which emphasizes impartiality rule following expertise and hierarchy rather than manipulation of incentive structures and market competition In particular it has been argued that a system of meritocratic recruitment and predictable long term careers increases the professional competence of the bureaucrats and fosters a culture of professionalism among them Still it is unclear how and under what conditions such a model can be adopted Among main hindrances seems to be established power structures and the existing political and societal culture which undermine the effective implementation of the Weberian model This book was published as a special issue of the International Journal of Public Administration

Beyond Urban Bias Ashutosh Varshney, 2014-02-04 First Published in 1993 This title sets out to spark debate and learn from the urban bias theory The author suggests that recent political economy research suggests that it is time to redefine the problem of urban bias Viewed as a collective engagement with the urban bias theory this volume presents the new research along with the responses of Bates and Lipton These studies do not add up to an alternative theory of why the state behaves the way it does towards the countryside They do however point to the factors that need careful attention in future research These papers can be seen as building blocks for the construction of an alternative theory of the state and agriculture
