Marcel Proust, John Ruskin, Eric Karpeles, Damion Searls, 2011-08-24 To understand a profound thought is to have at the moment one understands it a profound thought oneself and this demands some effort a genuine descent to the heart of oneself Only desire and love give us the strength to make this effort The only books that we truly absorb are those we read with real appetite after having worked hard to get them so great had been our need of them Reading was for Marcel Proust more than the pursuit of knowledge a truly spiritual activity it was a means of transforming and transcending the self By reading great authors he contends we not only learn of great ideas but are enriched by the fruits of the world's most inspirational minds **The Rise of the Memoir** Alex Zwerdling, 2017 The Rise of the Memoir traces the growth and

extraordinarily wide appeal of the memoir Its territory is private rather than public life shame guilt and embarrassment not the achievements celebrated in the public record What accounts for the sharp need writers like Rousseau Woolf Orwell Nabokov Primo Levi and Maxine Hong Kingston felt to write and to publish such works when they might more easily have chosen to remain silent Alex Zwerdling explores why each of these writers felt compelled to write them as that story can be reconstructed from personal materials available in archival collections what internal conflicts they encountered while trying and how each of them resisted the private and public pressures to stop themselves rather than pursuing this confessional route against their own doubts without a reasonable expectation that such works would be welcome in print and eventually find an empathetic audience Reconstructing this process in which a dubious project eventually becomes a compelling product a memoir that will last illuminates both what was at stake and why this serially invented open form has reshaped the expectations of readers who welcomed a vital alternative to the official story **Underserved Women of Color, Voice, and Resistance** Sonja M. across historical eras cultures genres and media Departing from the familiar approaches of influence and textual studies this book locates its central inquiry in the theoretical questions surrounding the workings of ideology genre and genre ideology in shaping and transforming stories The ten essays included in this volume respond to a general question what can the transformation of Nights stories in their travels tell us about narrative and storytelling and their function in a particular culture Following a Nights story in its travels from past to present from Middle East to Europe and from literature to film the book engages in close comparative analyses of ideological variations found in a variety of texts These analyses allow new modes of reading texts and make it possible to breach new horizons for thinking about narrative This Book was previously published as a special issue of Middle Eastern Literatures entitled Ideological Variations and Narrative Horizons New Perspectives on Arabian Nights **Tell Me True** Patricia Hampl, Elaine Tyler May, 2008-10-14 Fourteen accomplished writers investigate the tantalizing gray area where memory and history intersect The Problem Of The Soul Owen Flanagan, Owen J.
