*Handbook of Accessible Communication* Christiane Maaß,Isabel Rink,2024-07-02 Accessible communication comprises all measures employed to reduce communication barriers in various situations and fields of activity Disabilities illnesses different educational opportunities and or major life events can result in vastly different requirements in terms of how texts or messages must be prepared in order to meet the individual needs and access conditions of the recipients of accessible communication This handbook examines and critically reflects accessible communication in its interdisciplinary breadth Current findings proposed solutions and research desiderata are juxtaposed with reports from practitioners and users who provide insights into how they deal with accessible communication and highlight current and future requirements and problems Instructors Manual Kathleen T. McWhorter,2001-11-08 *A Cyclical Model of Literacy Learning* Adrienne

Minnery, Antony T. Smith, 2024 This book introduces the Cycle of Responsibility COR model the next step in the evolution of the Gradual Release of Responsibility model which has been a conceptual mainstay of literacy education for decades This new model shifts the current linear model to a cyclical process of multifaceted interactions that better reflect the complexities of early literacy and with an emphasis on constructing knowledge together in the context of vibrant learning communities Focused on reading writing and word study in the primary grades the COR is put into motion through five key motivators challenge creativity collaboration choice and independence Vignettes demonstrate how to enact COR in classroom contexts This practical resource is based on the authors shared research and teaching experiences in employing the COR to empower children as literacy learners and teachers as agents of impactful instruction Book Features Presents the Cycle of Responsibility model a new field tested teaching and learning model Moves away from linear task completion to a cyclical collaborative process that reflects the energetic complex and creative world of classrooms Provides a teacher centric approach that emphasizes shared construction of knowledge and the forces that motivate young learners Includes vignettes from the author s first grade classroom to illustrate ideas in practice as well as a chapter on teacher professional learning This book is a great example of how committed scholars of practice can transport research based practices into a discourse that speaks to teachers Read it Try it You ll like it From the Foreword by P David Pearson emeritus professor UC Berkeley
