creates a citizenry satiated with consumer goods unaware of alternative ways of living In the public sector critical theory suggests that governing systems are influenced if not controlled by the wealthy and powerful leaving public professionals to decide whether to serve those interests or the interests of a broader public This book provides a framework for the application of critical social theory in public administration Its goal is to encourage awareness among public administration scholars and practitioners of social conditions that tend to shape and constrain scholarship practice teaching and social change At a time when concern for public interest and a civil society have largely been displaced by the goals of economic efficiency and the New Public Management Critical Social Theory in Public Administration presents a viable alternative that incorporates the latest views of postmodern thinking with the central elements of critical social theory Social Theory and the Crisis of Marxism Joe McCarney, 1990 It is frequently asserted that Marxism as an intellectual tradition is in a state of crisis The many defeats and disappointments suffered by socialist movements in the West and the absence of a working model of a fully achieved socialist society have prompted much self questioning In recent times various strands of post Marxist thought have developed which surrender the ideological initiative to the radical right This philosophical reinterpretation of Marxism seeks to explain the nature and historical origins of the current crisis and to point a way forward to rebirth McCarney argues that there are neglected truths about Marxism which need urgently to be restated Rejecting the dominant interpretation that theory is essentially a critique of capitalist society he reaffirms the classical Marxist model in which socialist theory uncovering a rational order emergent within existing society reveals to the agents of socialist change their historical role McCarney s meticulous analysis systematically examines the relationship between theory critique and social agency to be found in classical Marxism in the work of such leading Marxists as Lukacs Adorno and Althusser and in the recent analytical realist accounts of Marxist theory The book concludes that theoretical as well as social or political advance depends upon the fate of the new proletarian movements and identifies the developments in philosophy and political economy which are needed to ensure that Marxism remains a living intellectual force in the contemporary world *Not Yet* Jamie Owen Daniel, Tom Moylan, 1997 Ernst Bloch 1885 1977 is now recognized as a philosopher and cultural critic of the greatest importance his subtle and profound developments of utopian Marxism as influential for the student New Left of the 1960s and 1970s as they were for the leftist movements of the twenties Today in the United States and Britain his enormous body of work is attracting a new generation of readers more translations are appearing and his utopian thought is finding a new resonance in many different contexts Several of the authors here address the centrality of a radically unconventional concept of utopia to Bloch s thought others write on the question of memory and pedagogical theory There is a Blochian reading of crime fiction illuminating overviews of Bloch s work and an exploration of the stylistics of hope in Bloch s *Spuren* as well as a translation of excerpts from that extraordinary book The essays gathered are intended above all to recommend Bloch s work as a challenge to older models of historical materialism and utopian emancipation and give specific examples of

how that work can contribute to current debates about utopia nationalism and collective memory the liberatory content of popular cultural forms and the complex relationship between ideology and everyday life Together they provide a timely introduction to one of the most inspiring thinkers of the twentieth century Contributors include Klaus Berghahn Tim Dayton Vincent Geoghagan Henry Giroux David Kaufmann Mary Layoun Ruth Levitas Peter McLaren Tom Moylan Darko Suvin and Jack Zipes
