

Republicanism

- Republicanism is based the belief that people exercise their power by voting for their political representatives.
- Article 4, Section 4, of the Constitution also calls for every state to have a "republican form of government."
- A **republic** is a form of government in which the supreme power rests in the body of citizens entitled to vote and is exercised by representatives chosen directly or indirectly by them.
- In a republic, people elect others to represent them in the government.

Reason And Republicanism

Ashley Dodsworth, Iseult Honohan

Reason And Republicanism:

Reason and Republicanism Gary L. McDowell, L. Sharon Noble, Sharon L. Noble, 1997 An international collection of the world's most distinguished historians and political philosophers takes a fresh look at the political, legal and philosophical contributions of Thomas Jefferson. The insightful essays analyze and illuminate the sophisticated layers of the political and legal thought of America's most influential and intellectually complex Founder. With contributors that include Elizabeth Fox-Genovese, Morton Frisch, Paul Rahe, James Stoner, Robert K. Faulkner, John Zvesper, Howard Temperly, Robert A. Rutland, Raoul Berger, Colin Bonwick, Peter Parish, Jeffrey Sedgwick, J. R. Pole, Richard King and Jean M. Yarbrough, this is essential reading for historians and political philosophers.

Republicanism: Volume 1, Republicanism and Constitutionalism in Early Modern Europe Martin van Gelderen, Quentin Skinner, 2002-11-21 These volumes are the fruits of a major European Science Foundation project and offer the first comprehensive study of republicanism as a shared European heritage. Whilst previous research has mainly focused on Atlantic traditions of republicanism, Professors Skinner and van Gelderen have assembled an internationally distinguished set of contributors whose studies highlight the richness and diversity of European traditions. Volume I focuses on the importance of anti-monarchism in Europe and analyses the relationship between citizenship and civic humanism, concluding with studies of the relationship between constitutionalism and republicanism in the period between 1500 and 1800. Volume II, first published in 2002, is devoted to the study of key republican values such as liberty, virtue, politeness and toleration. This volume also addresses the role of women in European republican traditions and contains a number of in-depth studies of the relationship between republicanism and the rise of a commercial society in early modern Europe.

Mary Wollstonecraft and Feminist Republicanism Lena Halldenius, 2015-10-06 Mary Wollstonecraft is a writer whose work continues to provoke scholarly debate. Halldenius explores Wollstonecraft's political philosophy, focusing on her treatment of republicanism and independence to propose a new way of reading her work that of a feminist republican.

Spinoza and Republicanism R. Prokhovnik, 2004-03-31 Dutch republicanism represents a crucially important context within which to discuss Spinoza's political theory and his conception of politics. Spinoza and Republicanism provides an important account of his key political concepts as well as a fresh and stimulating perspective on the links between Spinoza's two political works and contemporaneous debate and traditions. By identifying the distinctiveness of Dutch republicanism and Spinoza's contribution to it, Raia Prokhovnik also throws new light on recent discussions of republicanism and its history.

Radical Republicanism Bruno Leipold, Karma Nabulsi, Stuart White, 2020-03-05 Republicanism is a powerful resource for emancipatory struggles against domination. Its commitment to popular sovereignty subverts justifications of authority, locating power in the hands of the citizenry who hold the capacity to create, transform and maintain their political institutions. Republicanism's conception of freedom rejects social, political and economic structures subordinating citizens to any uncontrolled power from capitalism and wage labour to patriarchy and imperialism. It views any such domination as inimical

to republican freedom Moreover it combines a revolutionary commitment to overturning despotic and tyrannical regimes with the creation of political and economic institutions that realise the sovereignty of all citizens institutions that are resilient to threats of oligarchical control This volume is dedicated to retrieving and developing this radical potential challenging the more conventional moderate conceptions of republicanism It brings together scholars at the forefront of tracing this radical heritage of the republican tradition and developing arguments texts and practices into a critical and emancipatory body of political and social thought The volume spans historical discussions of the English Levellers French and Ottoman revolutionaries and American abolitionists and trade unionists explorations of the radical republican aspects of the thought of Machiavelli Marx and Rousseau and theoretical examinations of social domination and popular constitutionalism It will appeal to political theorists historians of political thought and political activists interested in how republicanism provides a robust and successful radical transformation to existing social and political orders

Perspectives on English Revolutionary Republicanism Dr Gaby Mahlberg, Prof Dr Dirk Wiemann, 2014-04-28 *Perspectives on English Revolutionary Republicanism* takes stock of developments in the scholarship of seventeenth century English republicanism by looking at the movements and schools of thought that have shaped the field over the decades the linguistic turn the cultural turn and the religious turn While scholars of seventeenth century republicanism share their enthusiasm for their field they have approached their subject in diverse ways The contributors to the present volume have taken the opportunity to bring these approaches together in a number of case studies covering republican language republican literary and political culture and republican religion to paint a lively picture of the state of the art in republican scholarship The volume begins with three chapters influenced by the theory and methodology of the linguistic turn before moving on to address cultural history approaches to English republicanism including both literary culture and practical political culture The final section of the volume looks at how religion intersected with ideas of republican thought Taken together the essays demonstrate the vitality and diversity of what was once regarded as a narrow topic of political research

Green Politics and Civic Republicanism Ashley Dodsworth, Iseult Honohan, 2022-08-15 The political and environmental crises of the twenty first century require new approaches to the way we think and act politically This book explores the potential for engagement between green and civic republican thought as part of these new approaches The green and civic republican traditions have important historical and conceptual connections They share an emphasis on the idea of interdependence the common good as distinct from individual and sectional interests and a corresponding critique of freedom as non interference and of arguments for minimising the state Both see the human project as marked by vulnerability and the achievement of stability and sustainability as a critical though fragile goal in whose realisation the state must play a significant role Both focus accordingly on constitutional law active citizenship and participatory democracy and adopt a critical stance towards economic inequality and capitalist economic growth The chapters address these in a variety of ways from examining fundamental concepts freedom rights and

political judgement through analysing the potential grounds for connections between green and republican political theory vulnerability limits sustainability and civic virtue to outlining the kind of agonistic republican politics and green political economy that these imply The chapters in this book were originally published as a special issue of Critical Review of Social and Political Philosophy

The Republican Dilemma Lars J. K. Moen, 2024 The first chapter introduces the debate over freedom between republicans and liberals It also sketches the framework I employ throughout the book to analyse and compare republican freedom and the pure negative conception of liberal freedom The chapter ultimately shows how the book is structured so as to demonstrate how the conceptual dispute results in the republican dilemma which is also introduced in the chapter

Towards Confucian Republicanism Elton Chan, 2025 Over the last century Confucianism has been searching for a place in the modern political world This ancient tradition was once the philosophical cornerstone upon which powerful political orders were built but the collapse of monarchies in the twentieth century has removed Confucianism from its institutional manifestations And despite the liberal turn of Confucianism in the 1950s that sought to adopt liberal democracy as the tradition's political future there appears to be an increasing revival of the authoritarian strands of thought among Confucian scholarship In Towards Confucian Republicanism Elton Chan develops a theoretical framework of Confucianism for the twenty first century Chan argues that liberal Confucians must take seriously the internal authoritarian leanings of Confucianism and then argue against such strands of the Confucian tradition He shows that Confucians are keen on concentrating power in the hands of the virtuous not merely for promoting order and material livelihood but also for general moral cultivation Yet this use of political and moral hierarchy as institutional platforms for perfectionist development is self defeating To counter the authoritarian turn in Confucian scholarship Chan articulates a vision of a hybrid political order that brings together Confucianism and republican democracy He makes the case that Confucianism stands a much higher chance of achieving its political and moral ideals good governance and collective virtuous cultivation when merged with republicanism Covering a uniquely wide range of Confucian classics and outlining his novel vision for Confucianism Chan addresses pressing issues in contemporary political philosophy including virtue politics balance of power civic education public reason constraint and the role of civil society In so doing Chan convincingly argues that to materialize Confucianism's ideals is to collectively practice democracy as a virtuous way of life

German Political Philosophy Chris Thornhill, 2007-01-24 This book combines philosophical intellectual historical and political theoretical methodologies to provide a new synoptic reading of the history of German political philosophy Incorporating chapters on the political ideas of Luther and Zwingli on the politics of the early Enlightenment on Idealism on Historicism and Lukács on early Twentieth Century political theology on the Frankfurt School and on Habermas and Luhmann the book sets out both a broad and a detailed discussion of German political reflection from the Reformation to the present In doing so it explains how the development of German political philosophy is marked by a continual concern with certain unresolved and recurrent

problems It claims that all the major positions address questions relating to the origin of law that all seek to account for the relation between legal validity and metaphysical and theological superstructures and that all are centred on the attempt to conceptualise and reconstruct the character of the legal subject

As recognized, adventure as without difficulty as experience very nearly lesson, amusement, as competently as covenant can be gotten by just checking out a book **Reason And Republicanism** as a consequence it is not directly done, you could resign yourself to even more going on for this life, something like the world.

We manage to pay for you this proper as without difficulty as simple pretentiousness to get those all. We offer Reason And Republicanism and numerous books collections from fictions to scientific research in any way. along with them is this Reason And Republicanism that can be your partner.
