Need Jeffrey E. Fite,2009 During recent interviews with U S Army commanders researchers from the U S Army Research
Institute for the Behavioral and Social Sciences learned of a critical requirement for training to support missions aimed at
developing and supporting legitimate host nation governance HNG Unfortunately such training is not currently available
Therefore the primary purposes of this report were to document the Army s need for governance related training and provide
a tool to aid upcoming efforts to address that need Through interviews with Soldiers and leaders we confirmed the training
needs initially communicated to us and learned of the governance activities of Soldiers at squad platoon company and
battalion levels Through a review of recent Army Field Manuals 3 24 3 07 and 3 24 2 we demonstrated that doctrine has
provided an extensive framework upon which governance training can be developed Through a review of academic and non
governmental literature we identified commonly used indicators of governance and made note of important considerations
for their use We conclude our report with a preliminary research plan with which we will pursue the development of training
that will prepare Soldiers to develop enhance and support local level HNG **A New Perspective on Intergovernmental**
