Recent Researches In Sikhism

Graham Harvey

Recent Researches In Sikhism:

Recent Researches in Sikhism, 1992 Contributed articles outcome of seven joint conferences held at Canada and U S A 1990 International Bibliography of Sikh Studies Rajwant Singh Chilana, 2006-01-16 The International Bibliography of Sikh Studies brings together all books composite works journal articles conference proceedings theses dissertations project reports and electronic resources produced in the field of Sikh Studies until June 2004 making it the most complete and up to date reference work in the field today One of the youngest religions of the world Sikhism has progressively attracted attention on a global scale in recent decades An increasing number of scholars is exploring the culture history politics and religion of the Sikhs The growing interest in Sikh Studies has resulted in an avalanche of literature which is now for the first time brought together in the International Bibliography of Sikh Studies This monumental work lists over 10 000 English language publications under almost 30 subheadings each representing a subfield in Sikh Studies The Bibliography contains sections on a wide variety of subjects such as Sikh gurus Sikh philosophy Sikh politics and Sikh religion Furthermore the encyclopedia presents an annotated survey of all major scholarly work on Sikhism and a selective listing of electronic and web based resources in the field Author and subject indices are appended for the reader's convenience The Sikh Diaspora Darsham Singh Tatla, 2005-08-08 This book offers an overview of the Sikh diaspora exploring the relationship between home and host states and between migrant and indigenous communities The book considers the implications of history and politics of the Sikh diaspora for nationality citizenship and sovereignty The text should serve as a supplementary text for undergraduates and postgraduates on courses in race ethnicity and international migration within sociology politics international relations Asian history and human geography In particular it should serve as a core text for Sikh Punjab courses within Asian studies Historical Dictionary of Sikhism Louis E. Fenech, W. H. McLeod, 2014-06-11 Sikhism traces its beginnings to Guru Nanak who was born in 1469 and died in 1538 or 1539 With the life of Guru Nanak the account of the Sikh faith begins all Sikhs acknowledging him as their founder Sikhism has long been a little understood religion and until recently they resided almost exclusively in northwest India Today the total number of Sikhs is approximately twenty million worldwide About a million live outside India constituting a significant minority in the United Kingdom Canada and the United States Many of them are highly visible particularly the men who wear beards and turbans and they naturally attract attention in their new countries of domicile This third edition of Historical Dictionary of Sikhism covers its history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 1000 cross referenced entries on key persons organizations the principles precepts and practices of the religion as well as the history culture and social arrangements This book is an excellent access point for students researchers and anyone wanting to know more about Sikhism **The ^Acherished Five in Sikh History** Louis E. Fenech, 2021-01-14 Despite the centrality of this group to modern Sikhism scholarship on the Panj Piare has remained sparse Louis Fenech's new book examines the Khalsa and the

role that the Panj Piare have had in the development of the Sikh faith over the past three centuries The Oxford Handbook of Sikh Studies Pashaura Singh, Louis E. Fenech, 2014-03-27 The Oxford Handbook of Sikh Studies innovatively combines the ways in which scholars from fields as diverse as philosophy psychology religious studies literary studies history sociology anthropology political science and economics have integrated the study of Sikhism within a wide range of critical and postcolonial perspectives on the nature of religion violence gender ethno nationalism and revisionist historiography A number of essays within this collection also provide a more practical dimension written by artists and practitioners of the tradition The handbook is divided into eight thematic sections that explore different expressions of Sikhism Historical literary ideological institutional and artistic expressions are considered in turn followed by discussion of Sikhs in the Diaspora and of caste and gender in the Panth Each section begins with an essay by a prominent scholar in the field providing an overview of the topic Further essays provide detail and further treat the fluid multivocal nature of both the Sikh past and the present The handbook concludes with a section considering future directions in Sikh Studies *The Sikhs* Owen Cole, 1998-01-01 This fully revised and up to date edition has taken into account the comments of many academics All major aspects of the religion are covered its history and development the Sikh scriptures worship ceremonies and festivals religious thought daily life and ethics Studying the Sikhs John Stratton Hawley, Gurinder Singh Mann, 1993-01-01 This basic guide and resource book targets four fields religious studies history world literature and ethnic or migration studies in which Sikhism is now receiving greater attention The authors explain the problems of studying and interpreting Sikhism and opportunities for integrating Sikh studies into a broader curriculum in each field They also provide a sense of the Sikh community's own approach to education and evaluate materials and approaches at the North American university level Included are a sample syllabus with an explanatory essay a bibliographical guide a glossary and a general bibliography Gurinder Singh Mann's review of his course on Sikhism is an effective mini guide to the field as a whole *Religions in Focus* Graham Harvey, 2016-04-08 Religions in Focus engages with the religious lives of members of some of the most significant religions today It presents religions as contemporary ways of life that motivate and inspire people Because religious people refer to sacred texts honour the founders of their religions learn from elders or mould their lives according to authoritative teachings Religions in Focus explains the relationship between tradition and contemporary practice It offers an introduction to religions that is rooted in the best scholarship of the Study of Religions and provides a secure foundation for further study A team of Religious Studies scholars from many countries all skilled communicators about the contemporary religions with which they are thoroughly familiar introduce what it means to live as a religious person today They insist that however old or young these religions may be what is most interesting is the ways in which people express them today This is not a history of religions but an insightful introduction to living religions A guide to further study and a companion website will point to ways of building on knowledge gained in studying this book and applying skills developed in studying people's religious lives **The A to Z of Sikhism** W.

H. McLeod, 2009-07-24 Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism

Delve into the emotional tapestry woven by Emotional Journey with in **Recent Researches In Sikhism** . This ebook, available for download in a PDF format (PDF Size: *), is more than just words on a page; it's a journey of connection and profound emotion. Immerse yourself in narratives that tug at your heartstrings. Download now to experience the pulse of each page and let your emotions run wild.
