The COMPLETE Reluctant Adventures of Fletcher Connolly on the Interstellar Railroad Felix R.

Savage, 2018-11-11 An Irishman in space Hoards of alien technological treasures to be discovered What could go wrong Don't answer that Fletcher Connolly hasn't got a lot to lose Since he and half the galaxy signed on to the rat race of the technological relics trade Fletch has come to terms with the idea that he will join the ranks of unlucky explorers that perish light years from home without a dime to his name But bankruptcy is a great motivator With friends and family counting on him to strike it rich Fletch embarks on an unwilling quest for alien treasure His decrepit exploration ship the Skint Idjit and her successor the Intergalactic Bogtrotter plunge disastrously through the wildest regions of the Interstellar Railroad from an uninhabited planet appropriately named Suckass to a deliberately misnamed mafia run planet known as Arcadia to a rogue planet inhabited by aliens resembling cuddly teddy bears to a moon covered with giant cacti and ultimately to the supermassive black hole in the center of the galaxy where Fletch's terrible judgment comes back to bite him in the rear for the last time Epic catastrophes and belly laughs pile up breathlessly in this delightful comic sci-fi adventure a worthy successor to The Hitchhiker's Guide to the Galaxy This complete edition of The Reluctant Adventures Of Fletcher Connolly On The Interstellar Railroad contains all four episodes of Fletch's unlucky career Skint Idjit Intergalactic Bogtrotter Banjaxed Ceili Supermassive Blackguard Felix R Savage is the New York Times Wall Street Journal and USA Today bestselling author of the Earth's Last Gambit Quartet and many other books This is by far the funniest one Adventures of a Reluctant Boating Wife Angela Rice, 2013-07-09 When I was first invited by a new and handsome man to the local Yacht Club to see his boat I happily conjured up alluring pictures of me in an expensive bikini and a great suntan It didn't occur to me that see my boat might actually mean going out in the thing Before she knew it Angela Rice had agreed to a sailing trip on the notorious west coast of Scotland and to marry her skipper The voyage did nothing to allay her primal suspicion of anything afloat But years later one sunny Boat Show day she discovered the lifestyle lure of powerboats so much less daunting than their sailing counterparts She cajoled her man into crossing to the dark side with wild promises of becoming competent And slowly but surely reluctance gave way to relish scepticism to skippering the Solent to the Seine Originally published as a series in Motorboat Yachting magazine and illustrated with wonderful cartoons by David Semple this is a funny and engaging account of one woman's relationship with the sea a boat and her husband A Familiar Problem: Page-Turning Paranormal Cozy Adventure (Reluctant Familiar Mysteries, Book 2) Sam Cheever, Loyalties questioned worlds shaken nothing is what it seems LA will have to look beyond her own perceptions to see what's before her very eyes Or risk losing everything When the barriers between worlds are threatened LA and her friends are sent into the terrifying realm of Underworld on a super secret mission to discover who's behind the breaches LA believes she's going to battle against one of her own an aunt who's rumored to want multi dimensional domination What she finds once she gets there is nothing like what she expects Intrigues

swirl Loyalties change in the blink of an eye And loss beyond anything she can imagine waits just over the next horizon Someone is pulling the strings of it all and LA is fighting against the clock to discover who it is Can LA get to the bottom of the mystery and save the worlds Or will she lose what she loves one friend or family member at a time and face the crushing end of all she holds dear *Familiar Hijinks: Page-Turning Paranormal Cozy Adventure (Reluctant Familiar Mysteries, Book 3)* Sam Cheever, This year for Christmas LA s definitely feeling more jammed up than joyful When someone infects human Santa Claus stand ins with magic they can t control Christmas suddenly becomes more menacing than merry The last thing LA needs is to deal with a disaster that might bring the whole human population to their doorstep with pitchforks and torches She s woefully behind on her gift shopping Her Aunt Trudy is keeping secrets And a certain bossy police detective is definitely not what he seems LA and Deg must work their way through a suspect list that includes some pretty heavy hitters in the magical and mythological realms and find the proverbial strand of tinsel on the tree that leads to the troublemaker It s starting to look a lot like crisis and a pair of rosy cheeks and a jolly giggle might not be enough to keep the Peace on Earth this year **Familiar Territory: Page-Turning Paranormal Cozy Adventure (Reluctant Familiar Mysteries, Book 1)** Sam Cheever, **Forced travel. Risk in Children's Adventure Literature Elly McCausland, 2024-05-31 Risk in Children's Adventure Literature examines the way in which adults discuss the reading and entertainment habits of children and with it the assumption that adventure is a timeless and stable constant whose meaning and value is self-evident A closer enquiry into British and American adventure texts for children over the past 150 years reveals a host of complexities occluded by the term and the ways in which adults invoke adventure as a means of attempting to get to grips with the nebulous figure of the child Writing about adventure also necessitates writing about risk and this book argues that adults have historically used adventure to conceptualise the relationship between children and risk the risks children themselves pose to society the risks that threaten their development and how they can be trained to manage risk in socially normative and desirable ways Tracing this tendency back to its development and consolidation in Victorian imperial romance and forward through various adventure texts and media to the present day this book probes and investigates the truisms and assumptions that underlie our generalisations about children's love for adventure and how they have evolved since the mid-nineteenth century

It is 2025 and Ajon Emir is honored to be the first Bruneian to travel to outer space. Selected by NASA to assist in a project to build a space station on the moon, Ajon has been tasked to install software with the potential to unlock the secrets of reading ancient languages and help its users observe the planet for potential threats. Although he must leave his fiancée behind, Ajon knows a life-changing opportunity awaits as he boards a plane bound for America. But little does he know that the world he is leaving behind is about to change possibly forever. After he completes intense training in Houston, Ajon and the crew rocket into orbit on the shuttle. But after the flight commander manages to avoid a missile fired to destroy the ship, the violent maneuver causes a survival knife to break free from a compartment, stabbing Ajon and rendering him vulnerable to a bacterial infection. Unfortunately, that is not all the bad news: a war has broken out on Earth, leaving the astronauts unable to return home. With the mission now aborted, the crew must do everything in their power to avoid potential enemies. In this science-fiction thriller, a Bruneian astronaut is unwittingly propelled into a dangerous adventure in space where he may be forced to hide longer than he ever imagined. The Adventures of Douglas Bragg Madison Jones, 2008. In the fall of 1960, Douglas Bragg decided to take a trip through the South with no particular destination in mind. And so the journey begins for the young hero of legendary writer Madison Jones's newest novel, *The Adventures of Douglas Bragg*. Leaving his native Birmingham to see a world more interesting than his own college, Bragg sets out on his hitchhiking trip. Before long, he is picked up by a salesman who seems normal enough, that is, until Bragg meets the salesman's mother. This sets off a series of events that alternates between the utterly ridiculous and the potentially disastrous. On his journey, Bragg encounters a rogue's gallery of bizarre and often unsavory characters: There's Bo, the odious pig farmer; J.T., his delusional country star wannabe son; Buster Bell, a washed-up Nashville musician better known for his outrageous house parties than for his music; and there's Mr. L.J. Hibbs, full-time funeral director and part-time drug dealer. Bragg himself comes off as no angel: he is a rogue in the truest sense of the word. A habitual liar and shameless trickster, he often uses his talent for duplicity to extricate himself from the most desperate situations. And yet, he is not a true reprobate, finally showing that underneath, he does in fact have a conscience. Jones's novel is a true example of southern picaresque that combines gentle satire and wicked humor. The episodes in this light-hearted tale of a conniving but nevertheless lovable traveler never quite turn out the way you would expect.
