The Reluctant Bridegroom Arabella Sheraton, 2014-03-01 The handsome Earl of Wenham has no intention of marrying any time soon His sister Almeria points out to Hugo that he owes it to the title and the estates to marry and produce an heir Failure to do so means the entire lot devolves upon his second cousin the Honourable Felix Barstowe She also reminds him that their father had promised an old friend Lord Lavenham that his son should marry

Lord Lavenham's daughter Miranda. Out of respect for his father's dying promise which he had never taken seriously, the earl sets off for Lavenham House. He is stranded by snow a few miles away from his destination and takes refuge in a local inn. He meets up with a heavily veiled mysterious young woman who, by her confidences to him, he realises is the elusive Miranda. To his shocking surprise, the feisty Miranda declares she will not have anything to do with someone whom she declares is possibly so fat and gouty that he needs to have a wife found for him. In fact, she would rather run away with a childhood friend. Intrigued, the earl makes it his business to get to know Miranda better by inviting her to stay in London with his sister. Unfortunately, this strategy annoys his dandyish cousin Felix Barstowe, who is determined that the young and healthy earl should not marry and cheat him out of his birthright. Will Felix succeed in a dastardly plan to murder his cousin?

The Bridegroom Linda Lael Miller, 2012-06-15 Undercover agent Gideon Yarbrow is renowned for stopping outlaws almost before they commit a crime. But now he must stop a wedding despite the bride's resistance. Lydia Fairmont will lose everything if she doesn't honor her betrothal to a heartless banker. Unless she marries someone else instead, whether it's a love match or not. Determined to honor his own decade-old promise to help Lydia, Gideon carries her off to Stone Creek and makes her his reluctant wife. Forget a honeymoon for now, not with a vengeful ex-fiancé on their trail and a hired gun on the loose. But there just might be hope for the marriage and two hearts meant for each other.

From Fairy Tale to Film Screenplay Terence Patrick Murphy, 2015-09-15 In *Screenplay: The Foundations of Screenwriting* (1979), Syd Field first popularized the Three Act Paradigm of Setup, Confrontation, and Resolution for conceptualizing and creating the Hollywood screenplay. For Field, the budding screenwriter needs a clear screenplay structure, one which includes two well-crafted plot points: the first at the end of Act I, the second at the end of Act II. By focusing on the importance of the four essentials of beginning and end and the two pivotal plot points, Field did the Hollywood film industry an enormous service. Nonetheless, although he handles the issue of overall structure expertly, Field falls down when offering the screenwriter advice on how to successfully build each of the three individual Acts. This is because Field did not recognize the importance of another layer of analysis that underpins the existence of plot points: This is the level of the plot genotype. This book will offer you a richer theory of plot structure than the one Field outlines. It will do this not by contradicting anything Field has to say about the Hollywood paradigm, but by complementing it with a deeper level of analysis. Plot genotypes are the compositional schemas of particular stories. They are sets of instructions written in the language of the plot function for executing particular plots. This book outlines the plot genotypes for *The Frog Prince*, *The Robber Bridegroom*, *Puss in Boots*, and *Little Red Riding Hood*, and then shows how these genotypes provide the underpinnings for the film screenplays of *Pretty Woman*, *Wrong Turn*, *The Mask*, and *Psycho*. By means of a detailed study of these four Hollywood screenplays, you will be able to offer a much richer description of what is going on at any particular point in a screenplay. In this way, you will become much sharper at understanding how screenplays work. And you will become much better at learning how to write coherent screenplays yourself.
