**Red Hugh's Captivity** Standish O'Grady,1889 **Philosophical Provocations** Colin McGinn,2017-08-18 Pithy direct and bold essays that propose new ways to think about old problems spanning a range of philosophical topics In Philosophical Provocations Colin McGinn offers a series of short sharp essays that take on philosophical problems ranging from the concept of mind to paradox altruism and the relation between God and the Devil Avoiding the usual scholarly apparatus and embracing a blunt pithiness McGinn aims to achieve as much as possible in as short a space as possible while covering as many topics as possible Much academic philosophical writing today is long leaden

citation heavy dense with qualifications and painful to read The essays in Philosophical Provocations are short direct and engaging often challenging philosophical orthodoxy as they consider issues in mind language knowledge metaphysics biology ethics and religion McGinn is looking for new ways to think about old problems Thus he writes about consciousness I think we have been all wrong and goes on to suggest that both consciousness and the unconscious are mysteries Summing up his proposal on altruism he remarks My suggestion can now be stated somewhat brutally as follows human altruism is the result of parasitic manipulation He takes a moment to reflect I really don t know why it is good to be alive though I am convinced that the standard suggestions don t work McGinn gets straight to the point and states his position with maximum clarity
