

REMEMBERING THE KANJI II

**A systematic guide to
Reading
Japanese characters**

James W. Heisig

Remembering The Kanji No 2 A Systematic Guide To Reading Japanese Characters

Heath Rose

Remembering The Kanji No 2 A Systematic Guide To Reading Japanese Characters:

Remembering the Kanji James W. Heisig, 2008-01-01 Following the first volume of Remembering the Kanji the present work takes up the pronunciation of characters and provides students with helpful tools for memorizing them Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received from China lie several coherent patterns Identifying these patterns and arranging them in logical order can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms Many of the primitive elements or building blocks used in the drawing of the characters also serve to indicate the Chinese reading that particular kanji use chiefly in compound terms By learning one of the kanji that uses such a signal primitive one can learn the entire group at the same time In this way Remembering the Kanji 2 lays out the varieties of phonetic patterns and offers helpful hints for learning readings which might otherwise appear completely random in an efficient and rational way A parallel system of pronouncing the kanji their Japanese readings uses native Japanese words assigned to particular Chinese characters Although these are more easily learned because of the association of the meaning to a single word Heisig creates a kind of phonetic alphabet of single syllable words each connected to a simple Japanese word and shows how they can be combined to help memorize particularly troublesome vocabulary Unlike Volume 1 which proceeds step by step in a series of lessons Volume 2 is organized in such a way that one can study individual chapters or use it as a reference for pronunciation problems as they arise Individual frames cross reference the kanji to alternate readings and to the frame in Volume 1 in which the meaning and writing of the kanji was first introduced

Remembering the Kanji 2 James W. Heisig, 2008-01-10 Purchase the Remembering the Kanji App and take your kanji knowledge to the next level Following the first volume of Remembering the Kanji the present work takes up the pronunciation of characters and provides students with helpful tools for memorizing them Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received from China lie several coherent patterns Identifying these patterns and arranging them in logical order can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms Many of the primitive elements or building blocks used in the drawing of the characters also serve to indicate the Chinese reading that particular kanji use chiefly in compound terms By learning one of the kanji that uses such a signal primitive one can learn the entire group at the same time In this way Remembering the Kanji 2 lays out the varieties of phonetic patterns and offers helpful hints for learning readings which might otherwise appear completely random in an efficient and rational way A parallel system of pronouncing the kanji their Japanese readings uses native Japanese words assigned to particular Chinese characters Although these are more easily learned because of the association of the meaning to a single word Heisig creates a kind of phonetic alphabet of single syllable words each connected to a simple Japanese word and shows how they can be combined to help memorize particularly troublesome vocabulary Unlike Volume 1 which proceeds step by step in a series of

lessons Volume 2 is organized in such a way that one can study individual chapters or use it as a reference for pronunciation problems as they arise Individual frames cross reference the kanji to alternate readings and to the frame in Volume 1 in which the meaning and writing of the kanji was first introduced

Remembering the Kanji: A systematic guide to reading Japanese characters James W. Heisig, 1986 **Remembering the Kanji, Volume 1** James W. Heisig, 2007-01-01

The aim of this book is to provide the student of Japanese with a simple method for correlating the writing and the meaning of Japanese characters in such a way as to make them both easy to remember It is intended not only for the beginner but also for the more advanced student looking for some relief from the constant frustration of how to write the kanji and some way to systematize what he or she already knows The author begins with writing because contrary to first impressions it is in fact the simpler of the two He abandons the traditional method of ordering the kanji according to their frequency of use and organizes them according to their component parts or primitive elements Assigning each of these parts a distinct meaning with its own distinct image the student is led to harness the powers of imaginative memory to learn the various combinations that result In addition each kanji is given its own key word to represent the meaning or one of the principal meanings of that character These key words provide the setting for a particular kanji's story whose protagonists are the primitive elements In this way students are able to complete in a few short months a task that would otherwise take years Armed with the same skills as Chinese or Korean students who know the meaning and writing of the kanji but not their pronunciation in Japanese they are now in a much better position to learn to read which is treated in a separate volume For further information and a sample of the contents visit http://www.nanzan-u.ac.jp/SHUBUNKEN/publications/misc/Publications/Remembering_the_Kanji_1.htm

The Japanese Writing System Heath Rose, 2017-06-05 This is the first book devoted to exploring issues of learning written Japanese focusing on the challenges the writing system poses for the second language learner It weaves together previous research on Japanese second language acquisition and kanji learning with original studies on self regulation and kanji learning strategies It provides the most comprehensive overview of the Japanese writing system and kanji learning to date helps further our understanding of second language writing acquisition and offers new directions for research in the wider fields of language learning strategies motivation and self regulation Each chapter concludes with a brief discussion of the implications of the content of the chapter for the Japanese language learner instructor and researcher It will appeal to researchers of the teaching and learning of Japanese as a foreign second language the Japanese writing system and second language acquisition as well as to instructors and learners of Japanese who are struggling with the teaching and learning of kanji

Remembering the Kanji II James W. Heisig, 1987 **Remembering the Kanji 2** James W. Heisig, 2012-04-30

Following the first volume of *Remembering the Kanji* the present work provides students with helpful tools for learning the pronunciation of the kanji Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received from China lie several coherent patterns Identifying these patterns and arranging them in logical order

can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms. Many of the primitive elements or building blocks used in the drawing of the characters also serve to indicate the Chinese reading that particular kanji use chiefly in compound terms. By learning one of the kanji that uses such a signal primitive one can learn the entire group at the same time. In this way *Remembering the Kanji 2* lays out the varieties of phonetic pattern and offers helpful hints for learning readings that might otherwise appear completely random in an efficient and rational way. Individual frames cross reference the kanji to alternate readings and to the frame in volume 1 in which the meaning and writing of the kanji was first introduced. A parallel system of pronouncing the kanji their Japanese readings uses native Japanese words assigned to particular Chinese characters. Although these are more easily learned because of the association of the meaning to a single word the author creates a kind of phonetic alphabet of single syllable words each connected to a simple Japanese word and shows how they can be combined to help memorize particularly troublesome vocabulary. The 4th edition has been updated to include the 196 new kanji approved by the government in 2010 as general use kanji.

Ideogram J. Marshall Unger, 2003-10-31 In this latest book J Marshall Unger exposes the historical scientific cultural and practical flaws accompanying the widespread belief that Chinese characters embody pure language less meaning. Whether one is interested in Chinese characters from the standpoint of language literature semiotics psychology history cultural studies or computers *Ideogram* contains new ideas and insights that are sure to challenge preconceptions and provoke thought.

Remembering the Kanji II, 1987 **Forthcoming Books** Rose Arny, 1990 **International Books in Print**, 1997 **Remembering the Kanji** James W. Heisig, 1987 *Japan English Publications in Print*, 1998 *Subject Guide to Books in Print*, 1996 **Paperbound Books in Print**, 1992 中国語辞書, 2001 *Whitaker's Books in Print*, 1998 **The Kodansha Kanji Learner's Course** Andrew Scott Conning, 2013-12-06 The Kodansha Kanji Learner's Course is an innovative and highly effective system for learning and remembering kanji or Sino Japanese characters. The book contains 2300 character entries including all 2136 Joyo Kanji regular use kanji plus 164 of the most useful non Joyo Kanji. It offers a sophisticated pedagogically sound method for remembering the basic meanings of each character conveniently summarized in concise keywords to facilitate memorization. Each kanji is accompanied by an explanation of how to remember its meaning so clearly and distinctly. These mnemonic explanations teach you to associate each kanji's graphical form with its unique range of meaning often by seeing its meaning in the form of the kanji itself. An outstanding feature of the course is the special attention it gives to the challenge of learning each kanji in a differentiated way. This allows you to associate the meaning of each character with the features that distinguish it from graphically similar characters. Another unique feature and a significant breakthrough in kanji pedagogy is the sequence in which the course introduces kanji. Most kanji dictionaries and textbooks arrange their entries in ways that do not address the needs of non native learners such as by traditional radical or by the grades in which the kanji are taught in Japanese schools. The Kodansha Kanji Learner's Course uses an original

sequence that presents graphically related characters one after the other to help you give significance to their contrastive features as you learn them and thereby avoid having to relearn them later It also introduces the meaning and usage of each graphical element each kanji building block the first time it appears thus enabling you to seamlessly and rapidly acquire new characters In short The Kodansha Kanji Learner s Course makes learning and remembering kanji easier than ever before This book fills an urgent need for a timesaving yet sophisticated kanji learning system that can be used from beginning through advanced levels an enjoyable no nonsense path to proficiency It is intended for anyone serious about learning to read Japanese Features Includes 2 300 kanji entries Completely up to date includes all the 2 136 officially prescribed Joyo Kanji kanji for regular use Each entry explains how to remember the character s meaning clearly and distinctly often through the innovative use of visualization and concrete imagery Introduces kanji components in a logical step by step order that makes learning new kanji easier than ever Can be used as a stand alone resource or together with The Kodansha Kanji Learner s Dictionary Includes cross references character meanings readings and sample vocabulary from the dictionary

Remembering the Kanji 3 James W. Heisig,Tanya Sienko,2008-01-01 Volume 2 4th ed updated to include the 196 kanja approved in 2010 for general use *Complete Guide to Japanese Kanji* Christopher Seely,Kenneth G. Henshall,2016-03-22 Learn over 2 000 Japanese Kanji characters with this user friendly Japanese language learning book This unique Kanji study guide provides a comprehensive introduction to all the Kanji characters on the Japanese Ministry of Education s official Joyo General Use list providing detailed notes on the historical development of each character as well as all information needed by students to read and write them As fascinating as it is useful this is the book every Japanese language learners keeps on his or her desk and visits over and over This Kanji book includes Clear large sized entries All of the General Use Joyo Kanji Characters Japanese readings and English meanings stroke count stroke order usage examples mnemonic hints for easy memorization The components which make up each character are detailed and the Kanji are graded in difficulty according to Ministry of Education guidelines allowing students to prioritize the order in which the Kanji are learned and track their progress This book is essential to anyone who is planning to take the official Japanese Language Proficiency Test JLPT and will appeal to beginning students as well as those who wish to attain higher level mastery of the Japanese language It is the only book that also provides historical and etymological information about the Japanese Kanji This latest edition has been updated to include all of the 2 136 Kanji on the expanded Joyo list issued by the Japanese government in 2010 Many entries have been revised to include the most recent research on character etymologies
