From Memory to Marble Elizabeth Rankin, Rolf Michael Schneider, 2020-02-10 For the first time the 92 metre frieze of the Voortrekker Monument in Pretoria one of the largest historical narratives in marble has been made the subject of a book The pictorial narrative of the Boer pioneers who conquered South Africa's interior during the Great Trek 1835-52 represents a crucial period of South Africa's past Conceptualising the frieze both reflected on and contributed to the country's socio-political debates in the 1930s and 1940s when it was made The book considers the active role the Monument played in the rise of Afrikaner nationalism and the development of apartheid as well as its place in post-apartheid heritage The frieze is unique in that it provides rare evidence of the complex processes followed in creating a major monument Based on unpublished documents drawings and models these processes are unfolded step by step from the earliest discussions of the purpose and content of the frieze through all the stages of its design to its shipping to post-war Italy to be copied into marble from Monte Altissimo up to its final installation in the Monument The book examines how visual representation transforms historical memory in what it chooses to recount and the forms in which it is depicted The second volume expands on the first by investigating each of the twenty-seven scenes of the frieze in depth providing new insights into not only the frieze but also South Africa's history Françoise van Schalkwyk of African Minds co-publisher with De Gruyter writes *From Memory to Marble* is an open access monograph in the true sense of the word Both volumes of the digital version of the book are available in full and free of charge from the date of publication This approach to publishing democratises access to the latest scholarly publications across the globe At the same time a book such as *From Memory to Marble* with its unique and exquisite photographs of the frieze as well as its wealth of reproduced archival materials demands reception of a more traditional kind that is on the printed page For this reason the book is likewise available in print as two separate volumes The printed and digital books should not be seen as separate incarnations each brings its own advantages working together to extend the reach and utility of *From Memory to Marble* to a

Historical Memory in Africa

Mamadou Diawara,Bernard Lategan,Jörn Rüsen,2010-06-01 A vast amount of literature both scholarly and popular now exists on the subject of historical memory but there is remarkably little available that is written from an African perspective This volume explores the inner dynamics of memory in all its variations from its most destructive and divisive impact to its remarkable potential to heal and reconcile It addresses issues on both the conceptual and the pragmatic level and its theoretical observations and reflections are informed by first hand experiences and comparative reflections from a German Indian and Korean perspective A new insight is the importance of the future dimension of memory and hence the need to develop the ability to remember with the future in mind Historical memory in an African context provides a rich kaleidoscope of the diverse experiences and perspectives and yet there are recurring themes and similar conclusions connecting it to a global dialogue to which it has much to contribute but from which it also has much to receive
