Communities of Memory William James Booth, 2018-07-05 Memory has fueled merciless violent strife and it has been at the core of reconciliation and reconstruction It has been used to justify great crimes and yet it is central to the pursuit of justice In these and more everyday ways we live surrounded by memory individual and social in our habits our names the places where we live street names libraries archives and our citizenship institutions and laws Still we wonder

what to make of memory and its gifts though sometimes we are hardly even certain that they are gifts Of the many chambers in this vast palace I mean to ask particularly after the place of memory in politics in the identity of political communities and in their practices of doing justice from the Preface W James Booth seeks to understand the place of memory in the identity ethics and practices of justice of political communities Identity is he believes a particular kind of continuity across time one central to the possibility of agency and responsibility and memory plays a central role in grounding that continuity Memory identity takes two forms a habitlike form the deep presence of the past that is part of a life led in common and a more fragile vulnerable form in which memory struggles to preserve identity through time notably in bearing witness a form of memory work deeply bound up with the identity of political communities Booth argues that memory holds a defining place in determining how justice is administered Memory is tied to the very possibility of an ethical community one responsible for its own past able to make commitments for the future and driven to seek justice Underneath and motivating the politics of memory understood as contests over the writing of history over memorials museums and canons he writes there lies an intertwining of memory identity and justice Communities of Memory both argues for and maps out that intertwining

Kaethler, 2022-07-12 Both Alexander Schmemmann and Joseph Ratzinger insist that the human person remains shrouded in mystery without God's self disclosure in the person of Jesus Christ Like us Jesus lived in a particular time and location and therefore time and temporality must be part of the ontological question of what it means to be a human person Yet Jesus the one who has time for us ascended to the Father and the bride of Christ awaits his return and therefore time and temporality are conditioned by the eschatological With this in mind the ontological question of personhood and temporality is a question that concerns eschatology how does eschatology shape personhood Bringing together Schmemmann and Ratzinger in a theological dialogue for the first time this book explores their respective approaches and answers to the aforementioned question While the two theologians share much in common it is only Ratzinger's relational ontological approach that by being consistently relational from top to bottom consistently preserves the meaningfulness of temporal existence [Miki Kiyoshi's The Logic of Imagination](#) Kiyoshi Miki, 2024-06-27 The Japanese philosopher Miki Kiyoshi opens doors to all those interested in rethinking the problem of imagination myth and technology Miki Kiyoshi is one of the central figures in the Kyoto School often spoken of as the heir of Kitaro Nishida Born in Japan in 1897 he died in prison shortly after the end of World War II in 1945 at the age of 48 Miki's The Logic of Imagination first appeared in the journal Thought in 1937 under the themes of Myth Institution and Technology The next part Experience was serialized in the same journal and Miki continued to work on the final part but was never completed it due to his arrest This translation makes this seminal work available in English for the first time Featuring an introduction and accompanied throughout by contextual notes it includes essential information about Miki's life and work Miki's philosophy of the imagination anticipated later theories found first in Hannah Arendt and then in Paul Ricoeur and most recently in Charles Taylor The connection Miki makes of the imagination with technology anticipates ideas of the technological imagination in Don Ihde and Bernard Stiegler Miki's thinking about the imagination illuminates our understanding of technology and how we behave in the world This accessible critical edition of his work does justice to one of the most unfairly underrated authors of Japanese philosophy **Living with the Dead** Laura King, 2025-01-13 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations The dead are everywhere in family life From a great grandmother's recipe made time and again to a dog eared black and white photo of a family on a beach and from a carefully curated family bible to a much told story of a family fleeing their home many decades ago families are made by their pasts This book examines the relationship between the living and the dead within family life charting the way families create afterlives for their ancestors It asks who and what gets to be remembered and why Considering different points of connection with the dead in each chapter through graves homes things photos writing research and stories this book demonstrates how death and the dead remain a crucial presence within family

Adventures in Philosophy John Crauford Wordsworth, 1926 *Feminist Eschatology* Emily Pennington, 2016-08-25 Many feminist theologians have made timely and valuable contributions to rethinking the eschaton by framing it as cyclical and by embracing endings as they are experienced by present relational fluid and sensuous bodies However any sense of eschatological finality or ultimacy has either been rejected or ignored *Feminist Eschatology* seeks to think differently about Christian eschatology in light of contributions from feminist theologians noting the numerous and varied critiques they have made of traditional models These critiques are identified as being directed towards three key claims eschatology is understood to be actuated by a domineering God populated by masculinised beings and disassociated from present lives Using a form of strategic feminism wherein traits associated with female bodies and some women's experiences of their bodies are used to rethink the end time of the eschaton this book contributes to the meaning and significance of both bodies and eschatology
