Persian Classical and Modern Poetry, 2004 **Comparative Mysticism** Steven T. Katz, 2013 This collection of primary texts introduces readers to the mystical literature of the world's great religious traditions. Beginning with an introduction by Steven T. Katz, a leading scholar of mysticism, the anthology comprises poetry, prayer, narrative, and other writings from Jewish, Christian, Muslim, Hindu, Buddhist, Taoist, Confucianist, and Native American traditions. This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition. **Comparative Mysticism** shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated. The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common. Despite the prevailing view that mystical traditions throughout the world are essentially similar, the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals. The writings collected in **Comparative Mysticism** address the most fundamental and important methodological, epistemological, and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures. This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come. **365 DAYS with**

RUMI Ergin Ergul, 2022-04-28 Rumi 1207-1273 is one of the most influential Sufi saints, universal thinkers, spiritual masters, and mystic poets of all times. His message is universal, and his call is for the whole of humanity. Today, in our world, which has turned into a global village, problems such as conflicts, wars, crimes, epidemics, have also become global. Moreover, they had more severe and quick effects at national and international levels. Rumi's timeless wisdom can guide us in this challenging time's individual, social, and global contexts. We should not forget that as the family of humanity, we are organs of one single body and passengers on the same vessel. If any organ of humanity is hurt or a part of the vessel is damaged, the results will affect all of us. Therefore, we can provide efficient service both to humanity and to the society in which we grew up by pursuing and internalizing the wisdom of Rumi, which will be the cement of unity among differences. If you are also searching for something, you will undoubtedly find what you are looking for, as announced by that great guide. So, how about turning a page of his work on love right now? Welcome to all to the eternal world of the pearls of wisdom of this great guide.

Cytherica Josef Chytrý, 2005 *Cytherica* boldly introduces a new faculty of thought called cytherics to contemporary academic discursivities. It defines cytherics as the sighting and siting of an aesthetic, erotic, or aphrodisiac environment. Building on the furthest extensions of aesthetics since the eighteenth century, cytherics develops both the aesthetic, political, and aesthetic-erotic dimensions of the aesthetic tradition to formulate exciting new responses to the pressing issues of contemporary societies. While drawing richly on the background of German and European Hellenism, this book provides valuable new insights for those working in the areas of the aesthetic, political, critical theory, postmodernist discursivities, and

Poetry in a Global Age Jahan Ramazani, 2020-10-29 Ideas culture and capital flow across national borders with unprecedented speed but we tend not to think of poems as taking part in globalization Jahan Ramazani shows that poetry has much to contribute to understanding literature in an extra national frame Indeed the globality of poetry he argues stands to energize the transnational turn in the humanities Poetry in a Global Age builds on Ramazani's award winning A Transnational Poetics a book that had a catalytic effect on literary studies Ramazani broadens his lens to discuss modern and contemporary poems not only in relation to world literature war and questions of orientalism but also in light of current debates over ecocriticism translation studies tourism and cultural geography He offers brilliant readings of postcolonial poets like Agha Shahid Ali Lorna Goodison and Daljit Nagra as well as canonical modernists such as W B Yeats Wallace Stevens T S Eliot and Marianne Moore Ramazani shows that even when poetry seems locally rooted its long memory of forms and words its connections across centuries continents and languages make it a powerful imaginative resource for a global age This book makes a strong case for poetry in the future development of world literature and global studies

Darvish Linda L. Naimi,2007-11 *Darvish* is a tale of love faith betrayal and revenge 1925 was a year of endings and beginnings The Qajar Dynasty ended in a bloodless coup giving rise to the rule of Reza Shah and the birth of the Pahlavi

Dynasty And in the northern province of Gilan a young mother lay dying With her last breath she named the child cut from her womb Thus began the tragic life of Morteza Ali Tormented by a past he can not escape and a future that eludes him at every step Morteza Ali finds solace and guidance in the voices that speak to him in his darkest hours As Darvish a self proclaimed holy man he walks a slippery path between light and darkness Was he a messiah or a madman a martyr or a murderer The reader will be captivated by the power of ancient legends the timeless wisdom of parables and the beauty of Persian poetry that infuse and enrich this tragic tale Walk the path of Darvish Discover for yourself the fine line between majesty and tragedy the forces that shape the destinies of all men *Words Of Gratitude Mind Body & Soul* Robert A. Emmons, 2009-07-27 The test of all happiness said G K Chesterton is gratitude Learning to experience gratitude involves being grateful as an attitude not as a reaction when good things occur To be grateful one does not need to wait until things are perfect In fact practicing gratitude makes one receptive to life s blessings and these blessings continue as we continue to be thankful In one study described by author Robert Emmons participants who wrote about five things for which they were grateful experienced more positive emotional states and were more likely to help others over a period of ten weeks than were participants who wrote about the hassles and stressors they experienced during the same time Love wholeheartedly says Brother David Steindl Rast be surprised give thanks and praise then you will discover the fullness of your life Gratitude provides gifts to both the giver and the receiver and this illuminating book will inspire readers to recognize just how truly blessed we are
