Rituals And Ritual Theory In Ancient Israel Brill Reference Library Of Ancient Judaism V 1:

Rituals and Ritual Theory in Ancient Israel Ithamar Gruenwald, 2003 The book explores the links between mythic and rituals arguing that the connectedness with ritual endows a story with a mythic essence Detailed discussions of various rituals exemplify the major theoretical discourse The book is of interest to scholars in the areas of religious studies the anthropology of religion and Halakhah law and ritual Rituals and Ritual Theory in Ancient Israel Ithamar

Gruenwald, 2003-01-20 This book in many ways the first of its kind addresses the issue of rituals and their embedded ritual theory in the religion of ancient Israel The leading idea of the book is that rituals are a autonomous form of expression of the human mind The human mind expresses itself in rituals as it does in language the arts and mathematics Rituals are not performative translations of symbols and ideas and in religion of any kind of theology Theology does not explain how rituals are done and how they accomplish what they claim to do The book begins with a general discussion of what rituals are and argues that the ritual theory of each ritual is not in any general theory of ritual but embedded in the ritual act itself Every ritual is structured in such a way that its details create the behavioural logic that makes ritual work The difference is explored between the early and institutionalised phases of the religion of ancient Israel Here the role of the economic ethos is the focus of the discussion The book explores the links between myth and rituals arguing that the connectedness with ritual endows a story with a myth essence Detailed discussions of various rituals exemplify the major theoretical discourse The book is of interest to scholars in the areas of Halakhah law and ritual religious studies and the anthropology of religion

Atonement and Purification Isabel Cranz, 2017-05-05 Biblical scholars frequently attempt to contextualize the Priestly ritual corpus by comparing it to other ancient Near Eastern ritual traditions This comparative approach tends to detect a hidden polemic at work in the Priestly Source P which was meant to highlight its distinctly monotheistic outlook Isabel Cranz reframes current understandings of P by comparing Priestly rituals of atonement to their Assyro Babylonian counterparts In this way she shows how the Priestly ritual corpus is highly specialized and concerns itself primarily with sanctuary maintenance Viewing P in this new light in turn helps to demonstrate that the authors of P were not interested in discrediting foreign rituals or pushing a monotheistic agenda Instead P primarily aimed to confirm the Aaronide priests as the only legitimate priestly group fit for service at the altar Subsequently if a polemical agenda is present in P it can be shown to be directed against rivals and critics of the Aaronide priesthood not other rituals of the ancient Near East **Rabbinic**

The Perfect Torah Jacob Neusner, 2003-06-01

The perfect Torah is the medium through which the one unique God makes himself known The Judaic statement of monotheism comes to expression in Scripture as perfected by the Oral Torah in its native category formations Halakhah norms of behavior and Aggadah norms of belief The Halakhah of the oral Torah conveys monotheism in a philosophical mode and the Aggadah monotheism in a mythic mode What is perfect about the dual Torah written and oral is the perfect match between the message and the medium Halakhah for the philosophical monotheism Aggadah for the mythic statement of the same monotheism Chapters One and Two explain the former Chapters Three and Four the latter The question answered here concerns how one canonical corpus perfects its companion and produces in consequence perfection the realization of the initial intent and program of the Written by the Oral Torah That is addressed by the construction of large exemplary structures of comparison and contrast in the shank of the book Four principles are established 1 the perfection through the systematization of the law of the Written Torah by the Oral Torah in Chapter One 2 the perfection of the medium of the Halakhah for the message of philosophical monotheism in Chapter Two 3 the perfection of Scripture's anomalous writings through the dismantling of one document and the systematic recasting of another in Chapter Three 4 the perfection of the medium of Aggadah in its form of narrative for the message of theology concerning God's personality and activity in Chapter Four

The Idea of History in Rabbinic Judaism Jacob Neusner, 2003-12-01 History provides one way of marking time But there are others and the Judaism of the dual Torah set forth in the Rabbinic literature from the Mishnah through the Talmud of Babylonia ca 200 600 C E defines one such alternative This book tells the story of how a historical way of thinking about past present and future time and eternity the here and now in relationship to the ages that is Scripture's way of thinking gave way to another mode of thought altogether This other model Neusner calls a paradigm because a pattern imposed meaning and order on things that happened Paradigmatic modes of thought took the place of historical ones Thinking through paradigms with a conception of time that elides past and present and removes all barriers between them in fact governs the reception of Scripture in Judaism until nearly our own time Neusner here explains through the single case of Rabbinic Judaism precisely how that other way of reading Scripture did its work and why for so many centuries that reading of the heritage of ancient Israel governed At stake are 1 a conception of time different from the historical one and 2 premises on how to take the measure of time that form a legitimate alternative to those that define the foundations of the historical way of measuring time Fully exposed those alternative premises may prove as logical and compelling as the historical ones The approach follows the documentary history of ideas and individual chapters describe the treatment of historical topics in the Mishnah the Talmud of the Land of Israel aka the Yerushalmi Genesis Rabbah that is ca 200 400 and 450 CE and Pesiqta deRab Kahana ca 500 CE

Daniel Boyarin,2003-11-01 There are two major themes running through the essays reprinted in this book the first is the typological relation of rabbinic Judaism to Christianity while the second is the re animation by going back to the roots of a rabbinic Judaism that would not manifest some of the deleterious social ideologies and practices that modern orthodox Judaism generally does a project that was thought of as radical orthodoxy long before that term achieved its current and almost diametrically opposing sense among Christian theologians The book is divided into two parts The first part consists of several essays on midrash exploring various aspects of rabbinic culture and their relation to hermeneutic practices These papers are essentially more detailed studies of particular issues that were raised in two of Boyarin s books Intertextuality and the Reading of Midrash and Carnal Israel Reading Sex in Talmudic Culture California 1993 The second part of the book consists of reprints of four essays published in the journal Diacritics during that same decade The material treated in the book should be of interest to historians of Judaism and Christianity Talmudists and scholars and readers interested in the cultural study of religion

Abraham Gross,2021-11-22 This monograph discusses the disagreement within the Jewish community concerning the medieval practice of active martyrdom including slaughter of children and suicide from the 11th until the 16th centuries It covers the mainly implicit reservations about and objections in Jewish society to this practice It is suggested that such opinions existed throughout the period when this practice was accepted in halakhic legal terms and by the most outstanding Jurists It is argued that this was the case during the persecutions of the First Crusade in Germany and in the following centuries in the Ashkenazic cultural sphere This is complemented by a survey and analysis of the situation in the Iberian

peninsula during the 14th 15th centuries when such phenomenon is detected during the persecutions in 1391 and during the so called expulsion from Portugal in 1497 A series of appendices discuss a variety of related topics and all main texts discussed in the book in the original Hebrew While many scholars discussed the phenomenon of active martyrdom and described its status among medieval Jewry as positive and monolithic this book proposes a different angle which reveals the ongoing objections of scholars and parts of Jewish society who opposed active martyrdom on legal as well as on emotional grounds until the eventual waning and disappearance of this practice It is suggested that this actual change set the background for an explicit and total legal rejection of a tradition which lasted and was admired and hailed for more than 400 years
