*The Publishers Weekly*,1929      **De Bellis Renationis version 2.0** Phil Barker,2019-04 De Bellis Renationis is a set of wargames rules for Renaissance battles covering the period from 1494 AD to 1700 AD. DBR version 2.0 offers a combination of realism and excitement for this warfare using miniature figures in any scale from 2mm to 30mm. The creation of the experienced wargame designers Phil Barker and Richard Bodley Scott, DBR can be used to refight historical engagements or your own scenarios from small scale skirmishes to the largest battles of the period. With its command system using player initiative points, DBR emphasizes the player's generalship rather than their ability to manipulate a set of rules. It allows players to fight actions from the whole period and across the whole world from Japan to Europe and the Americas and from the Italian Wars to the Nine Years War. This edition combines the 2002 edition of the rules with all three of the books of Army Lists and includes everything the wargamer needs to refight these battles in one single convenient volume.
