**Robert Browning and His World** Maisie Ward, **Robert Browning** Stefan Hawlin, 2012-09-10 Accessibly written throughout this guidebook covers biographical details information on the historical and social contexts of Browning's work an overview of the full range of his work and a survey of the major critical debates surrounding him and his work *Robert Browning's Asolando* Richard S. Kennedy, 1993 Originating in a series of lectures he gave at the New York Browning Society in the spring of 1990 Kennedy's English emeritus Temple U study fuses biography and critical commentary to provide an account of Browning's 1812-1889 last years and his last volume of poems Annotation copyright by Book News Inc Portland OR **Robert Browning** S. Wood, 2001-05-04 Browning both denied and affirmed the value of biography for an understanding of literature This book narrates the development of his controversial creative life through responses to his work by five key nineteenth century figures John Stuart Mill William Charles Macready Thomas Carlyle John Ruskin and Matthew Arnold It also relates Browning's sense of literary vocation to Victorian publishing Browning emerges as a writer vividly engaged with contemporary assumptions yet deeply aware of the unaccountability of writing **Robert Browning and His World** Maisie Ward, 1969 **Browning's Later Poetry, 1871-1889** Clyde de L. Ryals, 2019-06-30 Maintaining that Browning's later work has been underestimated Professor Ryals gives close sophisticated readings of the individual poems covering each of the published volumes from *Balaustion's Adventure through Asolando* He emphasizes the overall structure of a poem and the manner in which themes and ideas are presented The later Browning is portrayed as a poet intent upon discovering forms that would give shape and meaning to thought and experience Robert Browning and His World Maisie Ward, 1969 **Browning's Beginnings** Herbert F. Tucker Jr., 1980-12-31 Browning's *Beginnings* was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Browning's *Beginnings* offers a fresh approach to the poet who among major Victorians has proved at once the most congenial and most inscrutable to modern readers Drawing on recent developments in literary theory and in the criticism of romantic poetry Herbert F Tucker Jr argues that Browning's stylistic obscurity is the result of a principled poetics of evasion This art of disclosure in deferring formal and semantic finalities constitutes an aesthetic counterpart to his open ended moral philosophy of incompleteness Browning's poems like his enormously productive career find their motivation and sustenance in his optimistic love of the future a love that is indistinguishable from his lifelong fear that there will be nothing left to say The opening chapters trace the workings of Browning's art of disclosure with extensive and original interpretations of the unduly neglected early poems *Pauline Paracelsus* and *Sordello* and place special emphasis on Browning's attitudes toward poetic tradition and language A chapter on Browning's attitudes toward poetic tradition and language A chapter on Browning's plays identifies dynamics of representation in *Pippa Passes* *Strafford* and *King Victor and King Charles* Tucker discusses the pervasive analogy between

Browning's ideas about poetic representation and about representation in its erotic and religious aspects and shows how the early poems and plays illustrate correlative developments in poetics and in the exploration and dramatic rendering of human psychology. The remaining chapters follow the poetic psychology of Browning to its culmination in the great poems of his middle years. Exemplary readings of selected dramatic lyrics and monologues suggest that the ways of meaning in Browning's mature work variously bear out the sense of endlessness or perpetual initiation that is central to his poetic beginnings. Tucker thus contends that the romantic and the Victorian Browning have more in common than is generally supposed and his book should appeal to students of both periods. Its discussion of general literary issues, poetic influence, closure, representation and meaning in application to particular texts should further recommend Browning's *Beginnings* to the nonspecialist reader interested in poetry and poetic theory.

**There Were Also Many Women There** Katherine E. Harmon, 2013-01-01 Where are the women in liturgical history? In considering the influential liturgical movement in the United States during the first half of the twentieth century, Katharine E. Harmon reveals that the reality is analogous to Matthew's account of the crucifixion of Jesus: there were also many women there. Matt 27:55. In this groundbreaking study, Harmon considers women's involvement in the movement. Here readers explore the contributions of Maisie Ward, Dorothy Day, Catherine deHueck Doherty, Ade Bethune, Therese Mueller and many others. Harmon shows how movements and institutions such as progressivism, Catholic women's organizations, Catholic Action, the American Grail Movement and daily Catholic family life played a prominent role in the liturgical renewal. The historical record is clear that women were there; they ministered to the Mystical Body and their important work must be recognized.

**Becoming Browning** Clyde de L. Ryals, 1983 *The Brownings* Joanna Richardson, 1986 Browning Roy E. Gridley, 2016-04-28 First published in 1972, Browning was a keen observer and dramatic recorder of nineteenth-century European culture; his poetry reflects a wide range of intellectual, religious and artistic issues of his day. Roy E. Gridley shows here that during the six decades of Browning's active writing career (1832-89) his poetry is a record and an interpretation of the changing modes of thought, feeling and expression of nineteenth-century life. Browning was a romantic who, by virtue of his realistic and often revolutionary poetry, became a modern and had considerable influence on writers such as Yeats, Eliot and Pound. While surveying the whole of Browning's life and work, Gridley focuses closely on the more famous poems, examining them as documents that give the general reader a deeper appreciation of the richness and diversity of life in Victorian Europe.

**Robert Browning** John Woolford, Daniel Karlin, 2014-09-11 Robert Browning 1812-89 rivals Tennyson as the major Victorian poet with such important works as *Dramatic Lyrics*, *Dramatic Romances and Lyrics*, *Men and Women*, *Dramatic Personae* and the monumental *The Ring and the Book*. He is known for his development of the dramatic monologue in which he recreated the world of Renaissance Italy and provided subtle and complex explorations of character. Here Daniel Karlin and John Woolford provide a thematic survey of Browning's often difficult work using key poems as a common point of reference. The themes covered include styles, genres, the mind, the world, interaction and criticism. This excellent survey will be of value to students of Victorian literature and modernism.

Elizabeth Barrett Browning Dorothy Mermin, 1989-06-15 Elizabeth Barrett Browning 1806-61 was the first major woman poet in the English literary tradition. Her significance has been obscured in this century by her erasure from most literary histories and her exclusion from academic anthologies. Dorothy Mermin's critical and biographical study argues for Barrett Browning's originative role in both the Victorian poetic tradition and the development of women's literature. Barrett Browning's place at the wellhead of a new female tradition remains the single most important fact about her in terms of literary history and it was central to her self-consciousness as a poet. Mermin's study shows that Barrett Browning's anomalous situation was constantly present to her imagination and that questions of gender shaped almost everything she wrote. Mermin argues that Barrett Browning's poetry covertly inspects and dismantles the barriers set in her path by gender and that in her major works *Sonnets from the Portuguese*, *Aurora Leigh* and her best political poems *A Musical Instrument*, difficulty is turned into triumph, incorporating the author's femininity, her situation as a woman poet and her increasingly substantial fame. Mermin skillfully interweaves biography and close readings of the poems to show precisely how Barrett Browning's life as a woman writer is a part of the essential meaning of her art. Both her personal and her literary achievements are exceptionally well documented, especially for her formative years. Mermin makes extensive use of the poet's early essays, a diary covering most of her twenty-sixth year and the enormous number of letters that have survived. Ranging from her earliest ambitions through her long periods of discouragement and illness to her happy married life with Robert Browning, this comprehensive study of Elizabeth Barrett Browning is essential reading for students of the Victorian period, English literature and women's studies.

*The Post-Romantics* Donald Thomas, 2016-04-20 *The Post-Romantics* first published in 1990 provides a clear introductory guide to the literary careers and reputations of five major Victorian poets: Tennyson, Browning, Arnold, Swinburne and Clough. Heirs to the Romantics tradition, the predecessors of the moderns. This accessible and invaluable guide will help readers to develop an informed individual response to the poetry of the post-romantics.

**Women Reading Shakespeare, 1660-1900** Ann Thompson, Sasha Roberts, 1997 Comprehensively

rediscovers a lost tradition of women's writing on Shakespeare      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1972      **Browning, Victorian Poetics and the Romantic Legacy** Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference
