Pagan Portals: Planetary Magic Rebecca Beattie, 2023-07-28 At the core of modern pagan witchcraft is a knowledge system concerning traditions of nature connection and embodiment to the astrological planets Throughout magical history practitioners of magic have looked to the planets for inspiration and magical help From the earliest beginnings of written magical texts the Grimoires magical systems were based on the seven planetary powers that were visible in the night sky The Grimoires were then studied by practitioners of folk magic the Cunning Folk and by influential groups from the Hermetic Order of the Golden Dawn to practitioners of Modern witchcraft Pagan Portals Planetary Magic is an accessible and practical introduction to pre modern planetary magic It details with each of the planets what its magical qualities are and how to work practical magic with each [Catalog of Copyright Entries. Bogowie: A Study of Eastern Europe's Ancient Gods T.D. Kokoszka,2023-08-25 T D Kokoszka grew up in Texas with a Jewish mother and a Polish American father While he was aware of roots going back to Eastern Europe from both families he found it hard to learn very much about them He knew that Polish people would whack one another with palm leaves around Easter and he knew that his great grandmother purportedly believed in forest spirits known as borowy However it wasn't until he was in his teens that he became vaguely aware of an ancient people known as the Slavs who gave rise to the Polish Ukrainian Russian Serbian Bulgarian Slovakian Slovene and Czech languages It quickly became clear to him that this was a family of cultures currently under represented in popular culture and even in western scholarship Not simply a regurgitation of scholarship from the Soviet period and presenting new analyses by using previously neglected resources Bogowie A Study of Eastern Europe's Ancient Gods offers one of the most painstaking scholarly reconstructions of Slavic paganism These new resources include not only an overview of folklore from many different Slavic countries but also comparisons with Ossetian culture and Mordvin culture as well as a series of Slavic folktales that Kokoszka analyzes in depth often making the case that the narratives involved are mythological and shockingly ancient Readers will recognize many European folktale types and possibly learn to look at these folktales differently after reading this book

Pagan Portals - Breath of Spring Melusine Draco,2023-01-27 Candlemas Imbolc is the re awakening of the Old Lass within Old Craft belief and also coincides with the Roman Candelaria and Fornicalia a spring corn festival celebrated in honour of Fornax goddess of ovens and observed by each ward of the city All this merging of primitive origins and rites belonging to the European pre urban agricultural culture meant that it also commemorated the search for Persephone by her mother and the festival of candles symbolizing the return of the Light So it continued to be performed until the Christian era when it was transformed into Candalmass in AD494 In pre Christian times

Imbolc observance began the night before 1st February and celebrants prepared for a visit from Brigid into their homes by crafting an effigy of the goddess from bundles of oats and rushes. The clothed effigy was placed in a basket overnight and the day was celebrated by burning lamps and lighting bonfires in tribute to her. Traditions from both the pagan celebration and the Christian observance of St Brigid's Day can be found in the modern Imbolc festivities while celebrants sometimes make a Brigid's Cross out of reeds as well as a Brigid corn doll or effigy. *Practically Pagan - An Alternative Guide to Planet Friendly Living* Mabh Savage, 2022-03-25 In *Practically Pagan: An Alternative Guide to Planet Friendly Living* Mabh Savage brings Pagan paths and green living together. Mabh Savage explores the connections between environmentalism and paganism, shedding light on the small but powerful changes individuals can make to live a planet-friendly lifestyle. **Herbs of the Southern Shaman** Steve Andrews, 2019-04-26 Following on from the popular *Herbs of the Northern Shaman*, this latest collection *Herbs of the Southern Shaman* describes psychoactive herbs that grow in the southern hemisphere. Written primarily for herbalists, witches, and pagans, occultists, healers, therapists, botanists, and gardeners, and featuring a bibliography and glossary, it serves as a reference book for anyone interested in shamanism and herbs. Concise, knowledgeable, clearly and distinctly written, it can be enjoyed on many levels: as a reference book, a spiritual guide, a horticultural manual, or simply for entertainment. C. J. Stone, author and journalist.
