Robert Rauschenberg Combines Rauschenberg Robert, Walker Kelley, 2005 Edited by John Rasmussen Essays by Joanna Burton and Fabrice Stroun Robert Rauschenberg and Surrealism Gavin Parkinson, 2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period

1959 69 In the face of Rauschenberg's avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist's oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg's key works on that basis By viewing Rauschenberg's art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist's work was turned towards political interpretation By analysing Rauschenberg's art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history

Rauschenberg Robert Rauschenberg, 2011 Robert Rauschenberg's engagement with photography began in the late 1940s under the tutelage of Hazel Larsen Archer at Black Mountain College in North Carolina This exposure or experience was so great that for a time Rauschenberg was unsure whether to pursue painting or photography as a career Instead he chose both and found ways to fold photography into his Combines maintained a practice of photographing friends and family documented the evolution of artworks and occasionally dramatized them by inserting himself into the picture frame As Walter Hopps wrote The use of photography has long been an essential device for Rauschenberg's melding of imagery and a vital means for Rauschenberg's aesthetic investigations of how humans perceive select and combine visual information

Without photography much of Rauschenberg's oeuvre would scarcely exist. The artist himself affirmed, 'I've never stopped being a photographer.' This volume gathers and surveys for the first time Rauschenberg's numerous uses of photography. This publication includes portraits of friends such as Cy Twombly, Jasper Johns, Merce Cunningham, and John Cage; studio shots; photographs used in the Combines and Silkscreen paintings; photographs of lost artworks and works in process. This allows us to re-imagine almost the entirety of the artist's output in light of his always inventive uses of photography while also supplying previously unseen glimpses into his social milieu of the 1950s and early 60s.

Painter, sculptor, printmaker, and photographer Robert Rauschenberg (1925–2008) provided a crucial bridge between Abstract Expressionism and Pop art. After studying at Black Mountain College under Josef Albers, Rauschenberg moved to New York where he formed close allegiances with Jasper Johns and Cy Twombly. He began his groundbreaking Combines, collaborated with the Merce Cunningham Dance Company, and co-launched the non-profit Experiments in Art and Technology. Considered one of the most innovative artists of his era, he died in 2008.

Robert Rauschenberg, 1964. *The Great Migrator*, Hiroko Ikegami, Robert Rauschenberg, 2010.

Unlike other writers who have viewed the export of American art during the 1950s and 1960s as another form of Cold War propagandizing and famous American artists as cultural imperialists, Ikegami sees the global rise of American art as a cross-cultural phenomenon in which each art community Rauschenberg visited was searching in different ways for cultural and artistic identity in the midst of Americanization. Rauschenberg's travels and collaborations established a new kind of transnational network for the postwar art world, prefiguring the globalization of art before the era of globalization.

Art and the Home Imogen Racz, 2015-01-26. Our homes contain us but they are also within us. They can represent places to be ourselves, to recollect childhood memories, or to withdraw into adult spaces of intimacy; they can be sites for developing rituals, family relationships, and acting out cultural expectations. Like the personal, social, and cultural elements out of which they are constructed, homes can be not only comforting but threatening too. The home is a rich theme running through post-war western art, and it continues to engage contemporary artists today, yet it has been the subject of relatively little critical writing.

Art and the Home: Comfort, Alienation, and the Everyday is the first single-authored up-to-date book on the subject. Imogen Racz provides a theme-led discussion about how the physical experience of the dwelling space and the psychological complexities of the domestic are manifested in art, focusing mainly on sculpture, installation, and object-based practice, discussing the work and ideas of artists as diverse as Louise Bourgeois, Gordon Matta-Clark, George Segal, and Cornelia Parker within their artistic and cultural contexts.

Art and Design in 1960s New York Amanda Gluibizzi, 2021-02-26. *Art and Design in 1960s New York* explores the mutual influence between fine art and graphic design in New York City during the long decade of the 1960s. Beginning with advertising's creative revolution and its relationship to pop artists, the book traces design and art's developing interest in responses to civic problems such as the proliferation of billboards, navigation through the city's streets and subways, and issues of deteriorating infrastructure. The strategies exploited by these artists and

designers resulted in similar approaches to visual imagery and shared techniques for thinking about and responding to the city in which they lived **Robert Rauschenberg: Paintings 1953-1964** Walker Art Center, 1965
