Society's Papers Browning Society (London, England), 1890 "The" Browning Society's Papers, 1881 Browning Roy E. Gridley, 2016-04-28 First published in 1972 Browning was a keen observer and dramatic recorder of nineteenth century European culture his poetry reflects a wide range of intellectual religious and artistic issues of his day Roy E Gridley shows here that during the six decades of Browning's active writing career 1832-89 his poetry is a record and an interpretation of the changing modes of thought feeling and expression of nineteenth century life Browning was a romantic who by virtue of his realistic and often revolutionary poetry became a modern and had considerable influence on writers such as Yeats Eliot and Pound While surveying the whole of Browning's life and work Gridley focuses closely on the more famous poems examining them as documents that give the general reader a deeper appreciation of the richness and diversity of life in Victorian Europe *A Companion to Victorian Poetry* Ciaran Cronin, 2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety

of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter Browning, Victorian Poetics and the Romantic Legacy Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference **The Cambridge Companion to Victorian Poetry** Joseph Bristow, 2000-10-26 This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s It introduces readers to a range of topics including historicism patriotism prosody and religious belief The thirteen specially commissioned chapters offer insights into the works of well known figures such as Matthew Arnold Robert Browning and Alfred Tennyson and the writings of women poets like Michael Field Amy Levy and Augusta Webster whose contribution to Victorian culture has in more recent years been acknowledged by modern scholars Revealing the breadth of the Victorians' experiments with poetic form this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day The volume which will be of interest to scholars and students alike features a detailed chronology of the Victorian period and a comprehensive guide to further reading **Encyclopedia of Literature and Criticism** Martin Coyle, Peter Garside, Malcolm Kelsall, John Peck, 2002-09-11 Contains essays by approximately ninety scholars and critics in which they investigate various aspects of English literary eras genres and works and includes bibliographies and suggestions for further reading Royal Representations Margaret Homans, 2015-03-10 Queen Victoria was one of the most complex

cultural productions of her age In *Royal Representations* Margaret Homans investigates the meanings Victoria held for her times Victoria s own contributions to Victorian writing and art and the cultural mechanisms through which her influence was felt Arguing that being seeming and appearing were crucial to Victoria s rule Homans explores the variability of Victoria s agency and of its representations using a wide array of literary historical and visual sources Along the way she shows how Victoria provided a deeply equivocal model for women s powers in and out of marriage how Victoria s dramatic public withdrawal after Albert s death helped to ease the monarchy s transition to an entirely symbolic role and how Victoria s literary self representations influenced debates over political self representation Homans considers versions of Victoria in the work of Elizabeth Barrett Browning George Eliot John Ruskin Margaret Oliphant Lewis Carroll Alfred Lord Tennyson and Julia Margaret Cameron
