 National Library of Australia, 1910      Burnsiana: A collection of literary odds and ends relating to Robert Burns compiled by  
John Dawson Ross John Dawson Ross, 1892      British Poets and Secret Societies (Routledge Revivals) Marie  
 Mulvey-Roberts, 2014-08-01 A surprisingly large number of English poets have either belonged to a secret society or been  
 strongly influenced by its tenets One of the best known examples is Christopher Smart's membership of the Freemasons and  
 the resulting influence of Masonic doctrines on A Song to David However many other poets have belonged to or been  
 influenced by not only the Freemasons but the Rosicrucians Gormogons and Hell Fire Clubs First published in 1986 this  
 study concentrates on five major examples Smart Burns William Blake William Butler Yeats and Rudyard Kipling as well as a  
 number of other poets Marie Roberts questions why so many poets have been powerfully attracted to the secret societies and  
 considers the effectiveness of poetry as a medium for conveying secret emblems and ritual She shows how some poets  
 believed that poetry would prove a hidden symbolic language in which to reveal great truths The beliefs of these poets are as  
 diverse as their practice and this book sheds fascinating light on several major writers      *Mendelssohn Essays* R. Larry  
 Todd, 2013-10-28 When R. Larry Todd's biography Mendelssohn A Life in Music appeared in 2003 it won acclaim from several  
 critics as a definitive biography In researching Mendelssohn's life over the last two and a half decades Todd uncovered much  
 new information about the composer and his music his family and his peers and his complex reception history Now as we  
 approach the 2009 bicentenary of Mendelssohn's birth the author has chosen and compiled fifteen essays written between  
 1980 and 2005 including five previously unpublished that examine several aspects of the composer whom Goethe and Heine  
 likened to a second Mozart Mendelssohn Essays explores Mendelssohn's precocity his musical impressions of British culture

the role of the visual in his music his compositional response to Bach's St Matthew Passion and incomplete drafts from his musical estate of three instrumental works In addition a group of three essays focuses on the music of Mendelssohn's sister Fanny Hensel perhaps the most gifted woman composer of the century and a significant complex figure in the formation of the Mendelssohnian style Eighteenth-Century Women Poets Moira Ferguson, 1995-01-01 This book shows how eighteenth century women's literature redefined nation and culture in class and gendered terms The Literary History of England Donald F. **William Wye Smith** Scott A. McLean, Michael E. Vance, 2008-11-10 Many writers of the late nineteenth and early

twentieth centuries emphasized the virtues of early rural pioneers and life on the land as a general criticism of what they perceived to be the negative alienating influence of Ontario's rapid urban and industrial expansion. Such work often highlighted the difficulties the recent emigrant faced: the clearing of forest and the breaking of new ground, the isolation and long Canadian winters; however, they in turn celebrated the progress demonstrated in the pioneer's domination over nature, the establishment of thriving communities and the extension of transportation networks. William Wye Smith, a popular nineteenth-century Upper Canadian poet, was no exception. Smith prepared his *Canadian Reminiscences*, a hand-written compilation of anecdotes collected during his lifetime that relate to his experience as journalist, clergyman, and son of Scottish settlers, to provide his own unique perspective of pioneer life. This fully annotated version of Smith's unpublished manuscript highlights Smith's unwitting testimony to the social life of the province, his relationship to the construction and maintenance of Scottish and Canadian identity, as well as his position in literary history.
