A Native Heritage Leslie Monkman, 1981-12-15 Disparity and division in religion technology and ideology have characterized relations between English Canadian and Indian cultures through out Canada's history From the earliest declaration of white territorial ownership to the current debate on aboriginal rights red man and white man have had opposing principles and perspectives The most common solutions imposed on these conflicts by white men have relegated the Indian to the fringes of white society and consciousness This survey of English Canadian literature is the first comprehensive examination of a tradition in which white writers turn to the Indian and his culture for standards and models by which they can measure their own values and goals for patterns of cultural destruction transformation and survival and for sources of native heroes and indigenous myths Leslie Monkman examines images of the Indian as they appear in works ranging from Robert Rogers *Ponteach or The Savages of America* 1766 to Robertson Davies *Pontiac and the Green Man* 1977 demonstrating how English Canadian writers have illuminated their own world through reference to Indian culture The Indian has been seen as an antagonist as a superior alternative as a member of a vanishing and lamented race and as a hero and the source of the new myths Although white Indian tension often lies in apparently irreconcilable opposites Monkman finds in the literature surveyed complementary images reflecting a common humanity This is an important

contribution to a hitherto unexplored area of Canadian literature in English which should give rise to further elaboration of this major theme Toronto Trailblazers Ruth Panofsky, 2019-08-22 Toronto Trailblazers explores the influence of seven key women who despite pervasive gender bias helped advance a modern literary culture for Canada Publisher Irene Clarke scholarly editors Eleanor Harman and Frances Halpenny trade editors Sybil Hutchinson Claire Pratt and Anna Porter and literary agent Bella Pomer made the most of their vocational prospects first by securing their respective positions and then by refining their professional methods Individually each woman asserted her agency by adapting orthodox ways of working within Canadian publishing Collectively their overarching approach emerged as a feminist practice Through their vision and method these trailblazing women disrupted the dominant masculine paradigm and helped transform publishing practice in Canada
