Bestselling author shows readers that with God as their source of comfort strength and hope they can weather the storms of life *Looking for Life* John G. Lewis,2005-04-30 Through exegetical studies of 1 Corinthians and Galatians John Lewis shows how Paul synthesises theology and ethics which interpreters frequently separate as integrated aspects of Christian thinking and living This fusion becomes evident in Paul s complex process of theological moral reasoning that lies beneath the surface of his letters for which we have coined the phrase theo ethical reasoning The book also examines how Paul encourages his churches to apply this theo ethical reasoning in the community practice of spiritual discernment a dialogical comparative process of reasoned reflection on behaviour and experience Through this practice of looking for life community members are led by the Spirit as they reason together attempting to associate the manifestations of new life with conduct that faithfully portrays Christ s self giving pattern This correlation of conduct with experience grounds Paul s own proclamation of Jesus Christ in word and deed It also becomes the foundation for believers faith and hope as they come to know Christ and experience the power of God Thus the book concludes that the practice of spiritual discernment by means of theo ethical reasoning lies at the centre of Paul s religion **Change Your Looks, Change Your Life** Dr. Michelle
