Los Nuevos Signos Del Zodiaco

Louise Huber, Bruno Huber

Los Nuevos Signos Del Zodiaco:

Los signos del zodiaco: reflexiones y meditaciones Louise Huber, Bruno Huber, 2002-12-12 En este libro la autora expone de una manera nueva la relación entre los doce signos zodiacales y el camino de desarrollo espiritual del ser humano. Describe detalladamente los efectos psicológicos, las pruebas y las crisis de transformación de cada signo. Además ofrece una nueva perspectiva para sintonizar individualmente con las cualidades de los signos zodiacales, propone una meditación para cada mes a realizar durante los días de luna llena que permite conectar con la cualidad del signo donde se encuentra el Sol. De esta manera cualquiera puede experimentar las cualidades de los signos zodiacales en sí mismo y aprovecharlas para su propio crecimiento personal y espiritual. Durante los días de luna llena todos podemos participar de manera consciente en una transmisión global de energía. los nuevos signos del zodiaco Susan Miller, 2001 As one of America's most prominent astrologer Miller uses tales from Greek and Roman mythology in order to introduce us to the twelve signs of the zodiac.

Valkirie Gabriel GARIBAY, 2014-06-20 VALKIRIE narra la historia de México durante los últimos dos sexenios dominados por la cruenta guerra contra los carteles del narcotráfico y sus conexiones con importantes políticos, empresarios y corporaciones globales. Vivian camina dentro de una nube púrpura luego de la destrucción de México entre muertos que no saben que lo están. Es una novela compuesta en capítulos que representan cabezas degolladas, manos mochadas, corazones arrancados. Como dice ella, me lo dictaron las voces de los desaparecidos que por ahí están. Y es la reacción de las mujeres que cuando se les mete algo en la cabeza, nadie las puede parar. VALKIRIE es un oscuro viaje, un trance con una mirada profunda, sería pero también mágica en otra dimensión en donde se planea el asesinato de un presidente o dos. VALKIRIE tells the story of contemporary Mexico's history specially through the last twelve years dominated by an erratic and strange drug war against the cartels and its connections with important politicians, business men and global corporations. Vivian walks inside a purple cloud after Mexico ceased to exist walking among Mexicans who don't know they are already dead. It's a novel composed in chapters that represent heads, hands, legs and hearts dismembered. VALKIRIE may be a fiction but it's well documented in reality. As Vivian, one of its characters says, it's written by the voices unheard by the lost ones, the disappeared, the testimony of the dead that still walk around us. VALKIRIE is a trip, a trance, a dark tour de force inside the mind of a girl induced by a new and powerful illegal drug in a plot that has to do with the attempt to kill the president or two.
