Los Primeros Pasos La Revolucion Popular Sandinista:

Los primeros pasos Tomás Borge, 1988 Fundador del Frente Sandinista Tomás Borge vivió diecinueve años en la clandestinidad y pronunció su primer discurso el día de la victoria Reunidos en este volumen los discursos de Borge son un diálogo vivo con su pueblo durante el cual se desarrollan de manera sencilla y educativa los temas más complejos del proceso revolucionario nicaragüense Los primeros Pasos, 2003 **Los primeros pasos**, 1985 Intellectual Foundations of the Nicaraguan Revolution Donald C. Hodges, 2014-02-04 In this critical study of the thought of Augusto Cesar Sandino and his followers Donald C Hodges has discovered a coherent ideological thread and political program which he succeeds in tracing to Mexican and Spanish sources Sandino's strong religious inclination in combination with his anarchosyndicalist political ideology established him as a religious seer and moral reformer as well as a political thinker and is the prototype of the curious blend of Marxism and Christianity of the late twentieth century Nicaraguan government the Frente Sandinista de Liberación Nacional *The Murals of Revolutionary Nicaragua, 1979-1992* David Kunzle, 1995-11-30 Kunzle outlines the historical conditions in Nicaragua that gave rise to the Revolution and to the murals from the era of Sandino and the Somozas to the Sandinistas and the subsequent U S supported contra war He chronicles the politically vindictive destruction of many of the best murals and the rise and fall of Managua's Mural School a unique institution in the world Kunzle also refers to other Nicaraguan public media such as billboards and graffiti the great mural precedent in Mexico and the attempts at socialist art in revolutionary Cuba and Chile Memoria y escrituras de Nicaragua. Cultura y discurso testimonial en la Revolución Sandinista. Gema D. Palazón, 2010 El estudio de la institucionalización de la crítica testimonial por un lado y del proyecto cultural sandinista por otro permite configurar el papel del testimonio en Nicaragua en los últimos años Tanto la crítica literaria como la política cultural sandinista delimitaron de forma muy concreta las posibilidades y el sentido que la escritura testimonial podía tener en el contexto revolucionario Pero cómo se inscribe cada voz particular en ambas tradiciones Este trabajo trata de establecer las coordenadas precisas en que el discurso testimonial se convirtió en epicentro de la actividad intelectual sobre Centroamérica y la apropiación que la revolución sandinista hizo del mismo En esos dos espacios se juega la construcción de las posibilidades del relato testimonial y su repercusión como discurso asociado al devenir revolucionario El hecho de que las voces disidentes con el proyecto sandinista hayan optado también por defender sus propuestas en esa modalidad discursiva sólo se explica a partir de su valor e importancia en el imaginario social de Nicaragua A medio camino entre la investigación y la reflexión Gema D Palazón revela con brevedad la conversión del testimonio en un espacio privilegiado para la construcción de la memoria histórica en tiempos de globalización y las implicaciones que ha tenido y sigue conservando en el panorama nicaragüense actual Un trabajo remarcablemente conducido y documentado apasionante tanto en el plan histórico como literario **Nicaragua and the Politics of Utopia** Daniel Chavez, 2015-12-08 The history of modern Nicaragua is populated with leaders promising a new and better day Inevitably as Nicaragua and the

Politics of Utopia demonstrates reality casts a shadow and the community must look to the next leader As an impoverished state second only to Haiti in the Americas Nicaragua has been the scene of cyclical attempts and failures at modern development Author Daniel Chavez investigates the cultural and ideological bases of what he identifies as the three decisive movements of social reinvention in Nicaragua the regimes of the Somoza family of much of the early to mid twentieth century the governments of the Sandinista party and the present day struggle to adapt to the global market economy For each era Chavez reveals the ways Nicaraguan popular culture adapted and interpreted the new political order shaping critiquing or amplifying the regime s message of stability and prosperity for the people These tactics of interpretation otherwise known as meaning making became all important for the Nicaraguan people as they opposed the autocracy of Somocismo or complemented the Sandinistas or struggled to find their place in the Neoliberal era In every case Chavez shows the reflective nature of cultural production and its pursuit of utopian idealism

Making Sense of the Americas Jan Hansen, Christian Helm, Frank Reichherzer, 2015-11-12 From anti Reagan riots in West Berlin to pictures of revolutionary Nicaragua it is often impossible to grasp social protest movements of the 1980s without referring to how they imagined the Americas This edited volume is aimed at historicizing the representations of the United States and of Latin America among Western European protesters around that decade By researching dominant interpretation patterns practices and symbols within these movements this book offers a fresh and compelling look at protest in the second half of the 20th century Page 4 of cover

Soviet Relations with Latin America, 1959-1987 Nicola Miller, 1989-09-14 This book was first published in 1989 The Soviet presence and purposes in Latin America are a matter of great controversy yet no serious study was hitherto combined with a regional perspective concentrating on the nature and regional impact of Soviet activity on the ground and diplomatic analysis examining the strategic and ideological factors that influence Soviet foreign policy Nicola Miller s lucid and accessible survey of Soviet Latin American relations over the past quarter century demonstrates clearly that existing heavily geo political accounts distort the real nature of Soviet activity in the area closely constrained by local political social and geographical factors In a broadly chronological series of case studies Dr Miller argues that American counter influence apart enormous physical and communicational barriers obstruct Soviet Latin American relations and that the lack of economic complementarity imposes a natural obstacle to trading growth even Cuba often cited as proof of Soviet designs upon the area is only an apparent exception
