Los Relatos 2 Juegos:

Los relatos Julio Cortázar, 1999 Esta recopilación de LOS RELATOS de Cortázar en cuatro volúmenes ordenada por el propio escritor poco antes de su fallecimiento sigue criterios de afinidad independientes del orden temporal de su aparición. Los títulos de los volúmenes apuntan oblicua y a veces ironicamente hacia las líneas de fuerza que organizan esos textos en una nueva estructura significativa.

The Space of Disappearance Karen Elizabeth Bishop, 2020-01-01 More than thirty thousand people were forcibly disappeared during the military dictatorship that governed Argentina from 1976 to 1983 leaving behind a cultural landscape fractured by absence denial impunity and gaps in knowledge This book is about how these absences assume narrative form in late twentieth century Argentine fiction and the formal strategies and structures authors have crafted to respond to the country's use of systematic disappearance as a mechanism of state terror In incisive close readings of texts by Rodolfo Walsh Julio Cortázar and Tomás Eloy Martínez Karen Elizabeth Bishop explores how techniques of dissimulation doubling displacement suspension and embodiment come to serve both epistemological and ethical functions grounding new forms of historical knowledge and a new narrative commons whose work continues into the twenty-first century Their writing Bishop argues recalibrates our understanding of the rich and increasingly urgent reciprocities between fiction history and the demands of human rights In the end *The Space of Disappearance* asks us to reexamine in fiction what we think we cannot see there at the limits of the literary disappearance appears as a vital agent of resistance storytelling and world building
