Muhammad Ali, the People's Champ Elliott J. Gorn, 1995 Recently recognized by Sports Illustrated as still the best known athlete in the world Muhammad Ali has played a fascinating role in American culture with an influence that has reached far beyond sports. In addition to Ali the boxer there are Ali the Black Muslim Ali the cultural icon Ali the anti war protestor Ali the telecelebrity Ali the narcissist and more. And it is these various incarnations Ali as a window onto his time our time that build upon each other in this book to give us a vivid portrait of one of the greatest protagonists in the ring of public history. As the first book by scholars on the significance of his life and times Muhammad Ali the People's Champ is a fresh reassessment of the place of a giant sports idol and the role he has played in American history. Ali both shaped and reflected the times in which he lived. He touched the lives of people in a way unprecedented by almost any sports figure before or since. The contributors conclude that we can have no full understanding of our era without him. A volume in the series Sport and Society edited by Benjamin G. Rader and Randy Roberts.

The Urban Geography of Boxing Benita Heiskanen, 2012-05-31 This book is an interdisciplinary cultural examination of twenty first century boxing as a professional sport a bodily labor a lucrative business a popular entertainment and an instrument of ideology. The various parties have multiple stakes in the sport. For some boxing is about physical empowerment others are in it for the money some deploy it for ideological purposes yet others use it to claim their 15 minutes of fame and frequently the various interests overlap. In this book Benita Heiskanen makes a broader connection between boxing and the spatial organization of racialized class based and gendered bodies within particular urban geographies. Journeying actual sites where the sport is organized such as the barrio boxing gym and competition venues she maps the ways in which boxing insiders negotiate a variety of conflicting agendas at local regional and national scales. Beyond the United States the worker athletes conduct their labor within global socioeconomic conditions business networks and legal principles. Through this sporting context Heiskanen's discussion discloses some complex socio historical cultural and political power relations between urban margins and centers with ramifications far beyond boxing. What Makes Sammy Run? Budd Schulberg, 2011-05-25 *What Makes Sammy Run* Everyone of us knows someone who runs He is one of the symptoms of our times from the little man who shoves you out of the way on the street to the go getter who shoves you out of a job in the office to the Fuehrer who shoves you out of the world And all of us have stopped to wonder at some time or another what it is that makes these people tick What makes them run This is the question Schulberg has asked himself and the answer is the first novel written with the indignation that only a young writer with talent and ideals could concentrate into a manuscript It is the story of Sammy Glick the man with a positive genius for being a heel who runs through New York's East Side through newspaper ranks and finally through Hollywood leaving in his wake the wrecked careers of his associates for this is his tragedy and his chief characteristic his congenital incapacity for friendship An older and more experienced novelist might have tempered his story and in so doing destroyed one of its outstanding qualities Compromise would mar the portrait of Sammy Glick Schulberg has etched it in pure vitriol and

dissected his victim with a precision that is almost frightening When a fragment of this book appeared as a short story in a national magazine Schulberg was surprised at the number of letters he received from people convinced they knew Sammy Glick's real name But speculation as to his real identity would be utterly fruitless for Sammy is a composite picture of a loud and spectacular minority bitterly resented by the many decent and sincere artists who are trying honestly to realize the measureless potentialities of motion pictures To this group belongs Schulberg himself who has not only worked as a screen writer since his graduation from Dartmouth College in 1936 but has spent his life literally in the heart of the motion picture colony In the course of finding out what makes Sammy run an operation in which the reader is spared none of the grue some details Schulberg has poured out everything he has felt about that place The result is a book which the publishers not only believe to be the most honest ever written about Hollywood but a penetrating study of one kind of twentieth century success that is peculiar to no single race of people or walk of life *Love, Action, Laughter and Other Sad Tales* Budd

Schulberg, 2012-06-13 Including stories from Schulberg's early work at Dartmouth in the 30s to his more recent pieces here is a haunting collection of short stories that largely deal with two of Schulberg's best known themes underdogs and Hollywood Joe Louis Randy Roberts, 2019-06-18 A humbling inspiring deeply emotional biography of the boxing legend who held the heavyweight world championship for more than eleven years Kirkus Reviews starred review Known as the Brown Bomber Joe Louis defended his heavyweight title an astonishing twenty five times Through the 1930s he got more column inches of newspaper coverage than President Roosevelt At a time when the boxing ring was the only venue where black and white could meet on equal terms Louis embodied Black America's hope for dignity and equality And in 1938 his politically charged defeat of German boxer Max Schmeling made Louis a national hero on the world stage Through meticulous research and first hand interviews acclaimed biographer Randy Roberts presents a complete portrait of Louis and his outsized impact on sport and country Digging beneath the simplistic narratives of heroism and victimization Roberts reveals an athlete who carefully managed his public image and whose relationships with both the black and white communities including his relationships with mobsters were deeply complex Roberts is a fine match with his subject He supports with powerful evidence his contention that Louis's impact was enormous and profound *The Boston Globe* *The Pussycat of Prizefighting* Andrew M. Kaye, 2007-04-01 In 1926 Atlanta's Theodore Tiger Flowers became the first African American boxer to win the world middleweight title The next year he was dead More than an account of Flowers's remarkable achievements the book is a penetrating analysis of the cultural and historical currents that defined the terms of Flowers's success Through the prism of prizefighting the author reveals the personal cost African Americans faced as they attempted to earn black respect while escaping white hostility **Encyclopedia of American Literature** Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Bruccoli George Parker Anderson Judith S **Budd Schulberg** Nicholas Beck, 2001 This is the first overview of Schulberg's career 1937 2000 his own

Motion picture images have influenced the American mind since the earliest days of film and many thoughtful people are becoming ever more concerned about that influence as about the pervasive influence of television In eras of economic instability and international conflict the film industry has not hesitated to use motion pictures for definite propaganda purposes During less troubled times the American citizen s ability to deal with political and social issues has been enhanced or thwarted by images absorbed in the nation s theatres *Hollywood As Historian* tracks the interaction of Americans with important motion picture productions Considered are such topics as racial and sexual stereotyping censorship of films comedy as a tool for social criticism the influence of great men and their screen images and the use of film to interpret history Opportunities for future study are suggested for those who wish to conduct their own examinations of American film in a cultural context *Hollywood As Historian* benefits from a variety of approaches Literary and historical influences are carefully related to *The Birth of a Nation* 1915 and *Apocalypse Now* 1979 two highly tendentious epics of war and cultural change How political beliefs of filmmakers affected cinematic styles is illuminated in a short survey of documentary films made during the Great Depression Historical distance has helped analysts to decode messages unintended by filmmakers in the study of *The Snake Pit* 1948 and *Dr Strangelove* 1964 While pluralism of approach has been encouraged balance has also been a goal a concern for institutional and thematic considerations never obscures matters of film aesthetics In twelve chapters dealing with more than sixteen films *Hollywood As Historian* offers a versatile text for classes in popular culture American studies film history or film as history The visual awareness promoted by this text has immediate application in that students can begin to consider the impact of motion pictures and television on their own lives The films considered *The Birth of a Nation* 1915 *The Plow that Broke the Plains* 1936 *The River* 1937 *March of Time* 1935 1953 *City Lights* 1931 *Modern Times* 1936 *The Great Dictator* 1940 *The Grapes of Wrath* 1940 *Native Land* 1942 *Wilson* 1944 *The Negro Soldier* 1944 *The Snake Pit* 1948 *On the Waterfront* 1954 *Dr Strangelove* 1964 *Who s Afraid of Virginia Woolf* 1966 and *Apocalypse Now* 1979
