The Lost Country, Episode One: "The Big Empty" Wayne Kyle Spitzer, 2020-12-17 First came the time storm which erased half the population Then came the dinosaur apocalypse Welcome to the world of the Flashback a world in which man s cities have become overgrown jungles and extinct animals wander the ruins You can survive here if you re lucky and if you re not in the wrong place at the wrong time which is everywhere and all the time But what you ll never do is remain the same for this is a world whose very purpose is to challenge you for better or for worse In short it is a world where anything can and will happen So take a deep dive into these loosely connected tales of the Dinosaur Apocalypse each of which can be read individually or as a part of the greater saga tales of wonder and terror death and survival blood and beauty Do it today before the apocalypse comes Jesus Just Jesus said Amelia staring at the decomposing body How long do you think it s been here I examined it where it was sprawled on the back porch facing the ocean its skin blackened and clinging to the bones like it had been vacuum sealed its wispy hair fluttering Hard to say Few weeks Maybe a month I batted away the flies Long enough for the organs to liquify How how do you know I studied the holes in its head a smaller one which was about the size of a dime and a larger more cavernous one the exit wound Because otherwise there d be brains all over I stepped over it and picked up the gun checked its chamber There s still bullets in it She stared at me tentatively as I closed the chamber and gripped the weapon in both hands neither of us saying anything At last I nodded to the back door the screen of which banged back and forth in the wind and tried to brace myself You ready She shook her head Let s go I said And then she was holding the screen as I inched forward and gripped the knob turning it slowly carefully easing the door open Stepping into a room which was dark as pitch which reeked of cat piss and despair

The Lost Country, Episode Three: "The Primeval World" Wayne Kyle Spitzer, 2021-02-12 First came the time storm which erased half the population Then came the Dinosaur Apocalypse How did it all begin Well that depends on where you were and who you ask In some places it started with the weather which quickly became unstable and began behaving in impossible ways In still others it started with the lights in the sky which shifted and pulsed and could not be explained Elsewhere it started with the disappearances one here a few there but increasing in occurrence until fully three quarters of the population had vanished Either way there is one thing on which everyone agrees it didn t take long for the prehistoric flora and fauna to start showing up often appearing right where someone was standing in which case the two were fused spliced amalgamated It didn t take long for the great Time displacement called the

Flashback which was brief but had aftershocks like an earthquake to change the face of the earth Nor for the stories some long and others short some from before the maelstrom and resulting societal collapse and others after to be recorded Welcome to the Lost Country From The Primeval World I stood abruptly and raised the back of my hand but was restrained by Linda who had inserted herself between us That s enough Please Chris Enough She s not going to tell us She backed me away from the girl But I have an idea if you want to hear it I yanked away from her and began pacing furious at the stranger but really angry with myself for losing my cool in front of my crush whom I d liked since the moment we d met at the Coke machine in the Community Room about a month before the Flashback And for sending them Penny and Fred to the food mart in the first place ostensibly to save time but really just so I could be with Linda I I m sorry Jesus It s just that She came to me and put a finger to my lips Shhh Forget it All right I tried to look away but she forced me to look at her All right Listen We know which direction they went So why don t we just take Valerie here and go looking for them She turned to face the young woman She ll point us in the right direction won t you Little Miss Sunshine She glared at her menacingly If she ever wants to see home again And she was right of course I knew it and the girl knew it And so I reconfigured her bonds so she could travel and we doused ourselves in rex urine including Valerie for who knew how far we d have to go or how long we d be exposed to potential predators and we headed out walking up South Union Avenue toward the capitol even as Compies watched from the undergrowth and I thought I saw a face simian yet strangely human animal and yet somehow not peeking at us briefly from between two fronds Staring at us passively almost meditatively like a great ape behind glass or a manatee through green hazy water
