NECIA DESIREE HARKLESS

Lost Land Emerging:

Expanding Empires Wendy F. Kasinec, Michael A. Polushin, 2002 This new volume examines the processes of cultural exchange as they occurred in empire building looking at Early Mesopotamia Africa Greece Japan India the Arab world and empires in other parts of the globe The articles draw upon a variety of disciplines from the social sciences and the humanities a feature not often found in other readers Unlike other books on world civilizations this text strives to develop a consistent theme as it focuses on the manner in which imperial authority and cultural interaction worked through different bureaucracies in various empires The articles also help students understand the cross cultural interactions and historical events that have laid the foundation for our modern global society This book also contains useful maps and supplements consisting of images to assist students in visualizing and understanding the textual material This new text is ideal for courses in world history prior to 1650

Nubian Pharaohs and Meroitic Kings NECIA DESIREE HARKLESS, 2006-08-30 NUBIAN PHARAOHS AND MEROITIC KINGS THE KINGDOM OF KUSH Necia Desiree Harkless has completed her odyssey of 24 years initiated by a poem that emerged in the odd moments of early morning and her studies as a Donovan Scholar at the University of Kentucky with Dr William Y Adams the leading Nubiologist of the world The awesome result is her attempt to map the cultural social political history of Nubia as a single people as actors on the world stage as they act out their destinies in the cradle of civilization The underlying purpose of her book is to reconstruct the collective efforts of the past and present Nubian campaigns and their collaborative scholarship so that the African American as well as all Americans can begin to understand the contributions of the civilization of Africa and Asia as a continuous historical entity The history of the Kingdom of Kush begins with its earliest kingdom of Kerma in 2500 BC It continues with the conquest of Egypt by the Nubian Pharaohs in 750 BC reluctantly recognized as the Twenty fifth Dynasty of Egyptian Pharaohs They ruled as black pharaohs from their Kingdom at Napatan until they were forced one hundred years later to retreat to Napata by the Assyrians who assumed control of the Egyptians It was at Meroe the last empire of the Kush that forty generations of Meroitic kings and queens continued the Kingdom of Kush reaching monumental and dynastic heights Their symbiotic relationship with Egypt was over allowing them to develop their own indigenous culture with a language and script of their own Their architecture arts politics material and spiritual culture in the minds of many scholars surpassed that of Egypt Over two hundred pyramids have been investigated It is an epic that will be long remembered The dawn of Christianity in the Kingdom of Kush has been found in the treasure cove of the Frescoes of Faras

Displacement and Refugee Issues in South Asia Bulbul Siddiqi, 2024-09-13 The number of forcibly displaced people globally has been on the rise in recent years The refugee crises in the Middle East Africa Europe and South and East Asia are the most notable Due to such crises the refugee population has been a key challenge for humanity It has also put a strain on many refugee hosting countries as most of the displaced populations are hosted in low and middle income countries rather than wealthier countries Force displacement creates

challenges for the refugees and the host societies Displacement and Refugee Issues in South Asia Uncovering the Contested Realities brings out the cases of forcibly displacement from five South Asian countries Rohingya in Bangladesh India and Nepal Tamils in Sri Lanka and the Afghan refugees in Afghanistan and Europe Bulbul Siddiqi and contributors reveal that the refugee population in various South Asian countries have been living with vulnerabilities and uncertainty due to ineffective repatriation and the lack of dignified living conditions in host countries It requires urgent support and initiatives from global and regional powers and international humanitarian organizations to ensure that the dignified lives of these vulnerable populations in different countries **The New Latino Studies Reader** Ramon A. Gutierrez,Tomas Almaguer,2016-08-23

The New Latino Studies Reader is designed as a contemporary updated multifaceted collection of writings that bring to force the exciting necessary scholarship of the last decades Its aim is to introduce a new generation of students to a wide ranging set of essays that helps them gain a truer understanding of what it s like to be a Latino in the United States With the reader students explore the sociohistorical formation of Latinos as a distinct panethnic group in the United States delving into issues of class formation social stratification racial gender and sexual identities and politics and cultural production And while other readers now in print may discuss Mexican Americans Puerto Ricans Cubans and Central Americans as distinct groups with unique experiences this text explores both the commonalities and the differences that structure the experiences of Latino Americans Timely thorough and thought provoking The New Latino Studies Reader provides a genuine view of the Latino experience as a whole Water Management in New Zealand's Canterbury Region Bryan R. Jenkins,2018-01-06 The book is

designed to achieve two major purposes The first is to describe the developments in water management policy in the Canterbury Region of New Zealand The strategic approach the collaborative engagement and the nested adaptive systems approach represent a paradigm shift in water management in New Zealand The second is to delineate the sustainability framework that underpins the Canterbury approach The framework is based on the concept of developing sustainability strategies to address critical failure pathways While the focus of the book is on Canterbury comparative applications of the framework to issues in other parts of New Zealand and international issues are proposed The book can be used in at least two ways The first is the application of a sustainability framework to the management of water in Canterbury region The second is the exposition of a sustainability framework that can be applied to the management of water in a region with the application to Canterbury as an illustrative case study **Catalog of Copyright Entries.
