African aspect of Haggard's life is explored in hitherto unrecorded detail. The success of *King Solomon's Mines* saw him relinquish a legal career to write full time; he also became a respected agricultural expert and social commentator receiving a knighthood for his public service. Haggard wrote over seventy books, fiction and non-fiction. His African adventure stories feature strong black characters and the majority of his novels assertive female ones, not least *She*. Haggard's unwitting expression of the Victorian sub-conscious attracted the interest of both Freud and Jung. Haunted by a lost love, the tragic death of his only son and frequent bouts of depression, he endlessly probed the conundrums of life and death. Containing much new material, this biography explores Haggard's personal and public life to resurrect the writer whom Graham Greene, an admirer, called the buried man.
